# ANNUAL REPORT OF THE AUDITOR GENERAL

UNDER

## THE CONSOLIDATED REVENUE AND AUDIT ACT

I have the honour to submit my report for the fiscal year ended March 31, 1926, in accordance with the requirements of the Consolidated Revenue and Audit Act.

### CONSOLIDATED FUND

#### REVENUE

As shown in the Summarized Statement of Revenue, page 72, and as further detailed in the Summaries of Revenue and Expenditure of the various Departments, pages 78 to 125, the revenue of the fiscal year ended March 31, 1926, was \$383,020,826.58 being an increase of \$31,488,553.87 over the previous year, the comparative figures being as follow:—

	1925-26	1924-25	Decrease	Increase
Revenue: General and Casual.....	\$372,210,419 81	\$335,502,150 75		\$36,708,269 06
Interest on Investments.....	8,535,085 77	11,332,328 50	\$2,797,242 73	
War and Demobilization Receipts.....	127,817 52	16,880 28		110,937 24
Miscellaneous Receipts (Public Accounts, Schedule No. 38).....	2,147,503 48	4,680,913 18	2,533,409 70	
	383,020,826 58	351,532,272 71		31,488,553 87

The above amount, \$383,020,826.58, agrees with the Revenue as shown on page 5 of the Public Accounts prepared by the Finance Department. It does not include \$6,104,320.80 being that portion of the Post Office revenue which was used to pay salaries and allowances of country postmasters, nor \$19,275,654.21 which, though included in the revenue deposited to the credit of the Receiver General in the first instance, was subsequently refunded as drawbacks of Customs, Excise refunds and similar items chargeable to revenue.

The retention by the Post Office Department of a portion of the revenue and the payments of drawbacks, etc., from revenue, referred to in the preceding paragraph, have been brought to the attention of the House of Commons in previous reports.

Refunds of Capital Expenditure amounting to \$268,841.30, shown at the foot of page 5 of the Public Accounts, are detailed in Volume 2, pages O-67, V-130 and W-76 of this report. They are not included in the aforementioned amount of \$383,020,826.58, the revenue of the year under review, nor are the repayments of advances under Open Accounts which are listed on page 73 of this volume

The total amount credited to Casual Revenue and forming a part of the \$383,020,826.58 was \$3,553,158.74, being an increase of \$566,772.88 over the previous year. A classified statement of Casual Revenue is shown on page 75, the summary of which is as follows:—

Fees, Licenses, Interest, Rentals, Stamps.....	\$1,385,935 29
Proceeds from Sales of Properties, Materials and Supplies, etc.....	703,329 02
Sundry Receipts.....	387,603 32
Refunds of Expenditures.....	1,076,291 11
	<u>3,553,158 74</u>

## EXPENDITURE

Provision was made in the Supply Bills of the year under review for an estimated expenditure of \$248,908,519, being a decrease of \$2,359,332.39 from the fiscal year 1924-25. To this amount must be added the expenditure incurred under the authority of special statutes which was \$175,556,106.21 being an increase of \$1,690,195.09 over the previous year. The total amount voted under Supply, plus expenditure under special statutes, was therefore, \$424,464,625.21 as against \$425,133,762.51 of the fiscal year 1924-25 showing a net decrease of \$669,137.30.

The following is a statement of the expenditure under Grants, chargeable to the Consolidated Fund for the year ended March 31, 1926:—

	Ordinary	Capital	Total
Supply Bills.....	\$227,877,025 33	\$21,031,493 67	\$248,908,519 00
Statutory.....	175,397,069 47	159,036 74	175,556,106 21

Total Consolidated Fund Expenditure.....	353,554,707 50	17,068,729 66	370,623,437 16

The following summary shows the total column of the preceding Statement in comparison with that of the previous year:—

	1925-26	1924-25	Decrease
Total Grants.....	\$424,464,625 21	\$425,133,762 51	\$ 669,137 30

## APPROPRIATION ACCOUNTS

The Appropriation Accounts, transmitted to me for audit, by the various Departments, under Section 51 of the Consolidated Revenue and Audit Act, certified in the form prescribed by Statute, are included in this volume, pages 8 to 71.

As shown by these accounts the amounts by which appropriations have been exceeded total \$1,174,838.50 this being a decrease of \$820,811.29 from the previous year. The grants exceeded are as listed hereunder:—

A Parliamentary appropriation will be necessary to cover this over-expenditure and also an over-expenditure of \$1,995,649.79 of the fiscal year 1924-25.

For the purpose of comparison, the amounts by which appropriations were exceeded during the last three years are given below:—

Explanations of expenditure in excess of grants, sent me by the responsible departmental officers, are appended to the Appropriation Accounts, and also explanations of appropriations unexpended, so far as I have received them. My remarks of last year, regarding these explanations, and the necessity of the departments rendering them to me, still apply.

The actual expenditure for the fiscal year is \$55,016,026.55 less than the estimated expenditure as provided in the Supply Bills, as compared with \$61,886,587.41 for the previous year. The large amount of unused grants is mainly accounted for by unexpended appropriations for the loan to the Canadian National Railways of \$40,000,000 for 1925-26 and \$46,527,000 for 1924-25. I

am of the opinion that I should be in a position to make known to the House of Commons the departments' explanations of these large savings.

To the Appropriation Accounts are appended audit notes regarding items of expenditure to which objections or observations were communicated to the departments concerned and a précis of the correspondence in connection therewith is included in a separate section of this volume.

The Excess of Revenue over Expenditure for 1925-26 as established by the Department of Finance, is shown in the Public Accounts, pages 4 and 5, as \$55,711,045.04, the following reconciliation is therefore necessary to bring the expenditure shown in this report in accord with that shown in the Public Accounts.

Revenue as shown above . . . . .		\$383,020,826.58
Expenditure, as per this report . . . . .	\$370,623,437.16	
Deduct the following items not included in the Expenditure and Revenue Account Statement in the Public Accounts:		
Open Accounts . . . . .	\$23,436,085.40	
Sinking Funds . . . . .	2,808,840.56	
Capital Expenditure . . . . .	17,068,729.66	
	<u>43,313,655.62</u>	<u>327,309,781.54</u>
Excess of Revenue over Expenditure as shown in Public Accounts . . . . .		<u>55,711,045.04</u>

The total amount of Consolidated Fund expenditure of \$370,623,437.16, shown in the above statement, includes \$130,691,493.21, interest on Public Debt and \$45,968,241.20 expenditure resulting from the war, details of which, together with a comparison for the previous year, are shown on page viii of these Introductory Remarks.

#### AUDIT OF REVENUE

The examination and audit of the Revenue has not made the strides that I had planned for this year, for reasons given elsewhere in this report, but nevertheless, much more has been accomplished than in previous years, my chief examiners having devoted considerable time to this part of the work endeavouring also to have proper accounting and uniform methods introduced dealing with receipts and depositing funds, and considerable advance has been made along these lines.

On pages 72 and 73 of this volume will be found a summarized statement of the revenue collected during the year, the Ordinary Revenue, which amounted to \$380,745,505.58, being shown by departments and the Special Revenue which amounted to \$2,275,321 being shown separately. A comparative statement by services of the Ordinary Revenue for the years 1924-25 and 1925-26 will be found on pages 76 and 77. The latter statement shows the increases and decreases by services, with a total increase of \$33,911,026.33 in the ordinary revenue over that of the preceding year.

#### CASUAL REVENUE

Under this heading are included Miscellaneous Receipts which are not recorded in separate accounts in the Dominion Revenue Ledgers. As some of these receipts have increased considerably such as those for patent fees and fees collected by the Department of the Secretary of State and as these receipts

cannot now be considered as of a casual nature, it might well be considered whether it would not be advantageous to open special accounts in the Revenue Ledgers for the purpose of recording such receipts separately.

The total amount of receipts for the year 1925-26 which were recorded as Casual Revenue was \$3,553,158.74 which is an increase of \$566,772.88 over the amount for 1924-25. On account of the varied and uncertain nature of this category of revenue, it is not possible to attribute in every case this increase to any particular item or items. The details of the Casual Revenue will be found given by departments in the various sections of Volume II, and also in Appendix 14 on page 109 of the Public Accounts.

In my annual report for 1924-25 I stated that it had not been possible to give a full analysis of the revenue for that year, particularly with regard to the Casual Revenue. I have endeavoured this year to make a limited classification of this revenue and on page 75 of this volume will be found a statement of the Casual Revenue classified by departments under the following headings:—

- (1) Miscellaneous Revenue, including fees for licenses and certificates, dues and tolls, rents of property and equipment, sundry interest receipts, etc.
- (2) Sales of property, material, supplies, etc., including sales by Experimental Farms and Penitentiaries.
- (3) Sundry Receipts.
- (4) Refunds of Expenditure of previous years, including advances, receipts for special work done by departments, etc.

Included under the above heading of Sundry Receipts are the following items transferred from King's Printer's Advance Account, Printing Branch:—

Amount of inventory as at March 31, 1925, representing stock accumulated to that date out of surpluses arising from operations.	\$314,713 87
Excess of Revenue over Expenditure during 1925-26..	49,507 09

Although these latter items are shown as part of the revenue for the year they are more of the nature of book entries. The amounts might be considered, in a wide sense, as refunds of expenditure. This matter is dealt with at greater length in another chapter of this part of my report.

#### DIVERSION OF REVENUE

In each of my preceding reports I have called attention to the diversion of revenue receipts which instead of being deposited to the credit of the Receiver General were used to pay certain expenditures, and I referred to two cases in particular in which such diversion took place.

One of these cases was the Indian Commissioner's Greater Production Account in connection with special farming operations on Muscowpetung's Indian Reserve. These farming operations were continued during the season of 1925, the receipts being deposited to the credit of the Indian Commissioner and the operating expenses paid by him out of the accumulated receipts. The year's operations resulted in a balance of \$10,035.91 brought forward from the previous year being increased to \$13,570.89 at the end of the year. A statement of this account appears on page 141 of this volume from which it will be seen that in addition to the actual expenses of the farm, certain expenditures were made

which were not directly connected with the farming operations and which should have been made only on the authority of a parliamentary appropriation. This farm was operated during the season of 1926 also, but while some of the payments referred to are being made during the current year from the Indian appropriations others are still made from the proceeds of the farm, although not directly connected with the farming operations.

The other case instanced was that of the Experimental Farms, where a considerable part of the receipts was treated as returnable revenue and credited to the appropriation. This practice was followed throughout the fiscal year 1925-26, \$122,904.98 out of a total farm revenue of \$302,164.26 being credited to the appropriation. Although the attention of the Department of Agriculture has been drawn to this irregularity, I understand that no change in the practice has been made.

I still consider that the methods of dealing with the receipts followed in these two cases is contrary to statutory requirements; in the first instance moneys received by an accounting officer were not deposited to the credit of the Receiver General but were expended by him without the authority of a parliamentary appropriation, in the second instance although the receipts were deposited to the credit of the Receiver General a portion of them was used to supplement the amount granted by parliament.

Less striking cases of a like diversion of revenue occur in other departments but these are being gradually reduced through the careful scrutiny made by this office of the amounts credited to the Appropriations.

#### AUDIT OF EXPENDITURE

Due largely to the introduction of new methods into this office and to the creation of a greater spirit of co-operation in my staff as well as to an increasing desire on the part of the departments to co-operate with this office, I am this year in a position to give much fuller and more varied information regarding the expenditure. This will undoubtedly give additional impetus, in the future, through all the government services, to gradual and constant improvement in the methods of control of Public Funds.

In this connection, I desire to call particular attention to the following interesting figures derived from a newly introduced classification of expenditure. This classification, which was adopted only after many obstacles had been surmounted, is explained more fully in a subsequent chapter in this report, and will, I hope, accomplish the purpose I had in view, namely, of informing the House of Commons to a fuller extent on matters pertaining to public moneys.

On pages 2 to 7 of this volume will be found the following general statements relating to expenditure: "Summarized Statement of Grants and Expenditure by Services," "Comparative Statement of Expenditure by Services," and "Summarized Statement of Grants and Expenditure Classified by Departments." The total expenditure for the year as given in each of these statements was \$370,623,437.16, which differs by \$26,246,265.40 from the total expenditure of \$344,377,171.76 appearing on page 4 in the Public Accounts under the headings of "Ordinary Expenditure," "Special Expenditure" and "Capital Account." A reconciliation between the two sets of figures is given on page 5 of this volume.

At the end of each section of Volume II a statement is added classifying the departmental expenditures under a number of headings, and these departmental classifications have been summarized on pages 126 and 127 of this volume

in the "Summary of Classification of Expenditure". The totals of each class of expenditure shown in that summary are enumerated below with the relative percentages.

Class of Expenditure	Expenditure	Percentage of Total Expenditure

The above statement of expenditure and disbursements under grants is an extension of the classification given on page v of the introduction to my report for 1924-25. In the following table the expenditure for the year is classified on the same basis as last year, and a comparison is given between the percentages.

Class of Expenditure	Amount	Percentage of Total Expenditure		Increase or decrease in Percentage
		1925-26	1924-25	
Interest on Public Debt.....	\$130,691,493 21	35.26%	36.90%	-1.64%

Total.....	370,623,437 16	100.00	100.00	

It was only after careful consideration that the new classification was introduced and it is proposed to adhere to and perfect this classification in the future, as it will be invaluable for purposes of analysis and comparison of the operations of each succeeding fiscal year. This classification would be greatly facilitated if the departments were to adopt new forms of books of account and of records which would permit the returns to this office to be prepared on the above basis. This office will gladly collaborate to the greatest extent with the accounting officials of the various departments so as to introduce throughout the Service a standardized system of accounting.

The statement of expenditure given above includes Capital Expenditure amounting to \$17,068,729.66, which constitutes 4.61 per cent of the total

expenditure; the corresponding figure for 1924-25 was 4.72 per cent of the total. The Public Accounts on page x give the Capital Expenditure for the year at \$17,067,390.22; the difference is due to my including in the Capital Expenditure an amount of \$1,339.44 paid the Indian Department in settlement of a claim for land expropriated for the purposes of the Canadian Pacific Railway (original construction).

The expenditures during the year, not including the interest on that part of the Public Debt attributable to the war, that may be regarded as directly resulting from the war are given below with a comparison with the corresponding expenditures for 1924-25.

	1925-26	1924-25	Increase	Decrease

In my report for 1924-25, I gave figures indicating approximately the proportion of the total expenditure that was pre-audited either in whole or in part. Without giving any figures I am justified in saying that the proportion of the expenditure subjected to pre-audit was considerably greater during the year under review.

Following my established policy of effecting examinations at as large a number as possible of outside offices of departments, examinations of a considerable number of the offices of twelve of the most important departments were made this year. These inspections by my officers are very useful both to the departments and to this office and my intention is to increase their number.

In my report for 1923-24 and again in my report for 1924-25 I stated that I considered the time had come when the question of making important changes in the mode of conducting the audit should be given careful consideration and pointed out the advantages that would be derived from the appointment by the Treasury Board of an Accounting Officer for each department, who would be directly responsible to Parliament. I would ask that particular attention be paid to these suggestions as I am more convinced than ever that the government service would greatly benefit and economies would result from such appointment.

While no change along these lines or otherwise has been made as yet in the mode of conducting the audit of the expenditure, the control exercised by this office over the expenditure has improved considerably. The various departments, with practically no exceptions, are found willing to furnish this office with such information and explanations as are requested, and in several cases have been willing to change their methods in accordance with suggestions from this office. Generally speaking the expenditure statements and vouchers are rendered in better form than when I first took office.

Statements will be found on pages 130 to 163 of this volume of such Open and Trust Accounts as I considered it advisable to publish, as being of more or less public interest. In preceding reports the accounts of this nature which were published were included in the sections of the report which dealt with the depart-

ments administering the funds. I have brought them together this year into the first volume of my report for purposes of reference, and also because they are more closely connected with the general statements than with the details of the Expenditure under Appropriation Accounts. Included with these Open Accounts are statements of the expenditures under such grants as are subject to audit by me and also a number of departmental trust accounts which are administered by departments without being brought into the Dominion books. Considerable advance has been made in the examination of such accounts as will be evidenced by the fact that the number of statements published in this report is considerably greater than last year.

#### ELECTIONS

As pointed out in previous reports there devolves upon me, under Section 77 of the Dominion Elections Act, the duty of taxing and paying all election expense accounts. To my ordinary duties as auditor are thus added, so far as election accounts are concerned, the original examination of accounts and the accounting in connection therewith. Very careful scrutiny was made of all election accounts and, acting in conjunction with the Chief Electoral Officer, claims were, in some cases, subjected to reductions.

The extent of this work, which interfered considerably with the regular routine work of the Audit Office will be readily appreciated when I state that during the fiscal year under review there were issued by this office, on account of Elections, 97,655 cheques, each of which bore two signatures, covering an expenditure of \$1,786,099.90. The labour involved in the issue of the cheques bears but a small ratio to that involved in the checking of the accounts of Returning Officers, Revising Officers, Registrars, Poll Clerks, Printers, etc. The duty of receiving and returning candidates' election deposits also devolves upon me under the Dominion Elections Act.

Twenty-six of the permanent employees of my department were engaged for an average period of four months in connection with the elections of 1925, their salaries while so engaged amounted to \$14,351 which amount is included in the Civil Government Salaries charged to this department. Temporary employees, working under my direction were paid \$8,327.38, which was charged direct to Elections (see Volume II, page N—61).

While somewhat similar conditions existed in connection with the election of 1926, means were taken, with very satisfactory results, to expedite the work on the accounts.

#### PAYMENTS WHICH DID NOT OCCUR WITHIN THE PERIOD OF THE ACCOUNT

Under section 61, subsection (e) of the Consolidated Revenue and Audit Act, I am directed, in reporting to the House of Commons on the Appropriation Accounts, to call attention to any payment that did not occur within the period of the account. I have therefore to report that payments of nearly \$2,000,000 were made in the financial year under review of claims that, so far as the vouchers sent me show, had fully accrued and were due on or before March 31st, 1925.

In my previous reports I called particular attention to this matter pointing out the reason these claims were not paid in the fiscal year in which they accrued and I stated that so long as the amendment to the Consolidated Revenue and Audit Act of 1922 (12-13 George 5, Chapter 15) remains in force similar payments will occur annually. As this amendment remains in force the remarks made on page vi of my last report, under the same heading are still applicable.

## AUTOMOBILES AND OPERATING COSTS

During the year under review the expenditure for New Automobiles, Automobile repairs, Renewals, etc., was \$343,428.78. This figure does not include gasoline or lubricants.

As this mode of transportation of both persons and commodities, is now in general use, it is essential, in the interest of economy, that a more efficient check be placed thereon and a proper record kept by the departments of the expenditure on automotive fuel, repairs and renewals, etc. This information in conjunction with a mileage record would be valuable in assisting to maintain control of the automobile expenses.

## PRINTING AND BINDING DONE OUTSIDE THE PRINTING BUREAU

In accordance with the Public Printing and Stationery Act I have ascertained that, with the exception of a few minor purchases all printing and stationery supplies were bought this year by the various departments either through, or with the approval of the King's Printer. This is an improvement over last year when considerable correspondence was necessary in this connection in calling attention to printing and stationery purchased otherwise than through the King's Printer.

## KING'S PRINTER'S ADVANCE ACCOUNT

The amount which the Minister of Finance is authorized to advance (\$200,000) has been exceeded very considerably of late years as it was found to be wholly inadequate to meet the expenditure for material and wages necessarily incurred between the receipt and execution of the orders and the payment for them to the King's Printer by the Houses of Parliament and the departments concerned.

The Public Printing and Stationery Act prescribes the procedure to be followed in respect of the estimates sent to the Minister by the Houses of Parliament and the government departments. It is therein directed (Section 37) that the amount required for printing and stationery, as shown by the estimates submitted to the Minister and reported by him to the Governor in Council, shall be placed in the Estimates as a separate item and an apportionment in respect of each department and each House of Parliament shall be made by the Governor in Council which may be increased or varied from time to time so that the whole sum voted by Parliament in any year, together with the value of the stock on hand, is not exceeded.

The present practice is not in conformity with the Act in this respect. Instead, an amount for printing and stationery is included in the Contingencies of each House of Parliament and in the Civil Government Contingencies of each of the departments of the Government. The Governor in Council has not the power of apportionment or transfer of the amounts so voted and consequently is not in a position to control the expenditure made thereunder.

As shown in schedule "D," page 8, of the Public Accounts for the fiscal year ended March 31, 1926, the advances to that date to the King's Printer under the two headings of "Printing" and "Stationery" total \$741,568.71 which amount is divided as follows:—

Stock as per inventory .....	\$454,311.54
Due by the various departments .....	241,057.70
Deficits accrued .....	46,199.47
	<u>\$741,568.71</u>

This statement shows that the amount of the statutory advances was exceeded, on the above date, by \$541,568.71. This matter was mentioned in my report of last year but no action has yet been taken in regard to increasing the Statutory Advance to the King's Printer.

#### SALARIES OF TRADE COMMISSIONERS IN FOREIGN COUNTRIES

Attention of the Department of Trade and Commerce was called to payment in francs of the salary of an employee in the office of the Commercial Intelligence at Paris. I am of the opinion that there should be a uniform system in respect of salary payments to Canadian employees in foreign countries. The salary cheques should be issued in Canadian currency for the amounts authorized by law and negotiated by the employees at the current rate of exchange of the countries in which they reside.

#### EMPIRE SETTLEMENT SCHEMES

The responsibility of auditing the books and accounts of the transactions of the above schemes, emanating from the agreements between the Imperial and Canadian governments, has been, as incorporated in the agreements, entrusted to me.

In the first three agreements are included approved British settlers of the agricultural class (nominated persons), household workers, boys not over 17 years of age and girls not over 15 years of age, children from state-aided institutions, and a party of Hebridean settlers. The books recording the transactions covered by the aforementioned agreements are maintained by the Department of Immigration and Colonization. An audit of these books was undertaken by me and reported on to the Deputy Minister of the Department of Immigration and Colonization, and also to His Majesty's Secretary of State, on June 4, 1926. In my report to the Deputy Minister, certain recommendations were made for the improvement of the system of recording and accounting. The period of review was from the inception of the scheme to March 31, 1925.

The fourth agreement provides for the carrying out of a scheme for the settlement, within a period of three years, of 3,000 new migrants on 3,000 farms within the Dominion and is commonly known as the 3,000 Family Settlement Scheme. The accounting is under the direction of the Soldier Settlement Board. An audit was made to March 31, 1926, and reported on to the Deputy Minister of Immigration and Colonization, and also to His Majesty's Secretary of State, on September 17, 1926. The accounting system and operation thereof was found very satisfactory. Page 198 sets out the Balance Sheet and Summarized Cash Account, of the 3,000 Family Settlement Scheme, as at March 31, 1926.

#### CANADIAN WHEAT BOARD SURPLUS

An Order in Council (P.C. 193 of February 7, 1925) approved the distribution of a surplus of grain to the amount of \$560,000 as recommended by the Canadian Wheat Board, among the provinces of Saskatchewan, Manitoba, Alberta, Ontario, Quebec and British Columbia in proportion to the wheat delivered by the producers in each of these provinces to the Canadian Wheat Board. The powers and duties of this Board are defined in an Order in Council (P.C. 1589 of July 31, 1919) passed under the provisions of the War Measures Act, which directs that "as soon as the Board have received payment in full for all wheat delivered to the Board there shall be deducted from the same all moneys disbursed by or on behalf of the Board for expenses or otherwise con-

nected with or incident to the operations of the Board and the balance shall be disbursed *pro rata* among all producers and others holding participation certificates."

Instead of disposing of the surplus as recommended by the Board the amount (\$560,000) was deposited to the credit of the Receiver General and thus in my opinion became part of the Consolidated Revenue Fund. When therefore I received an application for the issue of a cheque in favour of the Provincial Treasurer of Saskatchewan for \$284,200, being that province's share of the surplus, I pointed out that there was no parliamentary provision to which this amount might be properly charged. Subsequently an Order in Council (P.C. 1387 of August 19, 1925) was passed directing that a Governor General's Warrant do issue for the sum of \$560,000 to be distributed among the provinces in accordance with the recommendation of the Canadian Wheat Board.

Payments were made accordingly and an item (\$560,000) inserted in a Supplementary Estimate of the fiscal year 1925-26 which has been tabled in the House of Commons.

In explanation of this mode of payment the Order in Council states that though the surplus was, strictly speaking, the property of the various individuals who had dealings with the Canadian Wheat Board, as it was impossible to locate all such individuals, the fairest method of dealing with the said surplus was to distribute it among the provinces in the proportion recommended by the Canadian Wheat Board.

#### SUBSIDIES TO PROVINCES

On page viii in the Introduction to my report for 1924-25, I drew attention to overpayments on account of subsidies to the provinces of Saskatchewan and Alberta, and stated that the overpayment to Saskatchewan had been adjusted. So far as I have been able to determine, nothing has as yet been received from the province of Alberta on account of the overpayment, which amounted to \$468,750.

Correspondence relating to this matter, including an opinion of the Department of Justice, was published in volume II of my report for 1924-25, on pages 63 and 64 of Part F.

#### DEFERRED PAYMENTS

On page xii of the Introduction to my Report for 1923-24 I reported under the above heading, on payments made for certain buildings purchased by the government for office accommodation, to be paid for by instalment payments. The instalments which fell due during the past fiscal year were paid in due course thereby reducing the balance of \$976,374.19 remaining due the owners on March 31, 1925, to \$786,269.83 on March 31, 1926. These figures include the interest on the unpaid balances of the sale price which is to be included in the instalment payments. In addition to the regular payments which have been made on these buildings \$1,016.93 has been paid by the Public Works Department as interest on overdue instalment payments. The details of the payments for the year are shown under Public Works Department, in Volume II.

#### UNFORESEEN EXPENSES

The expenditure during the year from the vote of \$60,000 for Unforeseen Expenses was \$30,522.81, a reduction of \$30,691.86 as compared with the expenditure under the corresponding vote for 1924-25, which amounted to

\$61,214.67. The varying character of the expenditure made from this vote renders difficult, if not impossible, any satisfactory explanation of the differences from one year to another in the amounts paid from the vote for Unforeseen Expenses. The amounts expended out of this vote by the various departments is shown on page 33 of this volume, while the particulars of the expenditures will be found in the several parts of Volume II, included in the details of the departmental expenditures. These expenditures were authorized before payment by the Governor in Council, as called for by the terms of the vote.

#### EXPERIMENTAL FARMS

The method of collecting and accounting for the revenue at nine experimental farms in eastern Canada was examined and reported upon during the past year by an officer of my department. The system of accounting for the appropriations applicable to these farms was also examined.

As mentioned in this Report, in the chapter on "Diversion of Revenue," no change has yet taken place in the practice to which I raised objection in this connection. But, with regard to Exchange Accounts consisting of farm products exchanged for other commodities or, in some cases sold outright, to which I also took objection, I understand that the department has discontinued this system except in the case of seed grain sold to the Canadian Grain Growers' Association, the proceeds from which are still placed in a special bank account and ultimately expended on the purchase of feed, without being reported to this office. This should also be discontinued.

The net cost of operating the farms, arrived at by deducting the proceeds of farm sales from the gross expenditure was \$1,451,298.89 which is a decrease of \$63,552.96 from the previous year.

On page 195 of this volume is given a summary of the Revenue and Expenditure of the Experimental Farms of the Dominion.

#### BRITISH EMPIRE EXHIBITION

The British Empire Exhibition which was held at Wembley in 1924, was reopened in 1925 by the British Empire Exhibition, Wembley (1925), the Canadian Exhibit being continued during that year under an arrangement by which the Exhibition Company undertook to assume the expenses of the 1925 Exhibition.

The amount appropriated for expenditure during the year ended March 31, 1926, was \$250,000. The amount expended during the year by the Department of Immigration and Colonization, through the Canadian Exhibition Commissioner was, after deducting ordinary refunds, \$119,946.17. Of this amount \$49,285.09 (£10,144-12-3) was refunded by the Exhibition Company, reducing the charge against the vote to \$70,661.08 and leaving an unexpended balance of the appropriation of \$179,338.92. During the year, revenue from rentals and sale of waste paper amounting to \$230.44 was received and deposited as Casual Revenue. An amount of \$40,122.64 (£8,244-7-7) representing expenses incurred in 1924-25 in connection with the Exhibition of 1925 was also received from the Exhibition Company and deposited as Casual Revenue.

The cost to Canada of the British Empire Exhibition up to March 31, 1926, was \$1,243,108.51 not including the salaries of permanent employees of the

Exhibition Branch on duty at Wembley, their salaries being paid from the general Exhibition Vote, nor the expenses incurred by other departments who made exhibits and sent representatives to the exhibition.

	Expenditure	Less Casual Revenue	Net Cost
1923-24.....	\$ 649,881 97	\$ 34,755 13	\$ 615,126 84
1924-25.....	599,796 85	2,123 18	597,673 67
1925-26.....	70,661 08	40,353.08	30,308 00
	1,320,339 90	77,231 39	1,243,108 51

In addition to the amounts mentioned above as having been refunded by the Exhibition Company, £41,038-3-8 was expended by the Canadian Exhibition Commissioner out of funds obtained directly from the Exhibition Company, making a total amount of £59,427-3-6 expended by the company in connection with the Canadian exhibit in 1925.

All books and records relating to the expenditure in England on account of the exhibition have been received at this office and are in course of examination.

#### CANADA HIGHWAYS ACT

The details of expenditure under the provisions of the Canada Highways Act will be found in Volume II, part "W," Railways and Canals Department, pages 21 to 29. The amount of federal aid granted during the fiscal year 1925-26 was \$1,649,328.69, being \$1,275,835.23 less than the expenditure of 1924-25. The total amount paid to the provinces up to March 31, 1926, was \$18,429,107.73.

Of the total grant authorized by the Act (\$20,000,000) the unexpended balance at March 31, 1926, was \$1,570,892.27. Of this amount the sum of \$851,850.06 stands to the credit of the province of Alberta. The total allocations to the provinces of Nova Scotia, New Brunswick, Quebec and British Columbia have been exhausted. Under existing legislation the unexpended balance will be available until March 31, 1928.

#### WORKMEN'S COMPENSATION ACT

The total expenditure incurred under the provisions of this Act during the fiscal year 1925-26 was \$360,063.71, being an increase of \$93,174.19 over the expenditure of 1924-25. Details of this expenditure are shown in Volume II, part "W," Railways and Canals Department, pages 16 to 20. With the exception of \$66,759.84 which was expended in the province of Quebec where there is no provincial board, this amount was paid to the various provincial Workmen's Compensation Boards of the provinces under whose supervision the disbursements were made.

The Deputy Minister of Railways and Canals determines the compensation to be paid in the province of Quebec or other provinces in which a provincial board has not been established.

## PUBLICITY AND EDUCATIONAL CAMPAIGN TO INCREASE CONSUMPTION OF FISH

The accounts and records of the Canadian Co-Operative Fish Publicity Fund were examined at the Company's office at Montreal, including receipts and payments to October 31, 1925. The bank account showed a balance of \$458.84. No contribution from federal funds was made during the fiscal year under review.

## AUDIT OF CANADIAN PATRIOTIC FUND

Under the authority of the Canadian Patriotic Fund Act 1914, 5 Geo. V, Chap. 8, Section 10, an audit was made of the accounts of the above Fund for the two years ended March 31, 1926, my report thereon being made to the Honorary Treasurer of the Fund on August 4, 1926. The receipts for the 24 months were \$1,245,624.02 (including \$793,650 from the sale of the securities of this Fund) while the disbursements amounted to \$1,265,851.12 resulting in an excess of disbursements over receipts of \$20,227.10.

The total funds on hand at March 31, 1926, amounted to \$2,538,983.51 as compared with \$3,352,860.61 being a reduction of \$813,877.10 which is accounted for by sale of bonds and the excess of disbursements for the year.

## RELIEF TO CREDITORS OF HOME BANK

The Home Bank Creditors' Relief Act of 1925 (Chap. 45) gave authority for the payment from the Consolidated Revenue Fund of an amount not exceeding \$3,000,000 for the purpose of paying to the several persons who were creditors of the Bank at the time it suspended payment, the amounts to which they would become entitled under the provisions of the Act.

During the fiscal year the following payments were made out of the moneys so authorized to be paid from the Consolidated Revenue Fund:—

Advances to the liquidators, to be disbursed by them in accordance with the provisions of the Act. . . . .	\$2,500,000.00
Advances to Hon. A. K. MacLean, President of the Exchequer Court acting as Commissioner under the Act, to cover actual expenses incurred in connection with the determining of claims for relief . . . . .	20,000.00
Murphy & Donald, Toronto, legal services . . . . .	1,082.63
	<u>2,521,082.63</u>

From time to time the liquidators have submitted to the Department of Finance statements, supported by vouchers, of the payments made by them in respect to claims not exceeding \$500, which, in accordance with section 6 of the Act, had been disposed of without investigation by the Commissioner. A joint examination of the statements to March 31, 1926, amounting to \$891,273.42, was made in compliance with a request from the Department of Finance by members of the staffs of that department and of this office.

As the appropriation did not explicitly include the cost of administration, I was doubtful if the advances made to the Commissioner and the payment for legal services could be paid out of the amount of \$3,000,000, but I was informed by the Department of Finance that they had satisfied themselves that these payments were within the meaning of the Act.

## HALIFAX DRY DOCK

The Halifax Dry Dock was constructed in 1889 by the Halifax Graving Dock Company, Limited. After being badly damaged by the explosion of December 6, 1917, it was expropriated by the Dominion Government, the total expenditure charged to Capital Account in connection with the Dry Dock, including the expropriation award, being \$1,552,827.43. After expropriation the property was first leased and subsequently sold to the Halifax Shipyards, Limited, at a price of \$1,250,000 payable in annual instalments. The terms of sale at present in force call for an annual payment of \$50,000 on January 1st of each year, without interest unless the company should default in any of its payments. Up to the close of the fiscal year 1925-26 \$150,000 had been received on account of the sale price and credited to Casual Revenue, while at the same time the Dry Dock was still carried as an asset in schedule "G" to the Balance Sheet of the Dominion at the original figure of \$1,552,827.43. It seems to me that this method of dealing with this transaction is incorrect; either the amounts received on account of the sale price should have been credited to Capital Account as refunds of previous years' capital expenditure thereby reducing the asset in question by a corresponding amount, or a new asset set up against the purchasing company for the amount of the sale price, and the old asset closed out on obtaining the proper authority to write off the difference of \$302,827.43 between the original cost and the selling price.

## WELLAND SHIP CANAL

Construction work on this Ship Canal was begun in 1913 and is now well advanced. The entire canal extending from Port Weller on Lake Ontario to Port Colborne on Lake Erie, a distance of twenty-five miles, is now under contract with the exception of a short stretch of about one quarter of a mile in length which requires to be excavated.

The total expenditure incurred on the construction of the Welland Ship Canal during the year was \$11,960,460.11 and the net cost of this enterprise to March 31, 1926, was \$62,732,552.88. Details of this expenditure are shown in Volume II, part "W" Railways and Canals Department, pages 59 to 66.

## YUKON TERRITORY

In my annual report for 1924-25 I referred to an inspection of Yukon Territorial and Federal Accounts, with a complete report thereon, by an official of this office. Since then, the various departments interested have been communicated with regarding the matters dealt with in that report and, as a result, numerous changes have been introduced, more particularly by the Department of the Interior, in accounting and administrative matters tending to greater efficiency and control of the Government activities in the Yukon.

The following matters are still under consideration: (1) loans by means of bank overdrafts in connection with the Yukon Territorial Accounts, the amount of which was approximately \$64,000 on March 31st, 1926, for which there does not appear to be any statutory authority; (2) the examination and approval by the Court of the Public Administrator's Account, which has been the subject of discussion and correspondence between this office and the department, and which the Public Administrator strongly opposes, mainly on the grounds of the time and expense involved.

My examination of the Dawson City accounts disclosed the fact that the city is dependent on the Territorial Government for considerable financial aid and I drew the attention of the Interior Department to this drain upon the resources of the Territory. For the period of six years, ended March 31st, 1925, the grants paid to the city amounted to a total of \$60,577 apart from amounts expended in the same period on hospitals and schools, totalling \$223,752.74.

In a statement of revenue and expenditure of all the Federal departments in the Yukon Territory, furnished to the Interior Department, in connection with the above examination of the Yukon accounts, it is shown that, for the year 1924-25, the net charge to the Dominion Government, after deducting the revenue was \$390,627.97, of which \$236,236.94 represented salaries of 91 employees of various departments, not including Territorial officials. It occurs to me that as a number of these employees act for more than one department, with satisfactory results, it might be advisable to apply this method more extensively and thereby to effect further economy in the service.

On pages 201 to 203 of Volume I of this Report appear the following statements dealing with activities in the Yukon Territory.

#### Yukon Territory

- (1) Summary of Revenue and Expenditure of the Dominion Government.

#### Yukon Territorial Government

- (2) Comparative statement of Revenue and Expenditure.
- (3) Balance Sheet as at March 31, 1926.—Liquor Account.
- (4) Comparative Statement of General Liquor Accounts, showing value of liquor purchased, sales, operating expenses and net profits, compiled from the printed reports of the Yukon Territorial Treasurer.

### CAPITAL EXPENDITURE

I would again draw attention to my remarks on Capital expenditure given on pages xi and xii of my report for 1924-25. In those remarks I pointed out that, following the report of a special sub-committee of the Public Accounts Committee appointed in 1882 to revise the Balance Sheet of the Dominion, items amounting to \$6,447,412.68 which up to that time had been regarded as expenditure on account of Capital and shown as assets in the Balance Sheet were written off by being transferred to Consolidated Fund. The principal items which were thus removed were:—Harbours and Lighthouses, Roads and Bridges, Customs Houses, Post Offices, Dominion Steamers, Miscellaneous Works and Miscellaneous Buildings. A further revision of the Balance Sheet was made in 1908, but the assets representing expenditure of capital appear not to have been inquired into by the Committee on this occasion.

From a partial survey of the expenditures which have been charged to Capital since 1882, the principles governing Capital expenditure which appear to have been tacitly laid down by the House of Commons in 1882 by the adoption of the sub-committee's report, would seem to have been lost sight of, to a considerable extent, in subsequent years, by charges against Capital being authorized of a nature very similar to those which were deleted. A few of

these items are given below, the amounts being taken from schedule "G" to the Balance Sheet:—

Harbours—

Cape Tormentine Harbour .. . . .	\$ 236,860.63
Port Colborne Harbour .. . . .	904,459.39
Tiffin Harbour .. . . .	481,621.59
Toronto Harbour .. . . .	8,877,042.20
Victoria Harbour, Ontario .. . . .	761,801.79
and also the principal ocean ports.	

Buildings, other than Ottawa buildings—

Canadian Building, London, Eng. . . . .	1,539,073.11
New Dominion Building, Toronto. . . . .	1,166,646.95

Among the assets removed from the Balance Sheet in 1882 was one of \$93,178.85 for Rideau Hall, which I infer represented the original cost. I find however, that during the fiscal years 1905-06 to 1907-08, expenditures amounting to \$67,664.02 were made on improvements to Rideau Hall and charged to Capital.

I also find that in some cases contributions, which were charged to Capital, were made towards works executed by municipalities or other bodies; the following are instances of this:—

County of Hastings—Contributions towards construction of bridge over Trent River at Frankford .. . . .	\$ 22,540.00
City of Peterborough—Contribution towards high level bridge over Otonabee River .. . . .	50,000.00
Department of Public Works and Labour, Quebec, contribution towards highway bridge, Isle Perrot .. . . .	150,000.00

The amounts at which the various works are carried as assets represent the total expenditure thereon, no deduction having been made at any time for loss by depreciation or from other causes, thus the amount of \$27,690,526.89 carried as an asset under the title of Government Buildings, Ottawa, includes in addition to charges for other government buildings, both the cost of the old Parliament Buildings which were destroyed by fire in 1916 and the cost of the new Buildings, a similar remark is applicable to the asset of \$21,706,664.49 for the Quebec Bridge.

In another part of this report I have dealt separately with the case of the Halifax Dry Dock which, although still carried as an asset at the original cost, was sold a few years ago to the Halifax Shipyards Limited at a much lower figure.

The above items have come to my notice in the course of a preliminary examination into the expenditures from Capital Account since 1882. The examination into these expenditures is still in progress and will be reported on later. In the meantime, I consider that the cases cited are of sufficient importance to justify me in drawing the attention of the House of Commons to this class of expenditure and I would suggest that the House take into serious consideration the question of the advisability of making provision for a further revision of the Balance Sheet, especially with regard to the items representing Capital expenditure.

## AUDIT OF GOVERNMENT STORES

Owing to the fact that the desired appointments to the staff which were pending at the time of my last report were not made until the end of 1925, when three-quarters of the fiscal year had expired, the number of stores depots inspected during the period under review was necessarily limited, nevertheless I am glad to be able to report that since these appointments have been effected substantial and satisfactory progress has been made towards establishing a more intensive and continuous audit of stores.

In compliance with my request practically all departments have submitted to this office inventories or summarized statements thereof showing the value of stores on hand as at March 31, 1926, amounting to \$6,349,604.77, as follows:—

Indian Affairs .....	\$ 24,754.28	Public Works .....	\$ 93,936.53
Interior .....	62,181.38	Railways and Canals .....	500,133.02
Marine and Fisheries ..	1,136,595.29	Royal Canadian Mounted	
Mines .....	84,243.56	Police .....	800,931.26
Penitentiaries branch. ..	1,657,554.60	Soldiers' Civil Re-Estab-	
Post Office .....	1,341,504.26	lishment .....	379,417.62
Printing and Stationery	268,352.97		

In addition to the above, statements showing the value of Dominion Arsenal, Naval Service and Royal Air Force stores have been received from the Department of National Defence. The value of other military stores amounting to a very large figure is not available as quantities only are recorded in the stores ledger of the department; these stores could be controlled more effectively by values than by quantities as at present but, for certain reasons, it has not been deemed advisable to make any changes.

A large quantity of surplus material transferred from the Department of Soldiers' Civil Re-establishment and other departments to the Department of Indian Affairs under authority of Order in Council 1632 and stored at Regina and Ottawa, is not included in the above summary of stores as values are not available. This material is held for distribution to:—

- (a) Aged and indigent Indians, free of charge.
- (b) Working Indians, at a nominal charge.
- (c) Indian Schools, at a nominal charge.

Sales made at the Regina warehouse during the year amounted to \$2,691.69, as per part I, page 2, Volume II of this report.

In accordance with the statutory requirements a complete inventory of the stock of the Department of Public Printing and Stationery (exclusive of work in progress of manufacture) on hand as at March 31, 1926, was taken, as heretofore, and the stock and records were found in a satisfactory state.

A number of the stores depots of various departments were inspected during the year. In several of these substantial improvement was evident while in others considerable improvements are still necessary.

In some departments recently visited no independent accounting control of stores was found to exist at headquarters, and, consequently, the depot ledgers have never been balanced; this is a serious defect which should be promptly remedied. In other departments the system of accounting was found to be satisfactory, this is particularly the case in the Department of Railways and Canals where an efficient system of accounting and administrative control of the purchase, receipt, custody and distribution of stores, devised in accordance with modern methods of public accounting is in operation. "Certified Annual Stores Reports" in "Trial Balance" form showing in detail the movement of stock, are submitted to this office for examination.

The system of the Department of Railways and Canals in addition to providing a permanent inventory of stores considerably facilitates audit and inspection work, in that it enables examiners of the department and of this office to detect the existence of surplus or obsolete stores and if the department is purchasing material or equipment in excess of legitimate requirements. Such a system besides serving other useful purposes saves time and effort on the part of my examiners.

Other departments are gradually preparing the way for more effective control of "stores" and "equipment in use" by building up priced inventories,

which is a very important step towards establishing an effective system of stores control. The Department of the Interior has already made substantial progress in this direction.

According to the monthly reports and copies of minutes received from the Chief Salvage Officer, surplus and obsolete stores disposed of during the year amounted to \$266,861.09, as follows:—

Department	Sales	Transfers	Total
Interior.....	\$ 4,242 80	\$ 125 00	\$ 4,367 80
Marine and Fisheries.....	2,187 50		2,187 50
National Defence.....	101,004 17	41,361 65	142,365 82
Post Office.....	125 00	1,522 31	1,647 31
Printing and Stationery.....	2,107 15		2,107 15
Public Works.....	21,144 51	5,726 18	26,870 69
Railways and Canals.....	4,142 60	657 08	4,799 68
Royal Canadian Mounted Police.....	3,025 21	51,098 00	54,123 21
Soldiers' Civil Re-Establishment.....	4,949 20	21,490 13	26,439 33
Sundry Departments.....	1,075 60	877 00	1,952 60
Total.....	144,003 74	122,857 35	266,861 09

Recent inspections show surplus and obsolete stores in considerable quantities at certain depots accumulated over a period of several years and not reported to the Salvage Branch thus confirming the observations made in my last report.

Considerably more progress in the disposal of such material is possible if all departments will more fully co-operate with the Salvage Branch and as far as practicable adopt a system of departmental centralization of supervision and control similar to that now functioning to good advantage in the Departments of National Defence and Soldiers' Civil Re-Establishment, where surplus and obsolete stores and unserviceable equipment are periodically submitted to survey and condemnation boards for inspection and appraisal and promptly reported to the Chief Salvage Officer. No doubt substantial savings can be effected by the prompt disposal of such material through this officer as an inspection of his records reveals quite a number of sales made at prices considerably in excess of bids received by local officials.

So many factors enter into the effective management of stores on a large scale that the neglect of any one factor may easily result in heavy loss. Too great importance therefore cannot be attached to the need for strict supervision and control of stores and to the keeping of reliable stores accounts, as the expenditure of public money on their purchase merely transfers the need for control from money to commodities. I should therefore be in a position to inform the House of Commons whether or not I consider an efficient system of stores accounting exists in all departments of the public service where the extent or character of the transactions makes this advisable, and whether stores are efficiently and economically handled, continual vigilance exercised in their care and responsible officials held strictly accountable for their proper administration.

As a result of observations in my preceding reports and representations and suggestions made in the course of my examinations and inspections, the changes already made in methods are bearing fruit and will eventually bring about a substantial saving of public funds. I am pleased to note an increasing interest is being taken by the majority of the departments in improved methods of stores administration and trust that all will, within a reasonable time, introduce up to date methods in the management of stores.

## OPEN ACCOUNTS

## AMOUNTS DUE THE DOMINION GOVERNMENT

Since the publication of my report for 1924-25 considerable progress has been made in the examination of the Open Accounts included in the Public Accounts of Canada, which represent amounts due the Dominion Government, and such examination is being still carried on. Notes are given hereunder on those accounts which call for special mention.

## ADVANCES TO IMPERIAL AND FOREIGN GOVERNMENTS

The amounts due on March 31, 1926, by the Imperial and by various European governments are shown in the Public Accounts for 1925-26 in schedule "B" to the Balance Sheet. The account against the Imperial Government is a non-interest bearing current account, made up of charges for disbursements made from time to time by the Department of National Defence on behalf of the Imperial Government, chiefly in connection with the Naval and Military Services, and repayments of these disbursements are made at intervals by the Imperial Government. The amounts due by the various European Governments consist of advances made to these countries or charges for expenses incurred on their behalf during the late war. The comparatively small amounts appearing as charges against the governments of Russia and Italy have not been acknowledged as yet by those countries, so far as I understand, and no interest has been received thereon; I have been informed these matters are in the hands of the High Commissioner for adjustment. Interest is received regularly on the amounts due by the other European countries, and they, so far, are living up to the terms of the agreements entered into with them. During the fiscal year 1925-26 the Greek Government reduced its indebtedness by the amount of \$175,000, as called for by the agreement.

## LAND SETTLEMENT ACCOUNTS

The balance due by soldier settlers on March 31, 1926, as shown by the Soldier Settlement Loan Account was \$86,786,439.76 as against \$88,211,015.96 on March 31, 1925. The reduction in the charges to the settlers for live stock furnished them, which was authorized by Chapter 53 of the Statutes of 1925, has not yet been effected although I understand that the amounts of the reductions have been arrived at by the Soldier Settlement Board.

During the year advances to the net amount of \$1,167,537.25 were made to migrants coming to Canada under the 3,000 Family Scheme, and a new account, termed the "Empire Settlement Farms Transferred Account" was opened to record these advances. Statements of these Settlement Accounts will be found on pages 161 and 162 of this volume.

## THE RAILWAY GRADE CROSSING FUND

On pages xiv and xv of my report for 1924-25, I gave a brief sketch of the history of this fund from its inception and stated my views as to the intention of Parliament in authorizing contributions to this fund extending over a number of years. No change has been made in the method of treating this fund out of

which \$66,224.53 was expended during the fiscal year by the Board of Railway Commissioners, leaving a balance of \$1,436,924.18 at the credit of the fund on March 31, 1926. A statement of the expenditure during the year will be found on pages 156 to 158 of this volume.

#### SEED GRAIN AND RELIEF ADVANCES

The amount shown in the Public Accounts, under the head of Miscellaneous Current Accounts, as being due the Dominion Government on March 31, 1926, by settlers, on account of advances for Seed Grain and Relief is \$5,087,231.52, a reduction of \$113,663.54 from the balance at March 31, 1925. According to a statement compiled by the Department of the Interior the amount actually due at the close of the year, as determined by the accounts of the individual settlers and by the outstanding liens held, was \$4,368,447.15. While the difference between these two amounts varies somewhat from the difference between the corresponding figures given in my report for 1924-25, the same probable explanation of the difference must be advanced. The interest due on these advances on March 31, 1926, stated by the Interior Department to be \$1,907,384.47, shows an increase of \$131,429.77 over the figures given in my last report, the increase in indebtedness on account of interest thus exceeding the decrease in principal indebtedness by nearly \$18,000. Up to the present time I have been unable to carry out the intention, expressed in my last report, of making a further examination of this account, but hope to do so before presenting my next report.

The amount of \$2,484.95 was received during the year by the Department of Finance from the Saskatchewan Government on account of the Seed Grain distribution of 1908, leaving a balance of \$97,032.21 still due by the province on account of the distribution. This amount does not include interest, which, under the terms of the agreement was to be charged at 5 per cent. The amount of interest due according to a statement furnished by the Department of Finance is \$198,532.82.

#### TRUST FUNDS

As stated in the introduction to my report for 1924-25 all the Trust Accounts are subjected to the same examination by this office as the regular appropriation accounts, fully detailed statements, both of collections and disbursements, being rendered monthly by the departments charged with the administration thereof.

I have referred in my previous reports to some instances where moneys collected and administered by officers of departments were held by them in Trust Accounts and to other instances in which these moneys were administered by the departments themselves. I have endeavoured, during the past year, with a certain amount of success, to obtain full information from the Departments as to all such funds, but a considerable amount of investigation still remains to be done in this regard. Statements of a number of such accounts, which I have termed "Departmental Trust Accounts" will be found among the Open and Trust Accounts set out on pages 128 to 163 of this volume.

The following is a comparative statement of the balances on March 31, 1925, and March 31, 1926, standing at the credit of certain open accounts which are included in Schedule "O" to the Balance Sheet in the Public Accounts under the head of "Trust Funds."

The moneys received by the Custodian of Enemy Debts and Property under the Treaty of Peace (German) Order, 1920, are still held in the name of the Custodian and are not deposited to the credit of the Receiver General.

No examination has been made by this Office of any of the securities held by the Finance Department either in connection with these Trust Funds or otherwise.

In addition to the Trust Funds enumerated in the corresponding statement in the introduction to my report of 1924-25 the above statement includes the Soldiers' Civil Re-Establishment Funds Nos. 1 and 3, which on March 31, 1925, amounted to \$434,486.28 and which, in previous years were included in the "Contingent Funds" listed in schedule "P" to the Balance Sheet, and also the following new accounts which were opened during the year, "Burrard Dry Dock Pontoons", "Royal Military College Cadets' Funds," and "Soldier Settlement Board Trust Account."

## BURRARD DRY DOCK PONTOONS ACCOUNT

This account was established for the purpose of recording the amounts retained from the annual subsidy payable to the Burrard Dry Docks, Limited, for the purpose of forming a sinking fund to provide for the renewal of the floating pontoons, in accordance with Order in Council of January 9th, 1924. Only \$1,190.93 of the amount mentioned on page V-110, Volume II of this report was credited to this account during the fiscal year 1925-26, the balance being credited in April, 1926, to the account for 1926-27.

## ROYAL MILITARY COLLEGE CADETS' FUNDS

Up to the close of the fiscal year 1925-26 the practice was to deposit to the credit of the Royal Military College Revenue, not only the annual tuition fee of \$100, but also the deposit of \$250 on entering the college for cost of outfit and the annual deposit of \$200 for supplies, etc. At the same time the cost of outfit and personal supplies for the cadets was met from the annual appropriations for the college. The result of this practice was that the cost of operating the college as shown each year in the Appropriation Accounts was greater than the actual cost while at the same time the Revenue was correspondingly increased.

After an examination of these accounts at the Royal Military College, Kingston, by an officer of my department, I recommended and it was decided, after conference with the officials of the Department of National Defence, that in future the cadets' deposits should be dealt with through a special trust account in the books of the Finance Department. In accordance with this arrangement the sum of \$12,097 which was the total amount stated as standing at the credit of the several cadets' accounts on March 31st, 1926, was transferred from the College Revenue to the credit of a new trust account entitled the Royal Military College Cadets' Funds.

## SOLDIER SETTLEMENT BOARD TRUST ACCOUNT

This account deals with the amounts received from time to time by the Soldier Settlement Board to be held in trust for and expended on behalf of individual settlers.

## CANADIAN MILITARY CANTEEN FUNDS

Progress was made during the year in the disposal of the Canteen Funds in accordance with the Canteen Funds Act of 1925 (Chap. 34). That Act provided for the allotment of these funds as follows:—

- (1) \$20,000 to be held by the Receiver General for the payment of outstanding accounts or claims (Sect. 6a).
- (2) \$15,000 to the Disablement Fund in repayment of a loan (Sect. 6b).
- (3) \$50,000 to the United Service Fund of Great Britain (Sect. 6c).
- (4) \$50,000 to the American Red Cross Association (Sect. 6c).
- (5) The residue to be paid to provincial Boards of Trustees for the several provinces and the Yukon Territory according to a proportion indicated in the Act (Sect. 6e).

The amount standing at the credit of the fund on April 1, 1925, according to the Public Accounts was \$1,909,122.02. In addition bonds of the Refunding Loan of 1923 of the face value of \$250,000 were held on behalf of the fund. Towards the close of 1925 an interim distribution was made under the provisions of the act based on a residue of \$2,036,622.02 arrived at as follows:—

Cash balance, March 31, 1925 .. . . . . .	\$1,909,122.02
Bonds, 1923, Refunding Loan, face value .. . . . . .	250,000.00
Interest on bonds, 12 m. to October 15, 1925 .. . . . . .	12,500.00
	<u>2,171,622.02</u>
Less: First charges as above .. . . . . .	135,000.00
Amount for interim division among Boards of Trustees .. . . . . .	<u>2,036,622.02</u>

During the year payments were made of \$15,000 to the Disablement Fund and of \$50,000 to the United Service Fund of Great Britain and the provincial boards were paid their shares of the interim residue with the exception of the provinces of Ontario, Prince Edward Island and Quebec, which had not nominated their Boards of Trustees.

On February 8, 1926, the bonds were sold at a premium of \$1.25, resulting, after deducting the cost of insuring the bonds, in a net profit of \$7,078.85.

The balance remaining in the fund at the close of the fiscal year was \$1,168,667.52 applicable as follows:—

Special Allocations—	
To be held by Receiver General .. . . . . .	\$ 20,000.00
American Red Cross Association .. . . . . .	50,000.00
	<u>\$ 70,000.00</u>
Provincial shares of interim distribution, held	
pending nomination of trustees—	
Province of Ontario, 41.237 p.c. .. . . . . .	839,841.82
Province of Prince Edward Island, 0.739 p.c. .. . . . . .	15,050.64
Province of Quebec, 11.622 p.c. .. . . . . .	<u>236,696.21</u>
	1,091,588.67
Profit on sale of bonds .. . . . . .	<u>7,078.85</u>
	<u>1,168,667.52</u>

The interest on the amount of the Canteen Funds held by the Receiver General to the credit of this account, other than the interest on the bonds, was not credited until the current fiscal year (1926-27), when \$258,885.21 was credited to the account representing interest due and accrued up to December 31, 1925. This amount together with the \$7,078.85 profit from the sale of the bonds gives an amount of \$265,964.06 available for a further distribution in 1926-27.

#### COMMON SCHOOL FUND

Since the publication of my report for 1924-25 I have ascertained that the Common School Fund is composed of the proceeds arising from the sale of 1,000,000 acres of land in the Huron district, which were set apart under 12 Vict. (1849) Chap. 200, for the support and maintenance of Common Schools in Upper and Lower Canada. This is the last of several Trust Funds which, at Confederation, were held in trust as the joint property of Ontario and Quebec. Occasional sales of this land are still being made by the Ontario Department of Lands and Forests and the proceeds, after a deduction of 6 per cent for

expenses of management and a further deduction of 25 per cent paid the municipality in which the land sold is situated for the local Land Improvement Fund, are remitted to the Department of Finance to be credited to the Common School Fund.

#### PILOTS' PENSION FUNDS

The comparatively large increases in the St. John and Sydney Pilots' Pension Funds are due to the fact that in addition to the ordinary increase arising from the excess of receipts over disbursements, bonds to the amount of \$18,500 and \$8,800 respectively, which were held by the Department of Finance on account of these Pilots' funds, were only formally credited to the funds during the fiscal year under review.

#### RAILWAY EMPLOYEES' PROVIDENT FUND

Early in November, 1925, I had occasion to draw the attention of the Department of Railways and Canals, to the rapid impairment, during the last few years, of the Intercolonial and Prince Edward Island Railways Employees' Provident Fund.

This fund was established in 1907, under the authority of Chapter 22 of the Statutes of that year, for the purpose of providing for the payment of allowances or pensions to employees who had been disabled or been retired after a certain number of years service. The Act provides for a contribution on the part of the employees of  $1\frac{1}{2}$  per cent of their monthly pay, with an equal contribution, not however exceeding \$100,000 in any one year, on the part of the railways.

The fund appeared to be in a healthy condition until after the close of the fiscal year 1920-21, the receipts exceeding the payments in each year with the exception of a comparatively small impairment during the war period. Since 1921 there has been a rapid decrease in the fund, the payments in each year exceeding the receipts, so that a balance of \$587,879.78 at the credit of the fund on April 1, 1921, was reduced to \$158,708.31 on April 1, 1925, which was still further reduced to \$85,506.06 during the first four months of the fiscal year 1925-26. I pointed out to the department that the fund would be exhausted within a month or two at the most, and that when this occurred there would be no moneys available from which to pay the allowances to the retired employees. What I anticipated occurred, the fund becoming completely exhausted in December, 1925, and payment of pensions and allowances would have had to be discontinued if the Canadian National Railways had not made special advances from time to time, as required, to meet the obligations falling due. The total amount of these special advances made during the balance of the fiscal year was \$112,161.73. I think it is sufficient to point out the indefinite and unsatisfactory condition of this fund in order that provision may be made for a proper remedy to be applied at an early date.

#### SCHOOL LANDS FUNDS

The amounts appearing in the above statement of Trust Funds as being at the credit of the Alberta, Manitoba and Saskatchewan School Lands Funds, represent the cash balances held by the Department of Finance, the principal

being invested half-yearly in Dominion of Canada 5 p.c. Debenture Stock. The apparently large decreases in the amounts at the credit of these funds arise from the fact that the principal accumulated during the latter half of 1924-25 was not invested until after the close of that fiscal year while practically the whole of the principal accumulated in 1925-26 was invested during the same year, as is shown by the following statement:—

	Alberta	Manitoba	Saskatchewan
Cash balance, March 31, 1925.....	\$ 198,373 30	\$ 34,442 85	\$ 355,925 78
Principal collected in 1925-26.....	318,102 28	40,097 32	719,569 56
	516,475 58	74,540 17	1,075,495 34
Invested in debenture stock.....	516,000 00	74,000 00	1,075,000 00
Cash balance, March 31, 1926.....	475 58	540 17	495 34

The amounts of debenture stock held on account of these funds on March 31, 1926, were: Alberta, \$7,489,000; Manitoba, \$5,820,000; Saskatchewan, \$14,307,000; a total of \$27,616,000, which is shown in the Public Accounts in Schedule "T" to the Balance Sheet under the head of "Funded Debt."

#### SOLDIERS' CIVIL RE-ESTABLISHMENT, FUND NO 3

This fund which is administered by the Department of Soldiers' Civil Re-Establishment, was established in 1922 in accordance with the provisions of the Pension Act and under regulations relating to pensions, prescribed by Order in Council of March 10, 1922.

The fund was originally established for the purpose of administering the pension payments in cases where the pensioner is incapable of expending or is not expending the pension in a proper manner or when he is not maintaining the members of his family to whom he owes the duty of maintenance. Other moneys, belonging to former members of the forces which it has, for like reasons, been deemed advisable to administer, have been deposited in this fund for purposes of administration.

In addition to the above moneys the sum of \$46,363.08 was placed to the credit of this fund during the fiscal year 1925-26 being the amount of deductions at the rate of five per cent made from the salaries of such employees of the Department of Soldiers' Civil Re-Establishment as had been appointed by the Minister to permanent positions under the authority of the Soldiers' Civil Re-Establishment Act. So far, the employees of this department have not been declared eligible to take advantage of the provisions of the Superannuation Act. The department, however, acting on its own initiative and responsibility, has made the same deductions from the salaries as would have been made if they were eligible to come under the Superannuation Act.

The authority of the department to make these deductions might well be questioned and it is possible that the fact that they are made may lead to misapprehension. I hesitate in advocating, however, the return of these deductions to the employees, for the present at least, as in the event of their being declared eligible to come under the Superannuation Act, the fact that the abatements have been made already will avoid any hardships in the collection of arrears, but these abatements should be placed in a separate account instead of being added to Fund No. 3 which was established for a definite purpose.

## SUPERANNUATION ACT 1924

Since the passing of the above Act there have arisen many questions in regard to the classes of persons who were eligible to elect to come thereunder, their periods of service, contributions and allowances. On pages d-10 to d-16 of my report for 1923-24 and d-20 to d-29 of the one for 1924-25 and 209 to 219 of the present report will be found some of the correspondence with the Treasury Board and the Justice and other Departments in dealing with these questions. Special attention is called to this correspondence as it deals with difficulties, some of which are urgent, that have arisen in the administration of the Act and that should not be overlooked in the event of any amendments to the Act being contemplated. The matters of special importance to which I refer are:—

Counting the same period of service for two retiring allowances (page d-20, 1924-25 report).

The payment of both salary and superannuation allowance to a retired official on his reappointment to the service (page d-10, 1923-24 report and d-25, 1924-25).

The granting of an allowance based upon the stated annual salary while contributions are made only on the salary received.

Counting periods of absence for superannuation purposes during which no salary was paid nor any contributions made to the Fund (page d-12, 1923-24 report, pages d-21 to d-24, 1924-25 report).

## MISCELLANEOUS STATEMENTS

A number of miscellaneous statements dealing with special features of the activities of the Government will be found on pages 164 to 204 of this volume. To the statements which were given in my report for 1924-25 I have this year added statements dealing with the following subjects:

Three Thousand Family Settlement Scheme

Canadian Government Elevators

Canadian Grain Inspection Divisions

Yukon Territorial Government Liquor Account, with Balance Sheet and Profit and Loss Statement.

Notes in connection with the various statements are given below, and in other chapters of this report.

## ARREARS DUE

The statements of arrears due to the Dominion Government, which are presented in the same form as last year, are shown on pages 164-165 of this volume. None of the amounts due the government which appear among the assets in the Balance Sheet of the Dominion are included in these statements.

Arrears Due—General.—The amount of arrears shown for 1924-25 is \$1,775,954.70 greater than the amount given in my report for 1924-25. This results from my adding to the statement the amount of interest reported by the Interior Department as being due on Seed Grain Advances, which was omitted from last year's statement. It will be noted that the total of Arrears Due—

General, as at March 31, 1926, of \$11,860,591.35 shows a decrease of \$719,123.62 from the total for the preceding year, mainly due to the reduction in respect of Dominion Lands—Saskatchewan and Alberta Pre-emptions, to the amount of \$1,000,000. I have been informed by an officer of the Department of the Interior that practically the whole of this reduction was due to two separate causes—(1) the collection of arrears to the amount of some \$375,000 and (2) the cancellation of sales, on account of the purchasers not carrying out the terms of their agreements, in which cases the lands are re-possessed by the department and the indebtedness written off. It is my intention to make, during the current year, an examination into the method followed in the Department of the Interior of dealing with these land sales. The overdue principal and interest from sales of Dominion Lands still constitute the greater portion of the arrears shown in this statement. No action has been taken as yet in regard to such arrears as may be considered irrecoverable.

Interest accrued and due, on Loans and Advances to Railways, Government Merchant Marine and Harbour Commissioners.—The amount of interest accruing during the year 1925-26 on these loans and advances was \$37,126,121.98 which increased the total arrears due under this head from \$191,113,323.87 on March 31, 1925, to \$228,239,445.85 on March 31, 1926. These arrears are the accumulation of interest on advances which are shown in schedules "K" and "L" to the Balance Sheet of the Dominion as non-active assets.

Principal in Arrears on Sales of Indian Lands—Indian Trust Fund—The figures given in this statement represent the amount of principal moneys only, arising from the sale of Indian Lands, due on March 31, 1926, as no statement of the interest due was furnished me by the Department of Indian Affairs. The arrears of principal due on March 31, 1926, were \$1,704,666.02 as against \$1,897,783.78 due on March 31, 1925, a reduction of \$193,117.76.

#### LOANS, SUBSIDIES AND GRANTS, CONTRIBUTIONS AND ALLOWANCES

I desire to call attention to the remarks in my last year's report regarding the payment of grants for specific purposes which, in my opinion, should be specially voted. If this procedure cannot be generally observed, there should be inserted in any general vote from which grants are proposed to be made a clause to the effect that grants for specific purposes may be made from the vote subject to the approval of the Governor in Council. If no such provision is made in the wording of the appropriation I consider that I will be justified in assuming that it was not the intention of Parliament that such appropriations should be used for the payment of grants of any kind.

In the statement given on pages 167 to 169 of this volume payments of this nature which were made from general votes are indicated by an asterisk.

#### LEGAL EXPENSES, DISBURSEMENTS AND TAXED COSTS

Following the practice of previous years a statement of the legal expenses paid during the year has been compiled from the statements of expenditure rendered by the various departments and will be found on pages 169 to 177 of this volume. This statement is composed of two parts, the first part giving the total amounts paid each legal firm or individual lawyer, the second showing the amount of legal expenses paid by the various departments. It is the intention to indicate separately in future reports, the payments of costs which have been taxed against the government. The total amount shown by the statement as having been expended during the year for legal expenses is \$223,995.80 which is \$17,950.46 less than that expended in 1924-25.

## AUDITOR GENERAL'S REPORT, 1925-26

## ADVERTISING, PRINTING AND LITHOGRAPHING

The usual statement of payments made during the year by the various departments for advertising and for printing and lithographing will be found on pages 178 to 194 of this volume. In this statement the names of Canadian newspapers, printing establishments and publishing houses receiving payment for work of this nature is given with the total amounts received by each. The expenditure for advertising and printing on account of Dominion Elections is however shown only in total amounts for each province. The amount of work done outside of Canada is also shown in totals only, under the heads of United States and British and Foreign respectively. The amount expended for advertising during 1925-26 exceeded the amount expended in 1924-25 by about \$30,000, while the amount expended for printing increased by about \$268,000, due almost entirely to the cost of election printing.

## EXPERIMENTAL FARMS

The statement given on page 195 of this volume, is a summary by provinces of the expenditure and revenue of the Experimental Farms. It is compiled so as to exhibit the total operating expenditure and also the total of the expenditure on the construction and maintenance of buildings on each farm. Other remarks in connection with the Experimental Farms are given in a separate chapter.

## SUPERANNUATION AND PENSIONS—CIVIL AND MILITARY

The state of each of these funds at March 31, 1926, together with the operations for the year, are given on page 197. The total expenditure for 1925-26 was \$38,880,471.58 as compared with \$36,669,913.44 for 1924-25, an increase of \$2,210,558.14. This subject is dealt with at greater length in another chapter of this report.

## PUBLIC WORKS—GRAVING DOCKS—REVENUE AND EXPENDITURE

There is a decrease of \$7,254.70 in the total revenue derived from dry docks and repair slips in 1925-26 as compared with 1924-25. The Esquimalt (old) dock shows a decrease of \$17,535.05 and the other docks show a total gain of \$10,280.35. The net cost in 1925-26 was \$32,926.54 as compared with \$29,280.02 in 1924-25. Payments were made for the new Esquimalt dock for power supply and fixtures to the amount of \$13,838.58. No vessels had entered this dock prior to April 1, 1926. The comparative statement of Revenue and Expenditure for the past three years is shown on page 196 of this volume.

## PUBLIC WORKS—TELEGRAPHS—REVENUE AND EXPENDITURE

The revenue derived from the Government Telegraphs in 1925-26 was \$287,719.58 being an increase of \$4,823.15 over the year 1924-25. This increase would have been greater if the Yukon system had been in complete operation for the whole year. It will be noted that the revenue of this latter system decreased \$5,078.87 as compared with that of 1924-25.

The expenditure, in connection with the cost of operations of these Telegraphs, was \$767,350.90 being a decrease of \$60,832.74 as compared with 1924-25.

The comparative statement of the revenue and expenditure for the last three years is shown on page 196 of this volume.

## CANADIAN GOVERNMENT ELEVATORS—GRAIN INSPECTION DIVISIONS

The operation of the Canadian Government Elevators is under the management of the Board of Grain Commissioners. Financial statements for the year ended July 31, 1926, are given on page 199. Owing to the fiscal year governing the operations of the grain elevators not coinciding with that of the government year, the figures in these statements do not agree with those appearing in Part ZZ, Volume II, Trade and Commerce Department.

The Grain Inspection Divisions, also, are under control of the Board of Grain Commissioners and Statements of Revenue and Expenditure in connection therewith appear on page 200 of this volume. These statements are for the year ended March 31, 1925, more recent statements not being available.

The figures regarding the Canadian Government Elevators and also the Grain Inspection Divisions have been summarized from the detailed reports submitted to the Board of Grain Commissioners by the firm of chartered accountants responsible to the commissioners for the audit.

## PACIFIC CABLE

The Statement of Receipts and Disbursements for the fiscal year 1925-26 as published by the Pacific Cable Board is reproduced on page 204 of this volume. No official communication has been received by me respecting the correspondence which was published in my report last year.

## IMPERIAL PENSIONS

The audit on behalf of the Comptroller and Auditor General of England of Imperial War Pensions paid to residents in Canada or the United States which I undertook at the request of the Minister of Finance terminated on March 31, 1926, as the Imperial Ministry of Pensions has established from that date a sub-department at Ottawa through which these pensions and other allowances are now paid.

The audit of these payments now comes as a matter of course directly under the Comptroller and Auditor General of England and his staff.

In his report to the British House of Commons for the fiscal year 1925-26 the Comptroller and Auditor General makes the following appreciative reference to the services rendered by the Government of Canada in this connection:

"I take this opportunity of calling attention to the great assistance which has been rendered to me by the Government of the Dominion through their Auditor General and his officers, and of acknowledging the facilities which they afforded to a representative of my Department who accompanied a mission from the Ministry of Pensions to Canada in 1925."

The Public Accounts Committee, also, in their report to the House of Commons, refer to these services in the following terms:—

"Your Committee wish to call attention to the good offices of the Government of the Dominion in this matter and to express their most cordial acknowledgments of the assistance which the Auditor General of Canada and his officers have given to the Comptroller and Auditor General."

## AUDITOR GENERAL'S OFFICE

The average number of employees on the staff of this office during the year 1925-26, exclusive of those temporarily employed in connection with the payment of election accounts, was 196 as compared with 205 in the preceding year. Of those employed in 1925-26, 80 were men as compared with 70 in 1924-25.

There was a slight increase per capita in the leave of absence during the year over that of the preceding year, due to serious illness of several employees necessitating long periods of leave. Some of these employees have since been retired.

Some idea of the volume of work performed in this office may be gathered from the statement that, without taking into account the examination, audit and payment of election accounts and inspection work, some fifty millions of documents of various kinds, including letters, vouchers, applications for letters-of-credit and for payments, bonds, coupons and notes cancelled, etc., were dealt with in the course of the year.

I feel I should call attention to my remarks respecting the personnel and housing of the staff of this office published in my last report on pages xx and xxi which are still applicable.

No improvement has been effected in the storage facilities for the fiscal records to which I have already called attention.

## FORM OF ANNUAL REPORT

My report this year is published in two volumes instead of in three as formerly. Volume I contains (a) the Introductory Remarks, (b) Summaries and Statements of the Appropriation Accounts, (c) Departmental Summaries of Revenue and Expenditure, (d) Open Accounts and Trust Accounts, (e) Miscellaneous Statements, (f) Treasury Board Correspondence, (g) Correspondence exchanged between this Office and the Departments.

Volume II is now to all intents and purposes an annex to Volume I and comprises the details of revenue and expenditure alphabetically arranged in the order in which the departmental summaries of revenue and expenditure are shown on pages 78 to 125 in this volume.

Through having effected further improvements in the methods and organization of my office, which have a direct bearing on the preparation of my report, I have been able to arrange and classify the contents to better advantage. I have also eliminated the duplication of matters which are published by the respective departments, inserted in précis form the correspondence with the departments and summarized or generalized certain expenditure, without eliminating amounts paid to each person or firm for services or the description of such services or purchases, except in regard to small purchases. In so doing and without any fundamental difference in the information given in previous reports, on the contrary adding considerable new information which did not appear in past reports, I was able to reduce to a large extent the size of my report which this year has 1694 pages as against 2260 pages last year.

Instead of publishing in full the correspondence with the several departments for the fiscal year under review in respect of any criticisms or objections which I deemed necessary in connection with expenditure, I have inserted on pages 235 to 246 of this volume a précis of the objections raised and of the departments' explanations in respect thereof with the view of conveying to the House of Commons these objections or criticisms in condensed form. To this new departure is due to a considerable extent the reduction in the size of my report.

The précis published should not be taken as an indication of the volume of correspondence with the several departments during the year as there were many communications respecting expenditure and revenue in which the points raised were not of sufficient importance to report or were satisfactorily explained.

It has seemed to me that the main points of any criticisms of expenditure which I felt called upon to make will be perceived more readily from this précis than by publishing the correspondence in full. Of course the correspondence in every instance can be produced, if deemed necessary by the House of Commons or the Public Accounts Committee.

I trust it will be found that the reduction in the size of my report has been attained without impairing the usefulness of the report as an impartial presentation of the expenditure made during the fiscal year by the various departments from the parliamentary appropriations placed under their administration by the Governor in Council.

This report has been so compiled as to give a comprehensive idea of all matters connected with financial activities of the Government which come under my audit, and to facilitate reference to the various sections.

The great variety of payments for personal services, materials, supplies, etc., makes it a very difficult matter to provide a classification of expenditure equally applicable to all departments. However, the following classification which has been made by this office for the first time and which it is my aim to develop and improve still further in future, is comprehensive and enlightening and affords very valuable information in a condensed form for the House of Commons:—

1. Salaries and Wages.
2. Travelling Expenses.
3. Materials, Supplies, Repairs, etc.
4. New Automobiles and Auto repairs and Renewals.
5. Printing and Stationery.
6. Miscellaneous.
7. Other Outlay.
8. Grants, Subsidies, etc.
9. Refunds and Adjustments.

By segregating details of revenue and expenditure in Volume II, the more important information, required for a close study of government financial activities and the control of Public Funds, is rendered more readily accessible.

Until such time as Parliament may deem it advisable to amend the Consolidated Revenue and Audit Act and to adopt measures similar or otherwise to those I have mentioned in my two previous reports, the general order and form of the present report will not vary to any extent.

#### SUGGESTED CHANGES IN THE FORM OF THE PARLIAMENTARY APPROPRIATIONS

Sections 41 and 57 of the Consolidated Revenue and Audit Act impose upon me the duty of ascertaining that all expenditures are governed by direct parliamentary authority. The wording of these sections makes it obligatory on me to satisfy myself that there is parliamentary authority for the expenditure and that the money expended has been applied to the purposes for which such grant was intended to provide.

The purpose of the above provisions is not to limit the discretion of the responsible departments but to provide an audit of the appropriation expenditure by an independent authority in order to detect any misapplication of the grants or any deviation from the appropriations sanctioned by Parliament. The strictness with which verification is applied is the measure of parliamentary control. The greater care exercised in the preparation of the estimates, especially in regard to the description of the appropriations being distinct and definite, the more effective can be made the audit of expenditure thereunder.

On pages vi and xxii of the Introductory Remarks to my last report, I have already expressed my views on this particular feature of my examination of expenditure and stated that, in my opinion, separate definite appropriations should be made for salaries rather than their inclusion in a general vote covering salaries and other items. Also on page vii, I referred to a desire to have special mention made in the estimates for purchases of automobiles. No action has yet been taken in regard to my suggestions.

For the better control of the expenditure for salaries of the departmental staffs at Ottawa, it is required that the salaries be shown separately and in detail for the information of Parliament and explanations are usually required in Committee of Supply for all increases therein.

For the outside service, not only are the salaries not voted in detail, but as a rule they are included with other services in a general vote such as Salaries and Contingencies.

I deem it my duty to again call the attention of the House of Commons to this matter in order that I may carry out my audit with a knowledge of the purport and intention of the House in regard to these appropriations and ascertain that the intentions of the House of Commons have been duly adhered to.

#### TREASURY BOARD CORRESPONDENCE

In letters published in my previous reports I called the attention of the Treasury Board to certain classes of expenditures which in my opinion would justify the framing of regulations for the control of these expenditures. The lack of uniformity in the different departments in dealing with such expenditure and the absence of regulations which can be applied make it difficult for the departments as well as this office to control them. The following are the matters referred to with the pages of the reports where the correspondence may be found:—

No replies have been received to my letters and so far as I am aware no action has been taken on the lines I have suggested.

Under Treasury Board correspondence, pages 207 to 219, is printed other correspondence with the Treasury Board in regard to the following matters which are considered important in principle and deserving of attention for the reasons stated in the correspondence:—

- (1) The payment of money for which no provision was made by Parliament.
- (2) The employment of a messenger clerk in a department contrary to the terms of the Civil Service Act.
- (3) The eligibility of an employee to be paid a gratuity under one Act and an allowance under another on the same period of service.
- (4) The payment for a motor car from the vote for Civil Government Contingencies.

### GENERAL REMARKS

In regard to the interest payments on Dominion Bonds referred to on page 23 in my last report I have not yet succeeded in coming to an arrangement with the Department of Finance which would enable me to make such an audit of the interest payments as I consider necessary. This question has been under consideration for some months and I trust a mutually satisfactory understanding between the two departments will be arrived at before long.

The amount of constructive work which has been accomplished in my office during the year, as evidenced throughout the preceding chapters, is the result of the gradual introduction of improved methods, the appointment to my staff, since 1925, of a few additional highly qualified men, and the continued efforts of my chief assistants combined with the goodwill of the subordinate staff. The extent and importance of the numerous changes effected in the method of presenting the various statements, accounts and information in this report will be more readily appreciated by a comparison with reports of previous years.

It will not be possible to further improve the form of my future reports to any appreciable extent until such time as:—(a) the estimates are presented on a different basis; (b) the accounts of all departments are standardized upon lines more adaptable to present conditions of administration and control; (c) this office has been relieved from the work of duplicating, to a considerable extent, the departmental accounts in the course of the examination of the revenue and expenditure, by being placed in a position to apply their examination directly to the original documents and books of account in each of the respective departments.

Until such time as these changes are introduced, my efforts will have to be directed mainly towards the improvement of the existing methods of audit in my office, with the view of bringing about, as nearly as possible, a *pari passu* examination of the expenditure, and I hope that, in my next report, I shall be in a position to report further progress in this direction.

No matter how complete is the examination by my office of revenue collection and of expenditure, its efficacy will depend, to a great extent, on the effectiveness of the methods of internal control existing in the respective departments and in the safeguards provided by such methods.

I am of opinion that this much desired control would be greatly enhanced if the collecting offices and the outside branches responsible for expenditure were inspected by competent officers of the department once a year or more frequently as the volume of business transacted might necessitate. Copies of the reports submitted by these officers should be sent to this office.

I desire to express my appreciation of the considerable efforts made during the year by my chief officers and the staff generally in order to accomplish the new and enormous task of classifying all expenditures and a part of the revenue, at the same time carrying on the ordinary routine work of the office, besides making the additional inspections and examinations and performing the work necessary in regard to the two recent elections.

# RAPPORT ANNUEL DE L'AUDITEUR GÉNÉRAL

CONFORME À

## LA LOI DU REVENU CONSOLIDÉ ET DE LA VÉRIFICATION

J'ai l'honneur de présenter mon rapport de l'année financière terminée le 31 mars 1926 en conformité de la loi du revenu consolidé et de la vérification.

### FONDS CONSOLIDÉ

#### REVENU

Comme il appert par l'état des revenus, page 72, et par les sommaires plus détaillés des revenus et des dépenses des divers ministères, pp. 78 à 125, le revenu de l'année financière terminée le 31 mars 1926 s'élevait à \$383,020,826.58, en augmentation de \$31,488,553.87, sur l'année précédente, la comparaison s'établissant ainsi:

	1925-1926	1924-1925	Diminution	Augmentation
Revenu général et casuel.....	\$372,210,419 81	\$335,502,150 75	.....	\$36,708,269 06
Intérêt des placements.....	8,535,035 77	11,332,328 50	\$2,797,242 73	
Guerre et démobilisation, recettes.....	127,817 52	16,880 28	.....	110,937 24
Recettes diverses (appendice n° 38 des Comptes publics).....	2,147,503 48	4,680,913 18	2,533,409 70	
	383,020,827 58	351,532,272 71	.....	31,488,553 87

Cette somme de \$383,020,826.58 est conforme au montant des revenus indiqué à la page 5 des Comptes publics préparés par le ministère des Finances. Elle ne comprend pas les produits des postes qui ont servi à acquitter les traitements et allocations des maîtres de poste ruraux, soit \$6,104,320.80; ni un montant de \$19,275,654.21, inclus d'abord dans le revenu déposé au crédit du Receveur général, puis remboursé sous forme de drawbacks de douanes, remboursements de taxes d'accise et autres déboursés de même ordre imputables sur le revenu.

Dans mes rapports antérieurs, j'ai signalé à la Chambre des communes la retenue d'une partie des produits des postes et le paiement des drawbacks, etc., à même les revenus, dont il est question au paragraphe précédent.

Le détail des recouvrements de dépenses imputables sur le capital, dont le total s'élève à \$268,841.30 et qui paraissent au bas de la page 5 des Comptes publics, est donné au Vol. II, pp. O-67, V-130 et W-76 de mon rapport. Ils ne sont pas compris dans les revenus de \$383,020,826.58 de l'année qui fait l'objet de ce rapport, non plus que les remboursements d'avances portés aux comptes ouverts, dont la liste paraît à la page 73 du présent volume.

Un total de \$3,553,158.74, soit une augmentation de \$566,772.88 sur l'année précédente, a été crédité au revenu casuel et compris dans la somme de \$383,020,-826.58. A la page 75, est publié un état classifié du revenu casuel, dont voici un résumé:

Permis, licences, intérêt, loyers, timbres . . . . .	\$1,385,935 29
Produits des ventes de propriétés, matériaux et fournitures, etc. . . . .	703,329 02
Recettes diverses . . . . .	387,603 32
Remboursements de dépenses . . . . .	1,076,291 11
	<u>3,553,158 74</u>

## DÉPENSES

Dans la loi de finances de l'année qui fait l'objet du présent rapport, il a été pourvu à des dépenses estimatives de \$248,908,519.00, en diminution de \$2,359,332.39 sur l'année financière 1924-1925. A cette somme doivent être ajoutées les dépenses engagées en vertu de lois spéciales, lesquelles s'élèvent à \$175,556,106.21, soit une augmentation de \$1,690,195.09. Par conséquent, le total des crédits et des déboursés faits en vertu de lois spéciales s'est élevé à \$424,464,625.21, comparativement à \$425,133,762.51 en 1924-1925, chiffres qui accusent une diminution nette de \$669,137.30.

L'état suivant comprend les dépenses engagées en vertu de crédits et imputables sur le fonds consolidé durant l'année terminée le 31 mars 1926:—

## COMPTES DES CRÉDITS

Aux pages 8 à 71 du présent volume, paraissent les comptes des crédits que les divers ministères m'ont transmis pour que je les vérifie, conformément à l'article 51 de la loi du revenu consolidé et de la vérification et qui ont été approuvés de la manière prescrite par la loi.

Ces comptes démontrent que les dépassements de crédits s'élèvent à \$1,174,-838.50, soit une diminution de \$820,811.29 sur l'année précédente. Voici la liste de ces dépassements:—

Le Parlement devra pourvoir par un crédit à ces dépenses en trop et aussi à un dépassement de crédits de \$1,995,649.79, lequel s'est produit en 1924-1925.

Voici l'état comparatif des dépassements de crédits des trois dernières années:—

Les explications des dépassements de crédits, que m'ont fournies les chefs de services, sont jointes aux comptes des crédits, de même que les explications relatives aux crédits non utilisés que j'ai obtenues. Les observations que j'ai faites l'an dernier au sujet de ces dernières notes et de l'obligation qu'ont les ministères de me les fournir sont encore dans l'ordre.

La dépense réelle de l'année financière est inférieure de \$55,016,026.55 aux prévisions des lois de finances, tandis que l'année précédente, elle l'était de \$61,836,587.41. Cette marge considérable est due surtout aux économies de \$40,000,000 réalisées en 1925-1926 et de \$46,527,000, en 1924-1925, dans les crédits applicables aux prêts au Chemin de fer national canadien. Il me semble que je devrais être en mesure de faire connaître à la Chambre des communes les explications des ministères sur ces crédits non utilisés.

Aux comptes des crédits sont aussi jointes des notes de vérification relatives aux déboursés qui ont fait l'objet d'objections ou d'observations communiquées aux ministères intéressés. Un précis des lettres échangées sur les mêmes sujets est publié dans une partie distincte du présent volume.

L'excédent des revenus sur les dépenses de 1925-1926, soit \$55,711,045.04, établi par le ministère des Finances, paraît aux pages 4 et 5 des Comptes publics. Pour établir la concordance entre le montant de la dépense indiqué dans mon rapport et celui des Comptes publics, il a été nécessaire de dresser l'état qui suit:—

Revenus.....				\$383,020,826 58
Montant de la dépense indiqué dans mon rapport	\$370,623,437 17			
Déduire les articles suivants non inclus dans l'état des revenus et des dépenses paraissant aux Comptes publics:

Excédent des revenus sur les dépenses indiqué dans les Comptes publics.....				\$55,711,045 04

Le total de \$370,623,437.16 de dépenses imputables sur le fonds consolidé, indiqué dans l'état précédent, comprend \$130,691,493.21 d'intérêt sur la dette publique et une somme de \$45,968 241.20 de déboursés résultant de la guerre, dont le détail paraît à la page 8 de l'introduction, où est également établie la comparaison avec l'année précédente.

### VÉRIFICATION DU REVENU

Je n'ai pu cette année étendre autant que je me le proposais la vérification des revenus. Les motifs en sont indiqués dans une autre partie de mon rapport. Cependant, il a été fait plus de travail que par le passé. Les chefs des services de mon bureau ont consacré beaucoup de temps à cette partie de leur travail et ont tenté en outre d'uniformiser les méthodes de la comptabilité des recettes et du dépôt des fonds. Ils y ont réussi dans une large mesure.

Aux pages 72 et 73 du présent volume, on trouvera un état sommaire des recettes de l'année. Le revenu ordinaire, qui s'est élevé à \$380,745,505.58, y est réparti par ministères et le revenu spécial, soit \$2,275,321, y est indiqué séparément. L'état comparatif du revenu ordinaire de 1924-1925 et de 1925-1926, réparti par ministères, paraît aux pages 76 et 77. Ce dernier état indique les augmentations et les diminutions par services et une augmentation totale de \$33,911,026.33 du revenu ordinaire comparativement à celui de l'année précédente.

### REVENU CASUEL

Sous le titre de "revenu casuel", sont consignées les recettes diverses qui ne sont pas portées à des comptes distincts dans le grand-livre du revenu de l'Etat. Comme la somme de ces recettes a considérablement augmenté, par exemple, celle des droits de brevets et des droits perçus par le secrétaire d'Etat et comme elles n'ont pas un caractère provisoire, il serait bon de voir s'il ne vaudrait pas mieux les inscrire à de nouveaux comptes distincts.

En 1925-1926, on a porté au chapitre du revenu casuel une somme de \$3,553,158.74, soit une augmentation de \$566,772.88 sur l'année précédente. A cause de la nature variable de cette catégorie de recettes, il est impossible d'in-

diquer dans chaque cas la source de cette augmentation. On trouvera le détail du revenu casuel, réparti par ministères, dans les diverses parties du volume II et à l'appendice 14, page 109, des Comptes publics.

Dans mon dernier rapport, je déclarais qu'il m'avait été impossible de faire une analyse complète du revenu de l'année dernière, en particulier du revenu casuel. J'ai tenté, cette année, de créer une classification partielle de ces dernières recettes. A la page 75, on trouvera l'état du revenu casuel, classifié sous les rubriques suivantes:—

- (1) Revenus divers, y compris les permis, licences et certificats, les droits, péages, intérêts divers, loyers de matériel et d'immeubles, etc.
- (2) Ventes d'immeubles, de matériaux, fournitures, etc., y compris les ventes effectuées aux fermes expérimentales et aux pénitenciers.
- (3) Recettes diverses.
- (4) Les recouvrements de dépenses des années antérieures, y compris les recettes provenant de travaux exécutés par certains ministères, etc.

Sous la rubrique " Recettes diverses ", on a porté les sommes suivantes:—

Transferts du compte d'avances de l'imprimeur du Roi, division des impressions.—Montant de l'inventaire au 31 mars 1925, représentant les approvisionnements accumulés à cette date à même les excédents d'explo- itation.....	\$314,713 87
Excédent des revenus sur les dépenses de 1925-1926....	49,507 09

Bien que ces montants doivent être ajoutés au revenu de l'année, ils ne sont que le résultat de redressements de transactions antérieures. Dans un sens très large, elles pourraient être classées dans la catégorie des remboursements de dépenses. Je traite cette question plus au long dans un autre chapitre de l'introduction.

#### DIVERSION DU REVENU

Dans chacun de mes rapports antérieurs, j'ai parlé des recettes qui, au lieu d'être déposées au crédit du Receveur général, ont servi à acquitter certaines dépenses et j'insistais sur deux cas.

Le premier se rapportait à certaines exploitations agricoles de la réserve indienne de Muscowpetung entreprises en rapport avec le compte d'accroissement de production du commissaire des sauvages. Les travaux ont été poursuivis en 1925 et les recettes déposées au crédit de ce dernier, qui les a employées à acquitter les frais d'exploitation. Comme résultat des transactions de l'année, le solde de l'année précédente est passé de \$10,035.95 à \$13,570.89. L'état de ce compte paraît à la page 141 de ce volume. On y verra qu'en plus des dépenses réelles de la ferme, certains déboursés ont été faits, sans qu'ils aient un rapport immédiat avec l'exploitation agricole et sans avoir été dotés de crédits. On a également exploité la ferme en 1926. Certains déboursés sont acquittés à même les crédits applicables aux affaires indiennes, tandis qu'on en solde d'autres à même les recettes de la ferme, bien qu'ils ne se rapportent pas expressément à l'exploitation.

J'ai signalé, en second lieu, qu'une partie considérable des recettes des fermes expérimentales sont déduites des crédits. En 1925-1926, une somme de \$122,904.98 sur les \$302,164.26 du revenu total a été créditée au compte des crédits. Le ministère n'a pas jugé à propos de se rendre à mes observations.

Je suis toujours d'avis que les méthodes employées dans ces deux cas ne sont pas conformes à la loi. Dans le premier cas, le comptable, au lieu de déposer ses recettes au crédit du Receveur général, les a fait servir à des décaissements non prévus par la loi des subsides. Dans le second cas, bien qu'on ait remis au

Receveur général les sommes perçues, une partie a contribué à augmenter le montant des crédits accordés par le Parlement.

Des faits semblables, quoique moins évidents, se produisent dans d'autres ministères; mais le nombre en diminue graduellement, par suite de l'examen attentif des crédits effectué par mon personnel.

### VÉRIFICATION DES DÉPENSES

Ayant amélioré les méthodes employées dans mon bureau, accru l'esprit de coopération de mon personnel et le désir des ministères de collaborer plus étroitement avec moi, je puis, cette année, donner des renseignements beaucoup plus complets et plus variés sur les dépenses, ce qui aura sans doute pour effet de hâter l'amélioration graduelle et constante du mode de contrôle des fonds publics dans tous les services de l'administration.

A ce sujet, j'insiste en particulier sur l'intérêt des chiffres qui suivent provenant de la nouvelle classification des dépenses, dont la préparation a rencontré beaucoup d'obstacles, et expliquée plus au long dans un autre chapitre. J'espère que le but que je me proposais sera atteint, c'est-à-dire de renseigner la Chambre plus complètement au sujet des fonds publics.

Aux pages 2 à 7 du présent volume, on trouvera les états généraux relatifs aux déboursés, sous ces rubriques "Etat sommaire des crédits et des dépenses par services", "Etat comparatif des dépenses par services", "Etat sommaire des crédits et des dépenses, par ministères". Dans chacun de ces états, le total des dépenses de l'année s'établit à \$370,623,437.16, ce qui indique une différence de \$26,246,265.40 avec le total de \$344,377,171.76 qui paraît à la page 4 des Comptes publics, sous les rubriques de "Dépenses ordinaires", "Dépenses extraordinaires" et "Compte de capital". A la page 5 du présent volume, est établie la concordance entre ces deux séries de comptes.

A la fin de chacune des parties du volume II, on trouvera la classification des dépenses de chaque ministère sous un certain nombre de rubriques. Ces états ont été résumés, aux pages 126 et 127, du présent volume dans la "Classification sommaire des dépenses". L'état qui précède constitue le développement de la classification établie à la page xxix de l'introduction de mon rapport de 1924-1925. Le tableau suivant des dépenses est disposé comme celui de l'an dernier et renferme la comparaison des pourcentages:

Catégorie de dépenses	Somme	Pourcentage du total		Augmen- tion ou diminution du pour- centage
		1925-1926	1926-1927	
Intérêt de la dette.....	\$130,691,493 21	35.26%	36.90%	-1.64%
Otrois, subventions, allocations, etc.....	19,911,093 66	5.37	5.61	-0.24
Pensions.....	38,880,471 53	10.49	10.04	0.45
Dépenses non classées, y compris celles du gouver- nement civil.....	140,460,160 15	37.90	36.85	1.05
Prêts et avances.....	23,611,488 90	6.37	5.88	0.49
Dépenses imputables sur le capital.....	17,068,729 66	4.61	4.72	-0.11
Total.....	370,623,437 16	100.00	100.00	

Ce n'est qu'après beaucoup de réflexion que cette classification a été inaugurée. Je me propose de m'y tenir et de l'améliorer, car elle est inestimable pour permettre l'analyse et la comparaison des transactions de chaque année financière.

Les ministères aideraient beaucoup au perfectionnement de cette classification, s'ils adoptaient de nouveaux modèles de livres et de formules de comptabilité d'après lesquels seraient établis les relevés envoyés à mon bureau. Mon personnel collaborera avec les comptables des ministères en vue de réaliser l'uniformité dans les méthodes de comptabilité.

L'état des dépenses qui précède comprend \$17,068,729.66 de déboursés imputables sur le capital, soit 4.61 p. 100 des dépenses totales, contre 4.72 p. 100 en 1924-1925. À la page x des Comptes publics, le montant de dépenses imputables sur le capital est porté à \$17,067,390.22. La différence est due à ce que j'ai compris dans ces dépenses une somme de \$1,339.44 versée au département des Affaires indiennes en paiement d'un terrain exproprié pour la construction d'une nouvelle voie du chemin de fer du Pacifique canadien.

Vici l'état des dépenses de l'année résultant immédiatement de la guerre, à part l'intérêt de la partie de la dette nationale due à la guerre et la comparaison avec les déboursés de la même catégorie encourus en 1924-1925:—

	1925-1926	1924-1925	Augmenta- tion	Diminution
Règlement de dommages de guerre.....	\$ 319,210 31	\$ 523,811 55		\$ 204,601 24

Augmentation nette.....			872,974 95	

Dans mon rapport de 1924-1925, j'ai indiqué approximativement la proportion du total des dépenses soumises à la vérification préalable, en tout ou en partie. Sans donner de chiffres, je crois pouvoir dire que cette proportion a été plus considérable cette année.

Selon la coutume que j'ai établie d'examiner les livres d'un aussi grand nombre que possible de bureaux extérieurs des ministères, mon personnel a visité un grand nombre de bureaux de douze des plus importants services de l'administration. Ces examens sont très utiles aussi bien aux ministères qu'à mon bureau et je me propose d'en augmenter le nombre.

Dans mes rapports de 1923-1924 et de 1924-1925, je signalais l'urgence de l'étude des importantes modifications à apporter à la méthode de vérification et les avantages qui résulteraient de la nomination, par le conseil du Trésor et à chaque ministère, d'un comptable contrôleur responsable au Parlement. J'insiste sur ce point, étant convaincu plus que jamais que l'emploi de ces fonctionnaires serait d'un grand secours dans l'administration publique et produirait des économies.

Bien qu'on n'ait pas modifié en ce sens le mode de vérification des déboursés, la surveillance exercée par mon bureau s'est améliorée de beaucoup. Les ministères, pour ainsi dire sans exception, me fournissent les explications et les renseignements requis. Dans plusieurs cas ils consentent à modifier leurs méthodes d'après les avis de mon bureau. En général, les états et les pièces justificatives de dépenses sont présentés dans une meilleure forme que lorsque je suis entré en fonctions.

On trouvera aux pages 130 à 163 du présent volume l'état des comptes ouverts et des comptes fiduciaires que j'ai jugé à propos de publier. Dans les rapports antérieurs, ces états étaient joints aux parties relatives aux ministères auxquels la gestion de ces fonds est confiée. Cette année, je les ai réunis dans le premier volume de mon rapport pour en faciliter la consultation et parce qu'ils se rapportent aux états d'ordre général plutôt qu'au développement des dépenses inscrites aux comptes des crédits. A ces comptes ouverts ont été joints les états des dépenses faites à même les octrois sujets à ma vérification et un certain nombre de comptes fiduciaires gérés par des ministères qui ne paraissent pas dans les livres de l'Etat. Mon bureau fait un examen beaucoup plus complet de ces comptes, comme on le verra par l'augmentation du nombre d'états publiés dans le présent rapport, comparativement à l'an dernier.

#### COMPTES D'ÉLECTIONS

Comme je le faisais remarquer dans mes rapports antérieurs, il m'incombe, en vertu de l'article 77 de la loi des élections fédérales, de vérifier et d'acquitter tous les comptes de dépenses occasionnées par les élections. A mes fonctions ordinaires s'ajoutent donc, alors, l'examen initial de ces comptes et la comptabilité qui s'y rapporte.

Tous ces comptes ont été examinés avec beaucoup de soin. D'accord avec le directeur général des élections, j'ai réduit le montant de certains.

On comprendra facilement l'importance de ce travail qui, jusqu'à un certain point, bouleverse la routine de mon bureau, si l'on songe que, durant la dernière année financière, mon personnel a fait, à ce propos, 97,655 chèques, dont chacun portait deux signatures et dont le total s'élevait à \$1,786,099.90. La préparation des chèques ne constitue qu'une minime partie du travail, qui comprend l'examen des comptes des officiers rapporteurs, des reviseurs, régistrateurs, imprimeurs, sous-officiers rapporteurs, greffiers de scrutin, etc. La réception et le renvoi des dépôts des candidats m'incombe aussi, en vertu des dispositions de la loi.

Vingt-six employés permanents de mon département ont été employés à ce travail pendant une moyenne de quatre mois, lors des élections de 1925. Leurs appointements se sont élevés à \$14,351.00 et ont été imputés sur le compte des traitements ordinaires de mon bureau. Les surnuméraires de ce service ont touché \$8,327.38, somme qui est imputée sur le compte des frais d'élections. (Voir Vol. II, page N-61.)

Bien qu'il en ait été à peu près de même lors des élections de 1926, j'ai pris des mesures, qui ont donné des résultats très satisfaisants, pour hâter l'expédition du travail.

#### PAIEMENTS EFFECTUÉS APRÈS LA FIN DE L'EXERCICE FINANCIER

En vertu de l'article 61, paragraphe *e* de la loi du revenu consolidé et de la vérification, il m'incombe de signaler à la Chambre des communes, dans mon rapport relatif aux comptes des crédits, tout versement effectué en dehors de l'exercice financier. Je dois, en conséquence, noter qu'on a acquitté, durant l'année qui fait l'objet du présent rapport, près de deux millions de comptes dus le ou avant le 31 mars 1925, si j'en juge par les pièces justificatives qui m'ont été envoyées.

Dans mes rapports antérieurs, j'ai insisté sur cette question et j'ai indiqué la raison du retard de ces paiements. J'ai aussi exprimé l'avis qu'il en sera ainsi tant qu'on n'aura pas aboli l'amendement de 1922 à la loi du revenu consolidé et de la vérification (12-13 Georges V, chap. 15). Comme on ne l'a pas encore fait disparaître, je renouvelle les réflexions que je formulais à la page xxx de mon dernier rapport.

#### ACHAT ET FRAIS D'ENTRETIEN DES AUTOMOBILES

Durant l'année qui fait l'objet du présent rapport, le total des frais d'achat et de réparation des automobiles pour tous les ministères se sont élevés à \$343,428.78, non compris le prix de l'essence ou de l'huile.

Ce mode de transport étant universellement employé, il est nécessaire, pour assurer l'économie, d'en exercer un contrôle plus rigoureux. Les ministères devraient tenir compte des dépenses occasionnées par l'essence, les réparations, les renouvellements, etc. Ces renseignements, de même que l'état du parcours exécuté, serviraient efficacement à assurer la réglementation des frais d'automobiles.

#### TRAVAUX D'IMPRESSION ET DE RELIURE EXÉCUTÉS EN DEHORS DE L'IMPRIMERIE NATIONALE

Conformément à la loi de l'imprimerie et de la papeterie de l'Etat, je me suis assuré qu'à l'exception d'achats minimes, les ministères ont acheté, l'année dernière, toute leur papeterie et fait exécuter leurs travaux d'impression, soit par l'intermédiaire de l'imprimeur du Roi, soit avec son approbation. C'est une amélioration sur l'année précédente, alors qu'il a fallu échanger beaucoup de lettres à propos de travaux d'impression commandés ou de papeterie achetée sans passer par l'intermédiaire de l'imprimeur du Roi.

#### COMPTE D'AVANCES DE L'IMPRIMEUR DU ROI

En ces dernières années, on a considérablement dépassé la somme de \$200,000 que la loi permet au ministre des Finances d'avancer à l'imprimeur du Roi, car elle ne suffisait pas au paiement des traitements et des achats de matières premières qui doit être fait entre la réception et l'exécution des commandes et leur remboursement à l'imprimeur du Roi par la Chambre des communes ou les ministères intéressés.

La loi de l'imprimerie et de la papeterie de l'Etat établit la manière que le Parlement et les autres services de l'administration doivent faire parvenir leur

budget de dépenses au ministre des Finances. L'article 37 stipule que les sommes requises pour les impressions et la papeterie, indiquée dans les budgets de dépenses présentés au ministre et soumis par celui-ci au Gouverneur en son conseil, doivent être inscrites à un chapitre distinct du budget. Le Gouverneur en son conseil doit en outre assigner à chaque ministère et à chaque Chambre une somme déterminée qui peut être modifiée de temps à autre, de sorte qu'on ne dépasse pas, au cours de l'année, le total autorisé par le Parlement, en comprenant les approvisionnements.

Actuellement, on ne se conforme pas à ces dispositions de la loi. On ajoute une somme au chapitre du budget des dépenses contingentes de chaque Chambre et des dépenses contingentes du gouvernement civil des ministères pour les impressions et la papeterie. Le Gouverneur en son conseil ne peut faire le partage du total des sommes ainsi votées et, par conséquent, ne peut réglementer les dépenses engagées à même ce crédit.

On voit à l'appendice D, page 8 des Comptes publics de l'année financière terminée le 31 mars 1926, qu'il avait alors été avancé à l'imprimeur du Roi, pour les impressions et la papeterie, un total de \$741,568.71, lequel se répartit ainsi qu'il suit:—

Matières premières.....	\$454,311 54
Sommes dues par les ministères..	241,057 70
Déficit..	46,199 47
	<hr/>
	\$741,568 71

Il appert de ces chiffres que les avances ont dépassé de \$541,568.71, à la date précitée, la somme autorisée par la loi. J'ai signalé cette question dans mon rapport de l'an dernier; mais il n'a été rien fait pour autoriser une augmentation des avances à l'imprimeur du Roi.

#### TRAITEMENT DES COMMISSAIRES DU COMMERCE À L'ÉTRANGER

J'ai signalé au ministère du Commerce le paiement en francs du traitement d'un employé du bureau du commissaire du commerce à Paris. A mon sens, on devrait uniformiser la méthode de versement des appointements des fonctionnaires domiciliés à l'étranger. On devrait porter sur les chèques, en argent canadien, les sommes autorisées par la loi, que les employés convertiraient en devises du pays où ils demeurent, au cours du change.

#### LOI D'ÉTABLISSEMENT IMPÉRIAL

Comme il est stipulé dans les ententes intervenues entre les gouvernements canadien et anglais, j'ai été chargé de la vérification des livres et des comptes des transactions relatives à cette loi et résultant des ententes.

Les trois premiers accords se rapportent aux colons anglais de la classe agricole (personnes désignées à l'avance), aux domestiques, aux garçons n'ayant pas dépassé 17 ans et aux filles de moins de 16 ans, aux pupilles des institutions subventionnées par l'Etat et à un groupe de colons des îles Hébrides. Les livres où sont consignées les transactions résultant de ces accords sont tenus par le ministère de l'Immigration et de la Colonisation. J'en ai effectué la vérification, qui a fait l'objet d'un rapport au sous-ministre de ce département, de même qu'au secrétaire d'Etat de Sa Majesté, le 4 juin 1926. Dans mon rapport au sous-ministre, j'ai conseillé certaines améliorations à la méthode de tenir les dossiers et les comptes. La vérification portait sur la période allant du début des transactions au 31 mars 1925.

Par la quatrième entente, il est pourvu à l'établissement, dans l'espace de trois ans, de 3,000 nouveaux immigrants sur un nombre égal de fermes. Elle est communément appelée le "Plan d'établissement de 3,000 familles". La comptabilité se fait sous la direction de la commission d'établissement des soldats. La vérification en a été faite jusqu'au 31 mars 1926 et a été l'objet d'un rapport au sous-ministre de ce dernier département, ainsi qu'au secrétaire d'Etat de Sa Majesté, le 17 septembre 1926. La méthode de comptabilité et d'administration du plan a été trouvée très satisfaisante. A la page 198 paraissent le bilan et le compte sommaire de la caisse du "Plan d'établissement de 3,000 familles", au 31 mars 1926.

#### EXCÉDENT DE LA COMMISSION CANADIENNE DU BLÉ

Conformément aux vœux émis par la commission du blé, un arrêté ministériel (C.P. 193 du 7 février 1925) a approuvé la distribution d'une somme de \$560,000 aux provinces de la Saskatchewan, du Manitoba, de l'Alberta, de l'Ontario, de Québec et de la Colombie-Anglaise, proportionnellement aux quantités de blé livrées à la commission par les producteurs de chacune de ces provinces. Les attributions de cette commission sont définies dans un décret du conseil (C.P. 1589 du 31 juillet 1919), promulgué sous le régime des dispositions de la loi des mesures de guerre, qui porte que, "dès que la commission a reçu le paiement intégral de tout blé qui lui a été livré, il doit en être déduit tous les deniers déboursés par la commission, ou en son nom, pour frais ou autres fins se rattachant ou se rapportant à ses opérations, et la balance doit être distribuée au *pro rata* entre tous les producteurs et autres personnes portant des certificats de participation."

Au lieu de distribuer l'excédent conformément au vœu de la commission, la somme en cause (\$560,000) a été déposée au crédit du Receveur général et, à mon sens, fait partie du fonds du revenu consolidé.

Lorsque, par conséquent, on me demanda d'émettre un chèque au nom du trésorier de la province de la Saskatchewan, pour la somme de \$284,200, représentant la part d'excédent revenant à cette province, je fis valoir qu'il n'existait aucun crédit sur lequel ce montant pût être régulièrement imputé.

Plus tard, un arrêté du conseil (C.P. 1387 du 19 août 1925) autorisa l'émission d'un mandat du Gouverneur général pour la somme de \$560,000, en vue de la distribution qui doit être faite entre les provinces, conformément au vœu exprimé par la commission du blé.

Des paiements ont été effectués en conséquence et l'on porta la somme de \$560,000 au budget des crédits supplémentaires de l'année financière 1925-1926, déposé sur le bureau de la Chambre des communes.

Pour expliquer ce mode de paiement, l'arrêté ministériel dit que, bien que l'excédent fût, au sens strict du mot, la propriété des diverses personnes qui étaient en relation avec la commission du blé, toutefois, vu l'impossibilité de localiser toutes ces personnes, la méthode la plus équitable de disposer dudit excédent était de le distribuer entre les provinces de la manière conseillée par la commission du blé.

#### SUBVENTIONS AUX PROVINCES

A la page xxxii de l'introduction de mon rapport de 1924-1925, j'ai signalé les subventions trop considérables accordées aux provinces de l'Alberta et de la Saskatchewan. J'ajoutais que la Saskatchewan a remboursé ce paiement en trop.

A ma connaissance, l'Alberta n'a encore rien remboursé de l'excédent de \$468,750.

On trouvera, aux pages F-71-72-73 du volume II de mon rapport de 1924-1925, des lettres relatives à ce sujet, ainsi que l'avis exprimé par le sous-ministre de la Justice.

#### PAIEMENTS À TEMPÉRAMENT

A la page xxxvi de l'introduction de mon rapport de 1923-1924, j'ai mentionné, sous ce titre, des édifices achetés à tempérament par l'Etat pour y installer des bureaux. Les versements dus pendant la dernière année financière ont été faits à l'époque convenue, de sorte que le solde de \$976,374.19, dû aux créanciers le 31 mars 1925, se trouvait réduit à \$786,269.83, le 31 mars 1926. Ces sommes comprennent l'intérêt sur le solde du prix d'achat, lequel doit être inclus dans le versement annuel. En plus des versements ordinaires, le ministère des Travaux publics a acquitté \$1,016.93 d'intérêt sur les versements en retard. Le détail des déboursés de l'année paraît au chapitre consacré au ministère des Travaux publics, Vol. II.

#### DÉPENSES IMPRÉVUES

Les déboursés effectués durant l'année à même le crédit de \$60,000 applicable aux dépenses imprévues ont atteint le chiffre de \$30,522.81, soit une diminution de \$30,691.86, comparativement aux déboursés de 1924-1925, lesquels s'étaient élevés à \$61,214.67. La nature variable de ces dépenses rend parfois difficile, sinon impossible, toute explication satisfaisante des différences qui se produisent d'une année à l'autre. Les sommes déboursées à même le crédit des dépenses imprévues sont indiquées à la page 33 du présent volume et on en trouvera le détail dans les diverses parties du volume II, avec l'énumération des dépenses des ministères. Le Gouverneur en son conseil a autorisé à l'avance ces décaissements, comme l'exige le texte de ce chapitre du budget des dépenses.

#### FERMES EXPÉRIMENTALES

Au cours de la dernière année, un de mes employés a examiné les méthodes de perception et de comptabilité de neuf fermes expérimentales de l'est du Canada. Il a également examiné le mode de comptabilité des crédits applicables à ces fermes.

Comme il est dit au chapitre relatif à la diversion du revenu, on n'a pas encore modifié la méthode contre laquelle j'ai formulé des objections. J'avais aussi exprimé ma désapprobation du compte des échanges où sont consignés les échanges de produits agricoles pour d'autres denrées ou la vente pure et simple de produits. Le ministère a effectué les modifications que je conseillais, sauf en ce qui concerne la vente de grains de semence à l'association canadienne des producteurs de blé, dont les produits sont encore déposés à un compte de banque spécial, puis servent à l'achat de fourrage, sans qu'il en soit fait rapport à mon bureau.

Le coût net de l'exploitation des fermes, établi en déduisant des dépenses totales les produits des ventes effectuées aux fermes, s'est élevé à \$1,451,298.89, en diminution de \$63,552.96 sur l'année précédente.

Le sommaire des revenus et des dépenses des fermes expérimentales paraît à la page 195 du présent volume.

## EXPOSITION DE L'EMPIRE BRITANNIQUE

L'exposition de l'Empire britannique tenue à Wembley en 1924 a été rouverte en 1925. Le Canada y a maintenu son étalage en vertu d'un accord aux termes duquel les organisateurs de l'exposition se sont chargés des dépenses afférentes à l'exposition de 1925.

Pour faire face aux débours de l'année terminée le 31 mars 1926, le Parlement avait voté un crédit de \$250,000. Le montant dépensé pendant l'année par le ministère de l'Immigration et de la Colonisation, par l'entremise du commissaire canadien de l'exposition, s'est élevé à \$119,946.17, déduction faite des remboursements ordinaires. Sur cette somme, la compagnie de l'exposition a remboursé \$49,285.09, soit £10,144-12-3, ce qui réduit à \$70,661.08 le montant à être imputé sur le crédit précité et laisse un solde disponible de \$179,338.92. Les prix de location et la vente de papiers de rebut ont produit, pendant l'année en question, un revenu de \$230.44, qui a été déposé au compte des recettes casuelles. La compagnie de l'exposition a en outre versé \$40,122.64, soit £8,-244-7-7, pour les dépenses encourues en 1924-1925 à l'occasion de l'exposition de 1925, et ce dernier montant a été également crédité au compte du revenu casuel.

Sans compter les traitements des fonctionnaires du service des expositions en fonctions à Wembley et payés à même le crédit applicable aux expositions en général, ni les dépenses des autres services qui y ont pris part et y ont envoyé des délégués, l'exposition impériale a coûté au Canada, au 31 mars 1926, la somme de \$1,243,108.51, établie comme il suit:—

	Total des dépenses	Moins les recettes casuelles	Coût net
1923-1924.....	\$649,881 97	\$34,755 13	\$615,126 84
1924-1925.....	599,796 85	2,123 18	597,673 67
1925-1926.....	70,661 08	40,353 08	30,308 00
	1,320,339 90	77,231 39	1,243,108 51

Outre les sommes remboursées par la compagnie de l'exposition, le commissaire canadien de l'exposition a dépensé £41,038-3-8 à même les deniers directement obtenus de la compagnie de l'exposition, ce qui porte à £59,427-3-6 le montant total dépensé par la compagnie à l'occasion de l'étalage canadien en 1925.

J'ai reçu tous les livres et documents afférents aux dépenses de l'exposition et mon personnel les examine.

## LOI DES GRANDES ROUTES DU CANADA

Le développement des dépenses engagées en vertu de la loi des grandes routes du Canada se trouve dans la partie W (ministère des Chemins de fer et des Canaux), pp. 21-29.

Les allocations fédérales consenties durant l'année financière 1925-1926 se sont chiffrées à \$1,649,328.69, ce qui constitue une diminution de \$1,275,835.23 sur le total des dépenses de 1924-1925. Au 31 mars 1926, il avait été versé aux provinces une somme globale de \$18,429,107.73.

Le solde inemployé de l'allocation globale autorisée, c'est-à-dire vingt millions de dollars, s'établissait à \$1,570,822.27, le 31 mars 1926. De ce montant, il reste \$851,850.06 au crédit de la province d'Alberta. Les crédits consentis à la Nouvelle-Ecosse, au Nouveau-Brunswick, à la province de Québec et à la Colombie-Anglaise ont été épuisés.

Le solde demeuré sans emploi sera disponible jusqu'au 31 mars 1928.

## LOI DES ACCIDENTS DU TRAVAIL

Le chiffre total des dépenses encourues sous le régime de cette loi pendant l'année financière 1925-1926 s'est élevé à \$360,063.71, en augmentation de \$93,174.19 sur l'année 1924-1925. Le développement de ce montant se trouve dans la partie W (ministère des Chemins de fer et des Canaux), pp. 16-20. Sauf la somme de \$66,757.84 dépensée dans la province de Québec, où il n'existe pas de bureau provincial, ce montant a été versé aux différents bureaux des autres provinces, qui ont effectué les déboursés.

C'est le sous-ministre des Chemins de fer et des Canaux qui arrête le montant à déboursier dans la province de Québec ainsi que dans toute province où il n'a pas été institué de bureau.

## DIFFUSION DE RENSEIGNEMENTS EN VUE D'AUGMENTER LA CONSOMMATION DU POISSON

L'examen des comptes et des dossiers du "Canadian Co-Operative Fish Publicity Fund" a été fait au bureau de la société, à Montréal, de même que celui des recettes et des déboursés au 31 octobre 1925. Le compte de banque accusait un solde de \$458.84.

Le Dominion n'a pas fourni de contribution au cours de l'année financière qui fait l'objet du présent rapport.

## VÉRIFICATION DU FONDS PATRIOTIQUE CANADIEN

Conformément à la loi du fonds patriotique canadien, 1914, 5 Geo. V. chap. 8, art. 10, j'ai vérifié les comptes des deux années terminées le 31 mars 1926. A ce sujet, j'ai présenté un rapport au trésorier honoraire du fonds, le 4 août 1926. Pendant les 24 mois en question, les recettes se sont élevées à \$1,245,624.02 (y compris \$793,650.00 provenant de la vente des titres en portefeuille de ce fonds) et les déboursés, à \$1,265,851.12, soit un excédent de \$20,227.10 des déboursés sur les recettes.

Le 31 mars 1926, il y avait en caisse \$2,538,983.51, comparativement à \$3,352,860.61, soit une diminution de \$813,877.10, due à la vente d'obligations et à l'excédent des déboursés sur les recettes.

## SECOURS AUX DÉPOSANTS DE LA HOME BANK

La loi portant sur les secours aux créanciers de la Home Bank, rendue en 1925 et formant le chapitre 45, a autorisé la sortie, pratiquée sur le fonds du revenu consolidé, d'un montant ne dépassant pas trois millions de dollars en vue de payer aux déposants de ladite banque, à l'époque où elle a fermé ses portes, les montants qui leur sont dus sous le régime de cette loi.

Au cours de l'année financière, on a effectué, à même le fonds du revenu consolidé, les paiements suivants, en conformité de la loi susmentionnée:

Avances aux liquidateurs, ne devant être déboursées que conformément aux dispositions de la loi.. . . .	\$2,500,000 00
Avances à l'hon. A.-K. MacLean, président de la cour d'Échiquier, faisant fonction de commissaire sous l'empire de la loi, en vue de couvrir les dépenses encourues pour arrêter le montant des réclamations.. . . .	20,000 00
Murphy et Donald, de Toronto, pour frais judiciaires.. . . .	1,082 63
	<hr/>
	\$2,521,082 63

A différents intervalles, les liquidateurs ont soumis au ministère des Finances des états appuyés de pièces justificatives, portant sur les décaissements ne dépassant pas \$500, lesquels ont été opérés sans que le commissaire eût institué une enquête préalable, ainsi que le permet l'article 6. Le personnel du ministère des Finances a procédé, avec des fonctionnaires de mon bureau, à la vérification de ces états, conformément au désir exprimé par le ministère des Finances. Ces relevés, dressés au 31 mars 1926, font ressortir un total de \$891,273.42.

Comme le crédit n'était pas explicitement applicable aux frais d'administration, je n'étais pas sûr que les avances faites au commissaire et l'acquittement des honoraires d'avocats pussent être effectués à même ce montant de trois millions de dollars; mais le ministère des Finances m'a appris qu'il s'était assuré que ces paiements tombaient bien sous le coup de la loi.

#### CALE-SÈCHE DE HALIFAX

La société "Halifax Graving Dock Company, Limited" a construit, en 1889, la cale-sèche de Halifax. Endommagée sérieusement dans l'explosion du 6 décembre 1917, elle a été expropriée par le gouvernement fédéral. La dépense totale imputée sur le compte de capital, en rapport avec cette cale-sèche y compris les frais d'expropriation, a atteint \$1,552,827.43. A la suite de l'expropriation, on a loué, puis vendu le bassin à la "Halifax Shipyards, Limited", pour la somme de \$1,250,000 payable par versements annuels. Actuellement, le marché stipule le versement de \$50,000, le 1er janvier de chaque année, sans intérêt, sauf si l'acheteur néglige de faire un versement. A la fin de l'année financière 1925-1926, il avait été reçu \$150,000, crédités au revenu casuel; mais on continue de porter la valeur initiale du bassin de radoub, soit \$1,552,827.43, à l'actif de l'appendice G du bilan de l'Etat. Cette manière de traiter la transaction est erronée. On aurait dû, soit créditer les versements au compte de capital à titre de recouvrements de déboursés imputés précédemment sur le capital et réduire d'autant le chiffre de l'actif, soit établir un nouvel élément d'actif sous forme de compte débiteur auquel aurait été porté le prix de vente et annuler le chiffre précédemment porté à l'actif, en obtenant l'autorisation de rayer des livres la différence de \$302,827.43 entre le coût de revient et le prix de vente.

#### NOUVEAU CANAL WELLAND

Le total des dépenses encourues au cours de l'année relativement à la construction du nouveau canal Welland s'établit à \$11,960,460.11. Au 31 mars 1926, le coût net de cette entreprise atteignait le chiffre de \$62,732,552.88.

Les travaux, commencés en 1913, avancent rapidement. Des marchés sont intervenus pour tout le canal, qui s'étend de Port-Weller, sur le lac Ontario, à Port-Colborne, sur le lac Érié, soit une distance de vingt-cinq milles, à l'exception d'une faible étendue d'environ un mille et quart qu'il faut excaver.

On trouvera le développement de ces dépenses dans la partie W (ministère des Chemins de fer et des Canaux), pp. 59-66.

#### TERRITOIRE DU YUKON

Dans mon rapport annuel de 1924-1925, je mentionnais qu'un membre de mon personnel avait vérifié les comptes territoriaux et fédéraux du Yukon et je faisais allusion au rapport complet qui en est résulté. Depuis, je me suis mis

en communication avec les différents ministères intéressés relativement aux questions traitées dans ce rapport, et, en conséquence, le ministère de l'Intérieur, en particulier, a modifié les méthodes de comptabilité et d'administration en vue d'une plus grande efficacité et d'un contrôle plus étroit dans les affaires publiques du Yukon.

Il reste encore à élucider la question des prêts consentis au moyen de découverts en banque par rapport aux comptes du territoire du Yukon. Ces prêts, qui formaient un montant de \$64,000 le 31 mars 1926, n'étaient pas munis de l'autorisation législative nécessaire, semble-t-il. Un autre problème sollicite notre attention: l'administrateur public s'oppose fortement à ce que les tribunaux soient chargés d'examiner son état de compte, en vue du visa requis, à cause surtout du temps et des frais que cette méthode entraîne. Cette dernière question a occasionné des échanges de vues et de lettres entre mon bureau et le ministère intéressé.

Il ressort de ma vérification des comptes de la municipalité de Dawson que cette ville doit compter sur une aide financière importante du gouvernement du territoire. J'ai en conséquence, appelé l'attention du ministère de l'Intérieur sur cette charge qui pèse sur les ressources du territoire. Pendant les six années terminées le 31 mars 1925, il a été versé à Dawson un montant global de \$60,577, en dehors des sommes affectées aux hôpitaux et aux écoles durant cette période, ce qui constitue un total de \$223,752.74.

Dans un état des recettes et des dépenses de tous les services fédéraux du territoire du Yukon, fourni au ministère de l'Intérieur à l'occasion de la vérification précitée, il est démontré que, pour l'année 1924-1925, la charge nette pesant sur le gouvernement fédéral, déduction faite des recettes, s'est élevée à \$390,627.97, dont \$236,236.94 représentent les traitements de 91 employés de différents départements, à l'exclusion des fonctionnaires du conseil d'administration du territoire. Vu qu'un certain nombre de ces employés travaillent pour le compte de plusieurs ministères, il me semble qu'il conviendrait d'en augmenter le nombre afin de réaliser de nouvelles économies dans le service public.

Aux pages 201 à 203 du 1er volume du présent rapport, on trouvera les états dont la liste suit relativement aux activités du territoire du Yukon.

#### Territoire du Yukon

- (1) Sommaire des recettes et des dépenses du gouvernement fédéral.

Gouvernement du territoire du Yukon:

- (2) Etat comparatif des recettes et des dépenses.
- (3) Bilan au 31 mars 1926.
- (4) Etat comparatif des comptes généraux des boissons, faisant ressortir la valeur des spiritueux achetés, les ventes effectuées, les frais d'exploitation et les bénéfices nets, préparé à l'aide des rapports publiés par le trésorier du territoire du Yukon.

#### DÉPENSES IMPUTABLES SUR LE CAPITAL

Je rappelle les remarques que je faisais à la page xxxxi de mon rapport annuel de 1924-1925, concernant les dépenses imputables sur le capital. J'y signalais que, conformément au rapport d'un sous-comité spécial des Comptes publics institué en 1882 en vue du redressement du bilan du Dominion, le virement au fonds consolidé avait été fait de certains item de dépenses impu-

tées sur le capital se totalisant à \$6,447,712.68 et paraissant à l'actif à cette époque. Les principaux de ces versements se rapportaient aux chapitres suivants du bilan: Ports et Phares, Routes et Ponts, Edifices de la douane, Bureaux de poste, Vapeur de l'Etat, Travaux divers et Edifices divers. Le bilan a été rectifié à nouveau en 1908, mais à cette dernière date, le comité préposé à cette revision ne semble pas avoir apporté de changement dans les valeurs de l'actif.

D'un examen partiel des dépenses capitalisées depuis 1882, il appert que les principes établis à ce moment par la Chambre des communes, conformément aux vœux du sous-comité susmentionné, semblent ne pas avoir été appliqués, puisqu'il a été fait depuis, sur le capital, des imputations similaires à celles qui firent l'objet de redressements en 1882, comme il ressort des diverses sommes suivantes tirées de quelques-uns des chapitres de l'appendice G du bilan du Dominion:—

## Ports:

Port du cap Tourmentine.....	\$236,860 63
Port de Port-Colborne.....	904,459 39
Port de Tiffin.....	481,621 59
Port de Toronto.....	8,877,042 20
Port de Victoria (Ontario).....	761,801 79
ainsi que les principaux ports océaniques.	

## Édifices, autres que ceux d'Ottawa:

Édifice du Canada à Londres.....	1,539,073 11
Nouvel édifice du Dominion à Toronto.....	1,166,646 95

Parmi les valeurs actives retranchées du bilan de 1882, il se trouvait une somme de \$93,178.83 portée au compte de Rideau-Hall, laquelle représentait, je crois, le coût initial de la construction; toutefois, je constate que, pendant les années financières 1905-1906 à 1907-1908, une somme de \$67,664.02 a été payée pour des améliorations à Rideau-Hall et imputée sur le compte de capital.

Je constate, en outre, que parfois des versements effectués pour des travaux exécutés par des municipalités ou autres corps publics furent imputés sur le capital; en voici quelques-uns:—

Comté de Hastings: Contribution à la construction du pont de la rivière Trent, à Frankford.....	\$22,540 00
Ville de Peterborough: Contribution à la construction du pont élevé sur la rivière Otonabee.....	50,000 00
Ministères des Travaux publics et du Travail, Québec: Contribution à la construction du pont de l'Île Perrot.....	150,000 00

D'autres montants figurant à l'actif représentent la dépense totale y afférente, aucune déduction n'ayant été faite pour la dépréciation ou autres motifs. Ainsi, la somme de \$27,690,526.89, portée à l'actif au chapitre "Edifices fédéraux, Ottawa", comprend, outre les charges relatives aux autres édifices fédéraux, le coût de l'ancien édifice du parlement détruit par l'incendie de 1916, et le coût du nouvel édifice; la même remarque s'applique à la somme de \$21,706,664.49, paraissant à l'actif au chapitre "Pont de Québec".

Dans une autre partie du présent rapport, j'ai traité séparément du bassin de Halifax, lequel, bien que le total du coût initial de construction en soit encore porté à l'actif, a été vendu il y a quelques années à la "Halifax Shipyards Limited", pour une somme beaucoup moindre.

J'ai fait ces constatations au cours d'un examen qui se poursuit et dont le résultat fera l'objet d'un rapport plus complet. Dans l'intervalle, je crois que les faits cités m'autorisent à signaler à la Chambre des communes cette catégorie de dépenses. Et il semble désirable que le Parlement examinât sérieusement l'opportunité d'une revision prochaine du bilan du Dominion, particulièrement en ce qui concerne les dépenses imputées sur le capital.

## VÉRIFICATION DES COMPTES-MATIÈRES

Les nominations d'employés de mon bureau qui étaient en suspens lors de la publication de mon dernier rapport n'ayant été faites qu'à la fin de l'année 1925, alors que l'année financière était aux trois quarts terminée, le nombre des dépôts de matières visités au cours de la période dont il est présentement rendu compte a nécessairement été restreint. Je suis tout de même heureux de faire connaître qu'il s'est produit un progrès sensible et satisfaisant depuis que ces nominations ont été faites, en vue d'une vérification plus étroite et plus constante des matières.

A ma demande, presque tous les départements ministériels ont soumis à mon bureau des inventaires complets ou sommaires. Comme résultat, il est permis d'établir à \$6,349,604.77 la valeur des matières disponibles au 31 mars 1926, ainsi qu'il suit:—

Affaires indiennes.. . . .	\$ 24,754 28	Impressions et Papeterie.. . . \$	268,352 97
Intérieur.. . . .	62,181 38	Travaux publics.. . . .	93,936 53
Marine et Pêcheries.. . . .	1,136,595 29	Chemins de fer et Canaux.. . .	500,133 02
Mines.. . . .	84,243 56	Gendarmerie à cheval.. . . .	800,931 26
Division des pénitenciers.. . .	1,657,554 60	Rétablissement des soldats dans	
Postes.. . . .	1,341,504 26	la vie civile.. . . .	379,417 62

En outre, le ministère de la Défense nationale m'a fait parvenir des états indiquant la valeur des matières des arsenaux du Dominion, de la marine et de l'aéronautique. La valeur des autres matières déposées dans les magasins militaires, dont le chiffre est très élevé, ne peut m'être indiquée, pour la raison que les grands-livres utilisés par le ministère et afférents aux matières ne font état que des quantités. Ce matériel pourrait être l'objet d'un meilleur contrôle si l'on tenait compte des valeurs en même temps que des quantités; mais, pour certains motifs, on n'a pas cru bon d'effectuer aucun changement.

Le tableau sommaire ci-dessus ne comprend pas une forte quantité de matériel en trop cédé au département des Affaires indiennes par le ministère du Rétablissement des soldats dans la vie civile ainsi que par d'autres départements, en conformité du décret du conseil portant la désignation C.P. 1632, et mis en dépôt à Régina et à Ottawa, vu que les valeurs n'y sont pas indiquées. Ce matériel doit être distribué:

- 1° aux sauvages âgés et nécessiteux, à titre gratuit;
- 2° aux sauvages en état de travailler, à un prix de simple forme;
- 3° aux écoles des sauvages, à un prix de simple forme.

Les ventes effectuées pendant l'année à l'entrepôt de Régina se sont totalisées à \$2,691.69, ainsi qu'il appert à la page 2 du Vol. I du présent rapport.

Conformément aux dispositions de la loi, on a dressé, comme d'habitude, un inventaire des matières du département des Impressions et de la Papeterie au 31 mars 1926, à l'exception des produits en voie de fabrication, ce qui nous a amené à constater l'état satisfaisant des matières et des écritures.

Il a été procédé, au cours de l'année, à la visite de magasins de différents ministères. Il s'est produit des progrès sensibles dans un grand nombre de cas, dans d'autres, il sera nécessaire d'apporter des améliorations.

On a constaté qu'il n'existait, au bureau principal de certains ministères récemment visités, aucun contrôle comptable des matières et, par conséquent, on n'a jamais établi la balance de vérification des grands-livres des magasins. Cependant la comptabilité a été jugée excellente dans d'autres ministères, particulièrement au ministère des Chemins de fer et des Canaux, où la comptabilité et le contrôle administratif des achats, réception, garde et distribution des matières, sont conformes aux méthodes modernes de comptabilité publique. Le minis-

tère soumet à mon bureau des "rapports certifiés sur les matières", sous la forme de "balances de vérification", indiquant en détail le mouvement des matières.

La méthode employée par le ministère des Chemins de fer et des Canaux, outre l'inventaire perpétuel des matières qu'elle prévoit, facilite notablement le travail de vérification et d'inspection, en ce qu'il permet aux examinateurs du ministère et de mon bureau de constater l'existence de matières en trop ou de matières inutilisables et de déterminer si le ministère achète des matières ou des articles d'outillage en quantité excessive. Il en résulte, entre autres effets, une épargne considérable de temps et de travail, pour mes examinateurs.

D'autres ministères s'engagent également dans la voie d'une surveillance plus étroite des matières et du matériel d'exploitation, en dressant des inventaires qui comportent la mention des prix, ce qui constitue une étape importante du progrès à réaliser en vue d'instaurer un contrôle plus efficace des matières. Le ministère de l'Intérieur a fait des progrès sensibles dans ce sens.

D'après les rapports mensuels et la copie des procès-verbaux reçus du récupérateur en chef du comité de surveillance des achats du gouvernement, les matières en trop et les matières inutilisables dont on a disposé au cours de l'année représentent la somme de \$266,861.09, répartie comme suit:—

Ministère	Ventes	Transferts	Total
Intérieur.....	\$4,242 00	\$125 00	\$4,367 80
Marine et Pêcheries.....	2,187 50	.....	2,187 50
Défense nationale.....	101,004 17	41,361 65	142,365 82
Postes.....	125 00	1,522 31	1,647 31
Impressions et papeterie.....	2,107 15	.....	2,107 15
Travaux publics.....	21,144 51	5,726 18	26,870 69
Chemins de fer et canaux.....	4,142 60	657 08	4,799 68
Royale gendarmerie à cheval.....	3,025 21	51,098 00	54,123 21
R.S.V.C.....	4,949 20	21,490 13	26,439 33
Divers.....	1,075 60	877 00	1,952 60
Total.....	144,003 74	122,857 35	266,861 09

De récentes inspections ont révélé la présence, en quantités considérables dans certains magasins, d'excédents de matières et de matières surannées accumulées depuis plusieurs années, au sujet desquelles aucun rapport n'a été fait au service de récupération, ce qui justifie les observations contenues dans mon dernier rapport.

Il serait possible de faire des progrès beaucoup plus marquants dans l'utilisation ou la vente de ces matières si tous les ministères collaboraient étroitement avec le service de récupération et s'ils adoptaient, autant que possible, un mode de centralisation de surveillance semblable à celui qui est avantageusement employé aux ministères de la Défense nationale et du Rétablissement des soldats dans la vie civile, où l'on soumet aux Conseils d'examen et de réformation un état périodique des matières en trop et des matières inutilisées ainsi que des articles hors de service, pour que ces articles soient examinés et évalués et où rapport est immédiatement fait au récupérateur en chef. Il n'y a pas de doute qu'on pourrait effectuer une économie considérable en disposant promptement de ces matières par l'entremise de ce fonctionnaire, car il ressort de l'examen de ses livres qu'il a effectué un certain nombre de ventes à des prix de beaucoup supérieurs aux offres faites aux employés des ministères en fonctions dans les bureaux de l'extérieur.

La bonne gestion des matières appartenant à l'Etat comporte tant d'éléments qu'il suffit d'en négliger un seul pour entraîner parfois de lourdes pertes à l'ad-

ministration. L'on ne saurait, par conséquent, accorder trop d'importance aux soins que réclament la surveillance et la vérification suivie de ces matières, ainsi qu'à la tenue de comptes-matières, car la dépense de deniers publics qu'entraîne leur achat fait simplement passer des deniers aux matières la vérification indispensable. La Chambre des communes a, par conséquent, le droit de savoir si j'estime, qu'il existe une méthode efficace de comptabilité-matières dans les départements de l'administration où l'étendue et la nature des affaires l'exige, si les matières sont l'objet d'une manutention efficiente et économique, si, dans les soins qu'on leur accorde, on exerce une vigilance constante et si des fonctionnaires compétents sont strictement tenus responsables de leur gestion.

A la suite des remarques contenues dans mon dernier rapport ainsi que des observations et des avis que j'ai exprimés lors de mes visites d'inspection, les modifications apportées dans les méthodes de comptabilité commencent à porter des fruits qui aboutiront à une épargne sensible de deniers publics. Je suis heureux de constater que presque tous les départements de l'administration apportent un intérêt croissant à l'amélioration des méthodes de gestion des matières appartenant à l'Etat et j'ai confiance que, dans un avenir prochain, tous les services administratifs auront instauré, pour le contrôle de leurs matières, les méthodes les plus modernes.

### COMPTES OUVERTS

#### SOMMES DUES À L'ÉTAT

Depuis la publication de mon rapport de 1924-1925, il a été réalisé un progrès important dans l'examen des comptes ouverts compris dans les Comptes publics du Canada et qui représentent les montants dus au gouvernement fédéral. Cet examen se poursuit encore à l'heure qu'il est. On peut lire ci-après, au sujet de ces comptes, des remarques intéressantes.

#### PRÊTS AUX GOUVERNEMENTS IMPÉRIAL OU ÉTRANGERS

Les sommes dues, le 31 mars 1926, par le gouvernement impérial et divers Etats européens, paraissent à l'appendice B du bilan des Comptes publics de 1925-1926. Le compte du gouvernement impérial est un compte courant ne portant pas intérêt. Il comporte les déboursés effectués de temps à autre par le ministère de la Défense nationale pour le gouvernement impérial, surtout en rapport avec les services de l'armée et de la marine et remboursés de temps à autre par le gouvernement impérial. Les sommes dues par les autres gouvernements européens comprennent les avances consenties à ces pays ou les dépenses encourues pour eux au cours de la guerre. La Russie et l'Italie n'ont pas reconnu leurs dettes, relativement minimes, dont elles ne font pas le service des intérêts. On m'a assuré que le Haut-Commissaire du Canada à Londres a été chargé de régler ces questions. Les autres Etats européens font le service de leurs intérêts et, jusqu'ici, ont respecté les accords conclus avec eux. Durant l'année financière 1925-1926, le gouvernement grec a réduit sa dette de \$175,000, comme le stipulait l'accord.

#### COMPTES DE COLONISATION

Le solde dû par les soldats-colons au 31 mars 1926, comme le montre le compte de prêts de colonisation, s'élevait à la somme de \$86,786,439.96, contre

\$88,211,015.96, au 31 mars 1925. On n'a pas encore effectué la réduction des sommes exigées des colons pour les bestiaux qui leur sont fournis, laquelle a été autorisée par le chapitre 53 des statuts de 1925, bien que la proportion de réduction ait été déterminée par la commission d'établissement des soldats, si les renseignements que j'ai obtenus sont exacts.

On a accordé durant l'année des avances se chiffrant à la somme nette de \$1,167,537.25 aux immigrants venus au Canada en vertu du plan d'établissement de 3,000 familles et l'on a ouvert un nouveau compte intitulé le "compte des transferts de fermes du fonds d'établissement impérial" afin d'y consigner ces avances dont il est fait mention à nouveau dans un autre chapitre du présent rapport.

On trouvera aux pages 161 et 162 du présent volume des états de ces comptes de colonisation.

#### CAISSE DES PASSAGES À NIVEAU

Aux pages xxxix et xi de mon rapport de 1924-1925, j'ai publié un bref historique de cette caisse et j'ai exposé mon opinion sur ce que se proposait le Parlement en autorisant la répartition du versement des contributions sur un certain nombre d'années. Il n'a pas été apporté de modification à la méthode de gestion de ce fonds, à même lequel la commission des chemins de fer a déboursé \$66,224.53 durant l'année financière, ce qui laissait à la caisse, le 31 mars 1926, un solde créditeur de \$1,436,924.18. Un état des déboursés de l'année paraît aux pages 156 à 158 de ce volume.

#### GRAINS DE SEMENCE ET AVANCES DE SECOURS

Les montants inscrits dans les Comptes publics sous la rubrique de "Comptes courants divers", à titre de sommes dues à l'Etat par des soldats, le 31 mars 1926 et imputables sur les avances pour grains de semence et secours, s'élèvent à \$5,087,231.52, soit une réduction de \$113,663.54 sur le solde du 31 mars 1925. Suivant un relevé établi par le ministère de l'Intérieur, la somme globale due à la fin de l'année, déterminée par les comptes de chaque colon et par les gages effectivement détenus, s'élevait à \$4,368,447.15. Bien que la différence entre ces deux montants diffère quelque peu de l'écart entre les chiffres correspondants de mon rapport de 1924-1925, il faut avoir recours à la même explication en l'espèce. Les intérêts dus sur ces avances au 31 mars 1926, établis par le ministère de l'Intérieur à la somme de \$1,907,384.47, accusent une augmentation de \$131,429.76 sur les chiffres donnés dans mon dernier rapport. L'accroissement de la dette imputable sur le compte d'intérêt excède donc le décroissement de la dette imputable sur le compte de capital de près de \$18,000. Je n'ai pu, jusqu'à présent, faire examiner ce compte à nouveau, mais j'espère pouvoir être en mesure de le faire avant la présentation de mon prochain rapport.

Au cours de l'année, le ministère des Finances a reçu du gouvernement de la Saskatchewan la somme de \$2,484.95, en paiement de la distribution de grains de semence de 1908, ce qui laisse un reliquat de \$97,032.21 encore dû par la province. Cette somme ne comprend pas les intérêts qui, aux termes de l'entente conclue, devaient se chiffrer au taux de cinq p. 100. La somme d'intérêts dus, suivant un relevé fourni par le ministère des Finances, est de \$198,532.82.

## FONDS FIDUCIAIRES

Voici l'état comparatif des soldes créditeurs de quelques comptes ouverts paraissant à l'appendice C du bilan des Comptes publics sous le titre de "Fonds fiduciaires", au 31 mars 1925 et au 31 mars 1926.

Comme je le disais dans l'introduction de mon rapport de 1924-1925, tous ces comptes fiduciaires sont examinés par mon personnel comme les comptes de crédits ordinaires, les ministères auxquels la gestion en est confiée me fournissant tous les mois un état détaillé des recettes et des déboursés.

Dans mes rapports antérieurs, j'ai noté que certains fonctionnaires gardent, à un compte fiduciaire, les sommes perçues et gérées par eux, tandis que, dans d'autres cas, la gestion de ces sommes incombe aux ministères mêmes. Au cours de l'an dernier, j'ai tenté, avec quelque succès, d'obtenir des ministères des renseignements complets sur ces fonds; mais il me faudra faire encore beaucoup de recherches à cet égard. Parmi les comptes ouverts et les comptes fiduciaires, aux pages 128 à 163 du présent volume, on trouvera l'état d'un certain nombre de ces comptes que j'ai appelés "Comptes fiduciaires des ministères".

Le gardien des biens de l'ennemi garde encore à son nom les sommes qu'il perçoit en vertu du traité de paix conclu avec l'Allemagne en 1920, au lieu de les remettre au Receveur général.

Je n'ai pu encore vérifier les garanties détenues par le ministère des Finances pour ces fonds fiduciaires ou d'autres.

En plus des fonds fiduciaires énumérés dans l'état correspondant de l'introduction de mon rapport de 1924-1925, l'état précédent comprend les fonds nos 1 et 3 du rétablissement des soldats dans la vie civile, lesquels s'élevaient, le 31 mars 1925, à \$434,486.28. Par les années passées, ces fonds étaient compris dans la liste des "Fonds extraordinaires" paraissant à l'appendice C du bilan. Cet état comprend aussi des comptes établis durant l'année: "Fonds d'amortissement des pontons de la cale-sèche de Burrard", "Fonds des cadets du collège militaire royal" et "Compte fiduciaire de la commission d'établissement des soldats".

#### COMPTE DES PONTONS DE LA CALE-SÈCHE DE BURRARD

Ce compte a été établi afin de tenir compte des sommes retenues sur la subvention versée chaque année à la société de la cale-sèche de Burrard, en vue de créer un fonds d'amortissement pour pourvoir au renouvellement des pontons flottants, conformément au décret du conseil du 9 janvier 1924. Durant l'année financière, il n'a été crédité à ce compte que \$1,190.93 de la somme indiquée à la page V-110, Vol. II, de mon rapport, le solde ayant été crédité en avril 1926, au compte de 1926-1927.

#### COMPTE FIDUCIAIRE DES CADETS DU COLLÈGE MILITAIRE ROYAL

Jusqu'à la fin de l'année financière 1925-1926, on déposait au crédit du compte de revenu du collège militaire royal, non seulement le droit d'inscription annuel de \$100, mais aussi le dépôt de \$250 fait à l'entrée d'un cadet au collège en garantie du coût de l'équipement et le dépôt annuel de \$200 servant à défrayer le prix des fournitures, etc. Par ailleurs, le coût de l'équipement et des fournitures des élèves était acquitté à même le crédit annuel applicable au collège. Il en résultait que, chaque année, les frais d'exploitation et le revenu du collège, indiqués aux Comptes publics, étaient augmentés d'autant.

Un de mes employés ayant examiné ces comptes, au collège, j'ai conseillé de porter, à l'avenir, les dépôts des cadets à un compte fiduciaire particulier dans les livres du ministère des Finances. Après consultation avec le ministère de la Défense nationale, il a été décidé d'en agir ainsi. C'est pourquoi, la somme de \$12,097, total du solde créditeur des divers comptes des cadets au 31 mars 1926, a été reportée du compte de revenu du collège au crédit d'un nouveau compte fiduciaire intitulé: "Fonds fiduciaire des cadets du collège militaire royal."

#### COMPTE FIDUCIAIRE DE LA COMMISSION D'ÉTABLISSEMENT DES SOLDATS

A ce compte sont inscrites les sommes que la commission est chargée de gérer au nom des colons.

#### FONDS DE CANTINE DE L'ARMÉE CANADIENNE

On a poursuivi, au cours de l'année, la distribution des fonds de cantine, en conformité de la loi des fonds de cantine de 1925 (chap. 34).

Le solde créditeur de cette caisse s'élevait, le 1er avril 1925, à \$1,909,122.02, d'après les Comptes publics. En outre, on détenait, pour le compte du fonds,

\$250,000 d'obligations de l'emprunt de remboursement de 1923. Vers la fin de l'année 1925, on a effectué, conformément aux dispositions de la loi, la distribution intérimaire d'un reliquat de \$2,036,622.02, établi comme suit:

Encaisse au 31 mars 1925.. . . . .	\$1,909,122 02
Obligations de l'emprunt de remboursement de 1923, d'une valeur nominale de.. . . . .	250,000 00
Intérêts courus sur obligations au 15 octobre 1925 (12 mois).. . . . .	12,500 00
	<hr/>
	2,171,622 02
Moins: affectation précitée.. . . . .	135,000 00
	<hr/>
Montant à répartir par intérim entre les fiduciaires des diffé- rentes provinces intéressées.. . . . .	2,036,622 02
	<hr/> <hr/>

Au cours de l'année, il a été versé \$15,000 au fonds d'incapacité et \$50,000 au *United Service Fund of Great Britain*. Les dépositaires provinciaux ont encaissé également leur quote-part respective du reliquat intérimaire, à l'exception d'Ontario, de l'Île du Prince-Édouard et de la province de Québec, qui n'avaient pas constitué leur conseil de fiducie.

Le solde du fonds, à la fin de l'année financière, était de \$1,168,667.52, applicable de la manière qui suit:

Allocations spéciales:	
détenues par le Receveur général.. . . . .	\$ 20,000 00
Société de la Croix-Rouge américaine.. . . . .	50,000 00
	<hr/>
	\$ 70,000 00
Quotes-parts intérimaires des provinces dé- tenues en attendant la nomination des dépositaires:	
province d'Ontario (41.237 p. 100).. . . . .	839,841 82
île du Prince-Édouard (0.739 p. 100).. . . . .	15,050 64
province de Québec (11.622 p. 100).. . . . .	236,696 21
	<hr/>
	1,091,588 67
Profit réalisé sur vente d'obligations, com- portant une prime de \$1.25.. . . . .	7,078 85
	<hr/>
	1,168,667 52
	<hr/> <hr/>

Antérieurement à l'année financière en cours (1926-1927), on ne créditait à ce fonds que l'intérêt couru sur les obligations et non l'intérêt sur le reliquat des sommes détenues par le Receveur général. Cette année, on a porté \$258,-885.21 au crédit du compte en raison de l'intérêt couru jusqu'au 31 décembre 1925. Ce dernier montant, ajouté au bénéfice de \$7,078.85 réalisé sur la vente des titres en portefeuille, forme la somme de \$265,964.06, disponible pour une nouvelle distribution en 1926-1927.

#### FONDS DES ÉCOLES COMMUNES

Depuis la publication de mon rapport de 1924-1925, je me suis assuré que le fonds des écoles communes est formé du produit de la vente d'un million d'acres de terre de la région de Huron, réservée, en vertu de la loi portant la désignation "12 Viet. (1849) chap. 200", afin d'aider au maintien des écoles communes du Bas et du Haut-Canada. C'est le dernier des nombreux fonds fiduciaires formés, lors de l'établissement de la Confédération, de biens appartenant conjointement à l'Ontario et à Québec. Le ministère des Terres et Forêts de l'Ontario vend parfois de ces terres. Après déduction de six p. 100 pour les frais de gestion et de 25 p. 100 qu'on verse au fonds d'amélioration des terres de la municipalité où est situé le terrain vendu, le produit en est remis au ministère des Finances qui en crédite le fonds des écoles communes.

## FONDS DE PENSION DES PILOTES

L'augmentation relativement considérable des fonds de pension des pilotes de Saint-Jean et de Sydney est due à l'excédent normal des recettes sur les déboursés et, en outre, à ce que le ministère n'a définitivement versé à ce compte, que l'année dernière, des obligations s'élevant à \$18,500 et \$8,800 respectivement, qu'il détenait pour ces fonds.

## FONDS DE PRÉVOYANCE DES EMPLOYÉS DE CHEMINS DE FER

Au début de novembre 1925, j'ai signalé au ministère des Chemins de fer et des Canaux la diminution rapide du fonds de prévoyance des employés du chemin de fer Intercolonial et du chemin de fer de l'Île du Prince-Édouard.

Ce fonds a été créé en 1907, en vertu du chapitre 22 des statuts de cette année, en vue de pourvoir au versement de pensions et d'allocations aux employés invalides ou retraités. La loi stipule que les employés verseront une quote-part contributaire de 1½ p. 100 de leur traitement et que les chemins de fer fourniront une somme équivalente, ne devant toutefois jamais dépasser \$100,000 par année.

Il semble que l'état de cette caisse ait été satisfaisant jusqu'à la fin de l'année financière 1920-1921, les recettes excédant les déboursés chaque année, sauf pendant la guerre, alors qu'un déficit relativement minime s'est produit. Depuis 1921, le fonds a rapidement diminué, les déboursés dépassant chaque année les recettes, de sorte que le solde créditeur de \$587,879.78, qui existait le 1er avril 1921, s'est trouvé réduit à \$158,708.31, le 1er avril 1925 et à \$85,506.06, durant les quatre premiers mois de l'année financière 1925-1926. J'ai fait remarquer au ministère que la caisse serait épuisée dans un mois ou deux au plus et qu'alors, on ne pourrait plus faire le service des pensions de retraite. Ce que je prévoyais s'est produit. La caisse était complètement épuisée en décembre 1925 et l'on aurait interrompu le service des allocations et des pensions, si le chemin de fer national canadien n'avait pas avancé les sommes nécessaires. Ces avances spéciales ont atteint \$112,161.73 durant le reste de l'année financière. Il me suffit, semble-t-il, de signaler l'état précaire de cette caisse pour qu'on y remédie sans délai.

## FONDS DES TERRES D'ÉCOLES

Les montants crédités, dans l'état ci-dessus, aux fonds des terres d'écoles de l'Alberta, du Manitoba et de la Saskatchewan, représentent l'encaisse détenu par le ministère des Finances, le principal étant converti en obligations cinq p. 100 du Dominion. La diminution apparemment considérable de l'encaisse vient de ce que le capital accumulé durant la dernière partie de 1924-1925 n'a été placé qu'après la fin de cette année financière, tandis que presque tout le principal accumulé en 1925-1926 a été converti la même année, comme il appert par l'état qui suit:

	Alberta	Manitoba	Saskatche- wan
Encaisse au 31 mars 1925.....	\$ 198,373 30	\$ 34,442 85	\$ 355,925 78
Principal perçu en 1925-1926.....	318,102 28	40,097 32	719,569 56
	516,475 58	74,540 17	1,075,495 34
Converti en obligations.....	516,000 00	74,000 00	1,075,000 00
Encaisse au 31 mars 1926.....	475 58	540 17	495 34

Le 31 mars 1926, le montant des obligations détenues pour ces fonds s'élevait, pour l'Alberta, à \$7,489,000; pour le Manitoba, à \$5,820,000 et pour la Saskatchewan, à \$14,307,000, soit un total de \$27,616,000 paraissant à l'appendice T du bilan des Comptes publics sous la rubrique: "Dette consolidée."

#### RÉTABLISSEMENT DES SOLDATS DANS LA VIE CIVILE—FONDS N° 3

Ce fonds, administré par le ministère du Rétablissement des soldats dans la vie civile, a été créé en 1922, conformément aux dispositions de la loi des pensions et en vertu des règlements relatifs aux pensions, promulgués par un décret du conseil du 10 mars 1922.

Il a été établi afin d'assurer la gestion des pensions dont les bénéficiaires sont incapables d'en faire un usage convenable, ou ne pourvoient pas aux besoins de leur famille. On a déposé à cette caisse d'autres sommes appartenant à d'anciens combattants, que, pour des raisons semblables, on a jugé à propos de gérer.

En outre, durant l'année financière 1925-1926, il a été déposé au crédit de la caisse une somme de \$46,363.08, montant des retenues de cinq p. 100 sur les appointements des employés du ministère dont l'emploi est devenu permanent, en vertu des dispositions de la loi du rétablissement des soldats dans la vie civile. Jusqu'ici, l'on n'a pas permis aux fonctionnaires de ce ministère de bénéficier des dispositions de la loi des pensions de retraite. Toutefois, le ministère, de sa propre initiative, a effectué les mêmes retenues sur leurs traitements que s'ils tombaient sous le coup de ladite loi.

On peut fort bien mettre en doute le droit qu'a le ministère d'agir de la sorte et il se peut que sa décision crée un malentendu. J'hésite cependant à conseiller le remboursement de ces déductions aux employés, pour le moment du moins, car si on venait à les faire bénéficier de la loi des pensions de retraite, la perception des arrérages n'entraînerait pas d'ennuis, puisque les retenues ont déjà été faites. Mais on devrait porter ces retenues à un compte distinct et ne pas les ajouter au fonds n° 3, créé pour une fin bien déterminée.

#### LOI DES PENSIONS DE RETRAITE DE 1924

Depuis l'adoption de cette loi, plusieurs questions se sont posées au sujet des catégories de fonctionnaires qui peuvent en bénéficier, de leur terme d'emploi, de la quote-part contributaire et des allocations. Aux pages D-29 à 36, de mon rapport de 1923-1924; D-48 à 58 de celui de 1924-1925 et 209 à 219 du présent rapport, on trouvera certaines lettres échangées avec le conseil du Trésor, le ministère de la Justice et autres ministères relativement à ces questions. J'appelle l'attention sur ces lettres, dans lesquelles sont traitées les difficultés qu'a soulevées la mise en vigueur de la loi, dont certaines me paraissent urgentes et qui ne devraient pas être ignorées si l'on projette des modifications à la loi. Voici les plus notables:

Le même terme d'emploi entrant en ligne de compte pour deux allocations de retraite (page D-48 du rapport de 1924-1925).

Versement du traitement et de la pension à un fonctionnaire retraité qui est nommé à un autre poste (pages D-29 du rapport de 1923-1924 et D-53 de celui de 1924-1925).

Calcul de l'allocation d'après le traitement annuel, bien que la quote-part contributaire n'ait été évaluée que d'après les appointements touchés.

Pension calculée en tenant compte des congés pendant lesquels aucun traitement ni contribution n'a été versé (pages D-31, du rapport de 1923-1924 et D-50 à 53, du rapport de 1924-1925).

## ÉTATS DIVERS

Un certain nombre d'états divers touchant des aspects particuliers de l'administration de l'Etat paraissent aux pages 164 à 204 du présent volume. Aux états incorporés dans mon rapport de 1924-1925, j'ai ajouté cette année des relevés portant sur les sujets suivants:

Plan d'établissement de trois mille familles;

Élévateurs de l'État;

Service d'inspection des grains;

Compte des liqueurs de l'administration territoriale du Yukon, comportant le bilan et le compte des profits et pertes.

On trouvera ci-après ainsi que dans d'autres chapitres du présent rapport, des notes explicatives sur ces divers états.

## ARRIÉRÉS

On trouvera aux pages 164 et 165 de ce volume des relevés portant sur les arrérages dus au gouvernement fédéral. Ces états revêtent la même forme que l'an dernier. Ils ne renferment aucun montant compris dans l'actif du bilan du Dominion.

*Arriérés généraux.*—Le montant des arriérés de 1925-1926 est supérieur de \$1,775,954.70 au montant indiqué dans mon rapport de 1924-1925, parce que j'y ai ajouté le chiffre d'intérêt dû, selon le ministère de l'Intérieur, sur les avances de grains de semence dont il n'a pas été fait mention dans l'état de l'an dernier. Il est à noter que le total des arriérés généraux, qui était de \$11,860,591 le 31 mars 1926, fait ressortir une diminution de \$719,123.62 sur le montant global de l'année précédente, à cause surtout de la réduction afférente aux terres fédérales (préemptions pratiquées en Saskatchewan et en Alberta), laquelle s'élève à un million de dollars. J'ai appris d'un fonctionnaire du ministère de l'Intérieur que cette réduction était presque entièrement due à deux causes distinctes: 1<sup>o</sup> la perception d'arriérés formant un total de quelque \$375,000; 2<sup>o</sup> la résiliation des ventes, les acheteurs ne s'étant pas conformés à leurs obligations contractuelles, en vertu de quoi le ministère intéressé reprend possession des terres et éteint la dette. J'ai l'intention de procéder, pendant l'année courante, à un examen approfondi de la méthode employée par le ministère de l'Intérieur au sujet de ces ventes de terres du domaine public dont le principal et les intérêts constituent encore la plus forte partie des arriérés indiqués dans cet état. On n'a pas encore pris de mesures utiles à l'égard des arrérages que l'on peut croire irrécouvrables.

*Intérêt couru sur prêts et avances aux chemins de fer, à la marine marchande de l'Etat et aux commissions de ports.*—Le montant des intérêts courus pendant l'année 1925-1926 sur ces prêts et avances était de \$37,126,121.98, ce qui a porté le total des arriérés tombant sous cette rubrique de \$191,113,323.87, le 31 mars

1925, à \$228,239,445.85, le 31 mars 1926. Ces arrérages représentent les intérêts courus sur les avances désignées dans les appendices K et L du bilan du Dominion comme éléments inactifs de l'avoir.

*Arriérés de principal relatifs aux ventes des terres des sauvages.*—*Fonds fiduciaires des sauvages.*—Les chiffres indiqués dans cet état ne se rattachent qu'au principal échu le 31 mars 1926, à l'occasion de la vente de terres des sauvages, le département des Affaires indiennes ne m'ayant pas fourni de relevé concernant les intérêts impayés. Les arrérages de principal dus le 31 mars 1926 se totalisaient à \$1,704,666.02, contre \$1,897,783.78 le 31 mars 1925, soit une réduction de \$193,117.76.

#### PRÊTS, SUBVENTIONS ET OCTROIS—CONTRIBUTIONS OU ALLOCATIONS

J'appelle l'attention sur le chapitre de mon rapport de l'an dernier, où j'exprimais l'avis que les octrois accordés pour un but déterminé devraient être pourvus d'un crédit particulier, ou, si la chose ne peut se faire d'une manière générale, qu'on ajoute, au chapitre du budget applicable aux octrois en général, un article stipulant que des octrois peuvent être accordés pour une fin déterminée, subordonnement à l'approbation du Gouverneur en son conseil.

Si le crédit n'est pas rédigé en ce sens, je me crois autorisé à penser que le Parlement ne se proposait pas de faire servir ce crédit à des octrois quelconques.

On remarquera que, dans l'état des octrois, etc., paraissant à la page 167 à 169 du présent volume, les octrois, etc., effectués à même les crédits d'ordre général sont marqués d'un astérisque.

#### FRAIS JUDICIAIRES, DÉBOURSÉS ET FRAIS TAXÉS

Comme par le passé, nous avons compilé un état des frais judiciaires soldés, au cours de l'année écoulée, par les divers ministères; cet état se trouve aux pages 169 à 177 du présent volume.

L'état comprend deux parties, la première indiquant la somme payée à chaque étude ou avocat, la seconde montrant la somme totale des frais judiciaires payés par chaque ministère. J'ai l'intention d'indiquer séparément, dans les rapports futurs, les frais taxés versés par l'État. La somme totale des frais judiciaires payés au cours de l'année, et indiquée dans l'état est de \$223,995.80, en diminution de \$17,950.46 sur la somme payée en 1924-1925.

#### PUBLICITÉ, IMPRESSIONS ET LITHOGRAPHIE

L'état ordinaire des paiements effectués au cours de l'année par les divers ministères relativement à la publicité, aux impressions et à la lithographie se trouve aux pages 178 à 194 du présent volume. Le relevé contient les noms des journaux, des imprimeries et des éditeurs canadiens qui ont touché des sommes en paiement de travaux de ce genre ainsi que les versements effectués à chacun. Toutefois, on n'y trouve que la somme totale, par province, des frais de publicité et d'impressions relatifs aux élections générales. Seuls les totaux sont aussi indiqués pour les travaux exécutés en dehors du pays, sous les titres États-Unis, Angleterre et Étranger, respectivement. La somme dépensée à l'occasion de la publicité en 1925-1926 dépasse de \$30,000 la dépense de 1924-1925, alors que, dans le même intervalle, les frais d'impressions ont augmenté de \$268,000. Cette dernière augmentation est due presque entièrement aux frais d'impressions occasionnés par les élections.

## FERMES EXPÉRIMENTALES

L'état présenté à la page 195 du présent volume constitue un sommaire des recettes et des déboursés des fermes expérimentales réparties par provinces. Il a été préparé de manière à faire voir le chiffre global des frais d'exploitation ainsi que le total des dépenses afférentes à la construction et à l'entretien des bâtiments de chacune des fermes.

On trouvera dans un autre chapitre de plus amples détails sur les fermes expérimentales.

## ALLOCATIONS DE RETRAITE ET PENSIONS — SERVICES CIVIL ET MILITAIRE

L'état de chacun de ces fonds au 31 mars 1926 et des transactions de l'année se trouve à la page 197. La dépense totale encourue sous cette rubrique en 1925-1926 se chiffre à \$38,880,471.58, contre \$36,669,913.44 en 1924-1925, soit une augmentation de \$2,210,558.14.

Ces comptes font l'objet de commentaires plus détaillés dans un autre chapitre du présent rapport.

## TRAVAUX PUBLICS—BASSINS DE RADOUB—RECETTES ET DÉBOURSÉS

Il y a eu, en 1925-1926, diminution de \$7,254.70 dans la recette totale provenant des cales-sèches et des bassins de radoub, si on la compare à celle de 1924-1925. L'ancien chantier d'Esquimault accuse dans ses recettes une diminution de \$17,535.05 et les autres chantiers, une augmentation totale de \$10,280.35. Le chiffre net des frais a été, en 1925-1926, de \$32,926.54, en regard de \$29,280.02, en 1924-1925. Quant au nouveau dock d'Esquimault, il a été effectué, pour la force motrice et le matériel, des déboursés s'élevant à la somme de \$13,838.58. Nul navire n'avait pénétré dans ce bassin antérieurement au 1er avril 1926.

L'état comparatif des recettes et déboursés des trois dernières années paraît à la page 196 du présent volume.

## TRAVAUX PUBLICS—TÉLÉGRAPHES—RECETTES ET DÉBOURSÉS

La recette des télégraphes de l'Etat s'est élevée, en 1925-1926, à la somme de \$287,719.58, accusant une augmentation de \$4,823.15 sur celle de l'année 1924-1925. Ce chiffre aurait été plus élevé si le circuit télégraphique du Yukon avait fonctionné partout pendant l'année entière. Il est à remarquer que les encaissements effectués par ce dernier circuit ont diminué de \$5,078.87, si on les compare aux chiffres de 1924-1925.

Les frais d'exploitation de ces télégraphes s'établissent à la somme de \$767,350.90, soit une diminution de \$60,832.74 sur ceux de l'année 1924-1925.

L'état comparatif des recettes et déboursés des trois dernières années se trouve à la page 196 du présent volume.

## ÉLÉVATEURS DE L'ÉTAT ET SERVICE DE L'INSPECTION DES GRAINS

L'administration des élévateurs de l'Etat est confiée à la commission des grains. L'état financier de l'année terminée le 31 juillet 1926 paraît à la page 199.

L'année financière qu'on a adoptée pour l'exploitation des élévateurs ne coïncidant pas avec celle de l'Etat, il s'ensuit que les chiffres de ces états financiers ne sont pas conformes à ceux du ministère du Commerce.

Le service de l'inspection du grain dépend de la même commission. L'état des revenus et des dépenses qui s'y rapporte paraît à la page 200 du présent volume. Ces états ont trait à l'année terminée le 31 mars 1925; il est impossible d'obtenir des rapports plus récents.

Les chiffres relatifs aux élévateurs de l'Etat et aux divisions de l'inspection des grains ont été extraits des rapports plus élaborés qu'ont présentés à la commission des grains les comptables autorisés à qui la commission a confié la vérification.

## CÂBLE TÉLÉGRAPHIQUE DE PACIFIQUE

A la page 196 du présent volume, paraît l'état des recettes et des déboursés préparé par la commission du câble télégraphique du Pacifique. Je n'ai reçu aucune communication officielle au sujet des lettres publiées dans mon rapport de l'an dernier.

## VÉRIFICATION DES PENSIONS DE L'ARMÉE IMPÉRIALE

J'ai cessé, le 31 mars 1926, de faire la vérification, au nom du Contrôleur et Auditeur général d'Angleterre, des pensions des anciens combattants de l'armée impériale demeurant au Canada et aux Etats-Unis, que j'avais entreprise à la demande du ministre des Finances. A cette date, le ministère anglais des Pensions a établi une succursale à Ottawa, laquelle se charge maintenant du service des pensions et autres allocations. Il s'ensuit que la vérification de ces déboursés incombe, depuis, au personnel du Contrôleur et Auditeur général d'Angleterre en fonctions à Ottawa.

Dans son rapport de 1924-1925 à la Chambre des communes anglaises, ce dernier formule en ces termes son appréciation des services que lui a rendus mon bureau:

"Je saisis l'occasion de signaler l'aide considérable que m'a donnée le gouvernement du Dominion, par l'intermédiaire de son Auditeur général et du personnel de celui-ci et de reconnaître les services rendus à un délégué de mon département qui accompagnait au Canada, en 1925, une mission du ministère des Pensions."

De son côté, le comité des comptes publics s'exprime ainsi, dans son rapport à la Chambre des communes: "Le comité désire signaler les services rendus par le gouvernement canadien à cet égard et exprimer sa reconnaissance la plus sincère de l'aide accordée, par l'Auditeur général du Canada et son personnel, au Contrôleur et Auditeur général."

## BUREAU DE L'AUDITEUR GÉNÉRAL

Durant l'année 1925-1926, la moyenne du nombre de mes employés, à l'exclusion des surnuméraires du service des comptes d'élections, s'établit à 196, contre 205 l'année précédente. On comptait parmi eux, en 1925-1926, 80 hommes et, en 1924-1925, 70.

La moyenne des congés a accusé une légère augmentation, si on la compare à celle de l'année précédente, par suite de l'accroissement des absences de longue durée causées par des maladies graves qui, dans quelques cas, ont été suivies de la retraite des fonctionnaires en question.

On se fera une faible idée de la somme de travail exécuté par mon personnel, si l'on songe qu'en plus de l'examen, de la vérification et du paiement des comptes d'élections, mon bureau a disposé, au cours de l'année, d'environ cinquante millions de documents de toutes sortes, comprenant des lettres, pièces justificatives, demandes de lettres de crédit et de décaissements, obligations, coupons et notes annulés, etc.

Je renouvelle les observations que je formulais aux pages xlv et xlvi de mon dernier rapport, relativement à mon personnel et aux bureaux où il est logé.

Il n'a pas été apporté d'améliorations à l'état du dépôt des archives financières, dont j'ai déjà parlé.

## RÉDACTION DU RAPPORT ANNUEL

Cette année, mon rapport comprend deux volumes, tandis que les précédents en comptaient trois. Le volume I renferme (a) l'introduction, (b) les états des comptes des crédits, (c) les sommaires des revenus et des dépenses des ministères, (d) les comptes ouverts et les comptes fiduciaires, (e) les états divers, (f) les lettres échangées avec le conseil du Trésor et (g) avec les ministères.

Le volume II constitue, à proprement parler, un appendice au volume I et renferme le détail du revenu et de la dépense, réparti dans le même ordre alphabétique des ministères que le sommaire paraissant aux pages 78 à 124 du volume I.

Ayant amélioré encore les méthodes et l'organisation de mon bureau, qui concernent plus particulièrement la préparation de mon rapport annuel à la Chambre des communes, j'ai pu mieux en coordonner les différentes parties. J'en ai éliminé les matières publiées par les ministères, inséré sous forme de précis les lettres échangées avec les services de l'administration et résumé ou généralisé l'état de certaines catégories de dépenses, sans faire disparaître ni la mention des sommes versées à chaque personne ou compagnie ni la description du service rendu ou des achats, si ce n'est la quantité des achats minimes. De la sorte, et sans apporté de modification essentielle aux renseignements contenus dans les rapports précédents, au contraire en ajoutant beaucoup de données qui n'apparaissent pas dans les derniers rapports, j'ai pu réduire considérablement l'étendue de celui-ci, qui compte 1,694 pages, tandis que celui de l'an dernier en avait 2,260.

Au lieu de publier le texte intégral des lettres échangées avec les ministères durant la dernière année financière relativement aux critiques ou aux objections que je jugeais à propos de formuler en rapport avec des déboursés, je n'en ai inséré qu'un résumé, pages 247-258 du présent volume, afin de faire mieux ressortir les points qui y sont traités.

On ne doit pas croire qu'il n'a été échangé avec les ministères, durant la dernière année financière, que les lettres résumées dans ce rapport. Il en existe

beaucoup d'autres, relatives aux revenus et aux dépenses dont le sujet ne paraissait pas assez important pour justifier leur mention dans le rapport ou sur lequel on m'a fourni des explications satisfaisantes.

On peut toujours déposer les lettres sur le bureau de la Chambre des communes, si le comité des comptes publics le juge nécessaire.

Cela a eu pour résultat de réduire le nombre de pages de mon rapport. J'espère qu'on ne jugera pas que cette réduction a été réalisée aux dépens de l'exposition impartiale des dépenses engagées par les ministères, durant l'année financière, en vertu des crédits dont le Gouverneur en son conseil leur a confié la gestion car mon rapport est maintenant établi de manière à faciliter la compréhension rapide et complète des transactions financières de l'Etat soumises à mon examen et aussi la référence entre les diverses parties.

A cause de la variété considérable des versements d'appointements, d'achats, etc., il est fort difficile d'établir une classification des dépenses qui s'adapte à tous les ministères. Cependant, la classification suivante, établie pour la première fois par mon bureau et que j'ai l'intention d'améliorer encore à l'avenir, est claire, intelligible et permet de donner à la Chambre des communes des renseignements précieux sous une forme condensée:

1. Traitements.
2. Frais de voyage.
3. Matériaux, fournitures, réparations, etc.
4. Achat et réparations d'automobiles.
5. Impressions et papeterie.
6. Divers.
7. Autres déboursés.
8. Octrois, subventions, etc.
9. Remboursements et mises au point.

En condensant dans le même volume tout le détail du revenu et de la dépense, j'ai rendu plus accessible les renseignements essentiels à l'étude des transactions de l'Etat et de la réglementation du Trésor.

La forme et la disposition générale de mon rapport varieront peu, tant que le Parlement n'aura pas jugé à propos de modifier la loi du revenu consolidé et de la vérification dans le sens déjà indiqué.

#### MODIFICATIONS DANS LA RÉDACTION DES CHAPITRES DES CRÉDITS

Les articles 41 et 57 de la loi du revenu consolidé et de la vérification m'obligent à m'assurer que chaque déboursé est doté d'un crédit distinct et qu'il est imputé sur le crédit qui lui est applicable.

L'objet de ces dispositions n'est pas de limiter les attributions des services ordonnateurs, mais d'assurer la vérification des dépenses par un vérificateur indépendant, afin de découvrir tout emploi défectueux des crédits approuvés par le Parlement.

Le Parlement exerce son contrôle dans la mesure du soin avec lequel est faite la vérification. Plus on apporte d'attention à la préparation du budget des dépenses, surtout, plus distincts et précis sont les titres des chapitres des crédits, plus la vérification des dépenses engagées en vertu de ces crédits est facilitée.

Aux pages xxx et xlvi de l'introduction de mon dernier rapport, j'ai exposé mes vues à ce sujet. J'ai aussi exprimé l'avis que les traitements devraient être dotés de crédits particuliers au lieu d'être inclus dans un chapitre relatif aux

traitements et à d'autres déboursés tout à la fois. A la page xxxii, j'ai également conseillé de mentionner spécifiquement l'achat des automobiles dans le budget des dépenses. Il n'a pas encore été donné suite à ces avis.

Afin que la Chambre se rende mieux compte des traitements du personnel des administrations centrales, il est nécessaire d'indiquer les salaires séparément et en détail. Cela aurait pour résultat de renseigner le comité des crédits qui, généralement, demande des explications à propos de tous les relèvements. Non seulement aucun détail n'est indiqué dans le crédit applicable aux traitements du service extérieur, mais il est en général joint à un autre, comme, par exemple, à celui des traitements et dépenses contingentes. Il serait plus facile de vérifier les versements de salaires, si tous les traitements étaient dotés de crédits distincts.

Je crois de mon devoir de signaler de nouveau cette question à la Chambre des communes, afin qu'en vérifiant les déboursés, je connaisse bien l'intention de la Chambre à l'égard de ces crédits et que je puisse m'assurer qu'on a respecté ces intentions.

### LETTRES ÉCHANGÉES AVEC LE CONSEIL DU TRÉSOR

Dans mes rapports antérieurs, j'ai signalé au conseil du Trésor l'opportunité de réglementer certains déboursés. Le manque de réglementation et d'uniformité des méthodes relatives aux dépenses empêche les ministères et mon bureau de les surveiller facilement. Voici l'index des sujets traités dans la correspondance en question:—

#### Rapport de 1923-1924

	Page
Emploi de fonctionnaires retraités en vertu de la loi du fonds de pension ou de la loi du fonds de retraite...	d-29
Allocations relatives aux uniformes des fonctionnaires...	d-38
Spécialité des crédits applicables aux traitements...	d-39

#### Rapport de 1924-1925

Allocations aux employés qui se servent de leur propre automobile...	d-32
Frais de blanchissage...	d-35
Avances de frais de voyage...	d-36
Frais de voyage des journées passées à bord d'un navire...	d-36
Frais de déplacement non autorisés par le conseil du Trésor...	d-37

#### Rapport de 1925-1926

Versement de l'allocation de subsistance de tout le mois durant lequel se produit le décès du pensionnaire...	d-38
Spécialité des crédits applicables aux octrois de commisération...	d-39

Ces lettres sont restées sans réponses et, à ma connaissance, il n'a pas été pris de mesures dans le sens que j'indiquais.

Sous la rubrique: "Correspondance du conseil du Trésor", pages 221-234, on trouvera d'autres lettres relatives aux sujets dont la liste suit, dans lesquelles sont débattus des principes d'importance et qui méritent considération pour les motifs qui y sont mentionnés:—

- (1) Dépenses non dotées de crédits.
- (2) Emploi d'un messenger en contravention des dispositions de la loi du service civil.
- (3) Versement d'allocations en vertu de deux lois pour le même terme d'emploi.
- (4) Achat d'un automobile soldé à même le crédit applicable aux dépenses contingentes du gouvernement civil.

## OBSERVATIONS D'ORDRE GÉNÉRAL

Jusqu'ici, je n'ai pu m'entendre avec le ministère des Finances sur la manière d'effectuer la vérification des paiements de l'intérêt sur la dette publique, comme je le juge nécessaire; mais cette question est à l'étude depuis quelques mois et j'espère qu'avant longtemps, les deux départements en arriveront à une entente satisfaisante.

La somme de travail effectif accompli durant l'année et qui ressort des chapitres précédents, est le résultat de l'introduction graduelle de méthodes améliorées, de l'augmentation, depuis 1925, du nombre de mes employés compétents et des efforts continus des chefs de services de mon bureau, joints à la bonne volonté du personnel en général.

On se rendra mieux compte et l'on appréciera davantage l'étendue et l'importance des nombreux changements et améliorations apportés à la manière d'établir et de présenter les états, les comptes et les différents renseignements contenus dans le présent rapport, si on le compare avec ceux des années antérieures à ma nomination à mes fonctions actuelles.

Peu de nouvelles améliorations pourront être apportées à la manière de présenter mes rapports à l'avenir tant que: a) la rédaction du budget des dépenses ne sera pas modifiée; b) la comptabilité de tous les ministères ne sera pas uniforme et établie sur des bases répondant mieux aux exigences administratives actuelles et de la vérification; c) mon bureau ne fera pas porter son examen sur les documents et les livres de comptabilité des ministères, ce qui, entre autres choses, le dispenserait de dédoubler partiellement, lors de la vérification des revenus et des dépenses, les écritures comptables même des ministères.

Tant qu'on n'aura pas apporté ces modifications, je devrai m'efforcer surtout d'améliorer les méthodes de vérification de mon bureau, en vue d'établir, dans le plus bref délai possible, un mode de vérification courante des déboursés. J'espère que, dans mon prochain rapport, je pourrai constater de nouveaux progrès en ce sens.

Quelque complète que soit la vérification des revenus et des dépenses faite par mon personnel, son utilité dépend, en une large mesure, de l'efficacité des méthodes de contrôle interne employées par les divers ministères et des garanties qu'offrent ces méthodes.

L'efficacité de ce contrôle intérieur serait considérablement augmentée si les bureaux de perception et autres des ministères, situés à l'extérieur, étaient inspectés, une ou plusieurs fois chaque année, suivant l'importance de leurs opérations; des copies des rapports des inspecteurs étant envoyées à mon bureau.

Je désire exprimer ma satisfaction des efforts considérables faits par les chefs de service de mon bureau et le personnel en général pour accomplir le travail inusité et considérable qu'entraînait la classification des dépenses et d'une partie des recettes, tout en expédiant le travail ordinaire du bureau, en effectuant des inspections et des examens supplémentaires durant l'année et en disposant des comptes relatifs aux deux dernières élections.

## AUDIT NOTES—

Vote 218—A temporary clerk was paid from the vote although the necessary certificate was not obtained from the Civil Service Commission. (See précis of correspondence, page 240).

Vote 221—Cheques issued by the Department to J. M. Blouin of the Quebec Agency, for some of the pay-lists, were not supported by receipts from employees.

Vote 227—Payments have not been charged in all cases to the Pilotage district in connection with which the expenditure was incurred.

Vote 227—Total expenditure incurred at the several Pilotage Districts and paid from this vote as follows:—Sydney, \$37,805.29, Halifax, \$121,639.70, St. John, \$61,730.22, Quebec, \$55,393.33, Montreal, \$11,522.15, and the following amounts have been recovered from the pilots fund against these charges: Sydney, \$32,671.46, Halifax, \$92,965.67, St. John, \$59,895. No recoveries have been obtained from Montreal or Quebec.

Votes 232 and 254—1924–25—In reference to correspondence (page O-98, 1924–25) it has been ascertained that a valuation of the property was made before purchase by the Agent of the Department at St. John; the titles were submitted to the Department of Justice for approval.

## NOTES DE VÉRIFICATION—

Crédit 218—Le traitement d'un commis temporaire a été payé à même ce crédit, bien que la commission du service civil n'ait pas accordé le certificat requis. (Voir précis de la correspondance, page 252).

Crédit 221—Certains chèques émis par le département à l'ordre de J.-M. Blouin de l'agence de Québec pour solder des bordereaux de paye ne sont pas appuyés par des reçus des employés.

Crédit 227—Les déboursés n'ont pas toujours été débités au district de pilotage qui a occasionné la dépense.

Crédit 227—Répartition des dépenses faites dans les districts de pilotage à même ce crédit:—Sydney, \$37,805.29; Halifax, \$121,639.70; S.-Jean, \$61,730.22; Québec, \$55,393.33; Montréal, \$11,522.15. Les sommes suivantes ont été recouvrées du fonds des pilotes en déduction de ces déboursés: Sydney, \$32,671.46; Halifax, \$92,965.67; S.-Jean, \$59,895. Aucun recouvrement de Montréal ni de Québec.

Crédits 232 et 254 (1924–1925).—Il ressort de l'examen de la correspondance (page O-114, 1924–1925) que l'évaluation de la propriété a été faite avant l'achat par l'agent du département à S.-Jean. Les titres ont été soumis à l'examen du ministère de la Justice.

EXPLANATIONS OF GRANTS NOT USED AND GRANTS EXCEEDED—(a) It was the intention to transfer part of this expenditure to other services, but I ruled that these transfers could not be made. (b) This over-draft occurred through a misunderstanding of instruction sent the College during the latter part of March. (c) There being 15 disbursing agencies from this vote, the excess was discovered too late to rectify.

REMARQUES RELATIVES AUX CRÉDITS NON UTILISÉS OU DÉPASSÉS—(a) On avait l'intention de reporter une partie de cette dépense à d'autres services, mais j'ai décidé que ces virements ne pouvaient se faire. (b) Cette dépense est due à l'interprétation erronée des instructions données au Collège durant la dernière partie de mois de mars. (c) Ces déboursés se faisant par l'entremise de 15 bureaux, le dépassement a été découvert trop tard pour en faire la rectification.

## AUDIT NOTES—

No security deposit was obtained regarding repairs to H.M.C.S. *Armentières*.

Vote 104—At the request of this Office the Cadet fees deposited heretofore to the credit of the revenue of the Royal Military College are now deposited to the credit of the Receiver General in a Trust Account. (See précis of correspondence, page 241).

## NOTE DE VÉRIFICATION—

Il n'est été fait aucun dépôt de valeurs en garantie d'exécution de contrat en rapport avec les réparations du vapeur *Armentières*.

Crédit 104—A la demande de ce bureau, les sommes versées par les cadets, jusqu'ici créditées au compte de revenu du Collège militaire royal, le sont maintenant à un compte fiduciaire spécial relevant du Receveur général. (Voir précis de la correspondance, page 253)

## AUDIT NOTES—

Objection was taken to the purchase of a couch for the Welfare branch which was not made through the Public Works Department. (See précis of correspondence, page 242).

The King's Printer's Advance Account was charged with an amount of \$15,557.50 for wages, char service, which should have been charged to the Public Works Department, Vote 144—Char Service, Departments Generally. (See précis of correspondence, page 242).

## NOTES DE VÉRIFICATION—

Objeté à l'achat, par ce ministère, d'un divan, sans l'intermédiaire du département des Travaux publics. (Voir précis de la correspondance, page 254).

Une somme de \$15,557.50 a été imputée sur le compte d'avances de l'imprimeur du Roi pour salaires des préposés au nettoyage; on aurait dû en débiter le ministère des Travaux publics, au titre de: Credit 144—Service de nettoyage des départements en général. EXPLANATIONS OF GRANTS NOT USED AND GRANTS EXCEEDED.—*a* Works not proceeded with. *b* Work did not progress as rapidly as had been expected. *c* Work was speeded up between the time the Estimates were made up and the end of the fiscal year, therefore the provision made for this year was not required as the work had been paid for out of the previous year's appropriation. *d* Certain items estimated for were either dispensed with or held over for further consideration. *e* Unavoidable inaccuracies in preparing the Estimates. *f* The amount not used represents the contribution by the Hammermill Paper Co., \$58,245.18.

REMARQUES RELATIVES AUX CRÉDITS NON UTILISÉS OU DÉPASSÉS.—*a* Travaux non exécutés. *b* Les travaux n'ont pas été exécutés aussi rapidement qu'on l'avait prévu. *c* L'exécution des travaux a été hâtée, après la préparation des prévisions budgétaires et avant la fin de l'année financière, conséquemment le montant prévu pour l'année actuelle n'a pas été dépensé, les travaux ayant été payés à même les fonds votés l'année précédente. *d* On s'est dispensé de certains crédits réservés pour considération ultérieure. *e* Inexactitudes impossibles à éviter dans la préparation du budget des dépenses. *f* Le montant non utilisé représente la contribution de la compagnie Hammermill Paper Co., \$58,245.18.

## AUDIT NOTES—

Objection was raised to a charge of \$4,540 for rental of Steam Shovel *re* the Lyall Construction Co. contract for the new Dry Dock at Esquimalt, B.C. and the amount was not paid.

Objection was raised to payment of the claim of the Independent Coal Co. for interest on delayed payments for purchases in 1920-21. Application for payment withdrawn.

*Vote 155*—Attention was called to the non-completion of two steel scows within the contract time and the time was extended. (See précis of correspondence, page 244).

No security was obtained for the performance of contract for dredging at L'Archevêque, N.B. (See précis of correspondence, page 243).

## NOTES DE VÉRIFICATION—

Objection ayant été faite au paiement d'un loyer de \$4,540 pour une pelle à vapeur, en rapport avec le contrat de la compagnie de construction Lyall pour la construction d'une cale-sèche à Esquimalt (C.-A.), la demande de paiement a été retirée.

Le paiement de l'intérêt sur versements en retard réclamé par l'"Independent Coal Co." n'ayant pas été approuvé par ce bureau, la demande a été retirée.

*Crédit 155*.—Le département ayant été avisé que la construction de deux bateaux allèges en acier n'était pas terminée à la date stipulée au contrat, le délai a été prolongé. (Voir précis de la correspondance, page 256).

Aucune garantie n'a été donnée pour l'exécution du contrat de dragage, à l'Archevêque (N.-B.). Voir précis de la correspondance, page 255).

**EXPLANATIONS OF GRANTS NOT USED AND GRANTS EXCEEDED.**—*a* Reduction in employees during year  
*b* Fluctuation in number of men under treatment. *c* Supplementary estimate submitted to Department of Finance before end of fiscal year, but not dealt with. *d* This overestimation is necessary owing to advances made to Unit offices at the beginning of fiscal year and which are later refunded.  
*e* Development of Workshops with the Red Cross Society has been less extensive than anticipated.  
*f* Scheme to erect houses at Kamloops, B.C. for T.B. ex-members of the Forces not proceeded with.  
**REMARQUES RELATIVES AUX CRÉDITS NON UTILISÉS OU DÉPASSÉS.**—*a* Réduction du nombre des fonctionnaires pendant l'année. *b* Fluctuation du nombre des personnes soignées. *c* Prévision de crédits supplémentaires soumise au ministère des Finances avant la fin de l'année financière, mais non incluse dans le budget présenté à la Chambre. *d* Cette prévision trop considérable est nécessaire à cause des avances faites aux Unités au commencement de l'année financière, lesquelles sont remboursées par la suite.  
*e* L'augmentation du nombre des ateliers dirigés par la société de la Croix rouge a été moins rapide qu'on ne l'avait prévu. *f* Le projet de construction d'habitations à Kamloops (C.-A.) pour les vétérans atteints de tuberculose a été abandonné.

## NOTE:—

(a) Trust and Loan Companies Tax, amounting to \$325,713.80, which in the Public Accounts is included in the Revenue of the Customs and Excise is credited by this office to the Department of Finance.

(b) Superannuation Revenue, amounting to \$462.79, which appears as a separate item in the Public Accounts, is credited by this office to the Department of Finance.

(c) Government Contracts Supervision Committee Revenue, amounting to \$134.04, which appears as a separate item in the Public Accounts, is credited by this office to the Department of Finance.

(d) Collections amounting to \$112,113.72, on account of Harbours, Wharfs and Piers, which in the Public Accounts are included in the revenue of the Public Works are credited by this office to the Department of Marine and Fisheries.

(e) In addition to the amount of \$30,334,575.02 shown as the general revenue of the Post Office Department, the amount of \$6,104,320.80 was collected but not deposited as revenue, being used in making payments to country postmasters, in accordance with a long-standing practice. Including this sum the actual general revenue would amount to \$36,438,895.82. The particulars of the disposal of this amount of \$6,104,320.80 will be found on page S-2, Vol. 2 of this report.

**REMARQUES:**

(a) Les produits de l'impôt sur les compagnies de fiducie et de prêts, s'élevant à \$325,713.80 et ajoutés, dans les Comptes publics, au revenu des Douanes et de l'Accise, sont crédités par ce bureau au ministère des Finances.

(b) Le revenu de \$462.79 du fonds de pension, qui paraît à un chapitre distinct des Comptes publics, est crédité par ce bureau au ministère des Finances.

(c) Le revenu de \$134.04 du comité de surveillance des contrats de l'État, qui paraît à un chapitre distinct des Comptes publics, est crédité par ce bureau au ministère des Finances.

(d) Une somme de \$112,113.72 perçue pour les ports, quais et jetées, ajoutée, dans les Comptes publics, au revenu des Travaux publics, est créditée par ce bureau au ministère de la Marine et des Pêcheries.

(e) Outre ce revenu général de \$30,334,575.02 du ministère des Postes, un montant de \$6,104,320.80 a été perçu sans être compris dans les revenus, ayant servi à des versements aux maîtres de poste ruraux, conformément à une coutume ancienne. Le revenu général s'élève donc en réalité à \$36,438,895.82. On trouvera à la page S-2 Vol. 2 de ce rapport le détail de la répartition de ces \$6,104,320.80.

**AUDIT NOTES—**

In the matter of the sale of Excise Tax Stamps, the appointment of special vendors with a commission of 2% on sales affected the Revenue therefrom. (See précis of correspondence, page 236).

A short collection of Steamship Inspection Fees at Vancouver, B.C. of \$150. has been called to the attention of the Department. (See précis of correspondence, page 241).

The revenue of wharfage at Sault Ste. Marie, Ont. was not deposited until the close of the season of navigation. (See précis of correspondence, page 241).

A shortage of dues under existing leases in connection with the Rideau Canal, was disclosed by this Office. The officer responsible was dismissed but the funds were not recovered. (See précis of correspondence, page 245).

**NOTES DE VÉRIFICATION—**

Les produits de la vente des timbres d'accise ont été modifiés par suite de la nomination de vendeurs touchant une commission de 2 p. 100. (Voir précis de la correspondance, page 248)

Une insuffisance de \$150 dans la perception des droits d'inspection des vapeurs à Vancouver (C.-A.) a été signalée au département. (Voir précis de la correspondance, page 252).

Les produits de quaiage au Sault-S.-Marie n'ont été déposés qu'à la clôture de la saison de navigation. (Voir précis de la correspondance, page 253).

Une défalcation des redevances dues en vertu des baux relatifs au canal Rideau ayant été découverte par ce bureau, le fonctionnaire responsable a été congédié mais les fonds n'ont pas été remboursés. (Voir précis de la correspondance, page 256).

**NOTES:—**

(a) The large amounts of refunds of Revenue shown against Customs Duties, Excise Duties and Excise Taxes is due mainly to the payments of drawbacks and refunds of duty paid in accordance with the provisions of the Customs and Excise Act and section 92 of the Audit Act, statements of these payments will be found in part "D" of this report.

(b) In addition to the amounts shown as revenue of the Post Office Department for the year 1925-26 the amount of \$6,104,320.80 was collected but not deposited as revenue, being used in paying salaries and allowances to country postmasters, etc., as shown on page S-3 of this report. The amount so used in 1924-25 was \$6,000,553.90.

**REMARQUES:—**

(a) Les montants considérables de remboursements de revenus, chargés aux droits de Douanes, droits d'Accise et de taxes d'Accise, proviennent surtout du fait que des paiements de drawbacks et des remises de droits ont été faits en vertu des dispositions de la loi des Douanes et de l'Accise et de l'article 92 de la loi de la vérification. Les états de ces paiements se trouvent à la partie "D" de ce rapport.

(b) Outre le revenu du ministère des Postes pour l'année 1925-1926, indiqué ci-dessus la somme de \$6,104,320.80 a été perçue mais non déposée au compte du revenu, ayant servi à payer les traitements et les allocations des maîtres de poste ruraux, etc., comme il appert à la page S-3 de ce rapport. Le montant ainsi versé en 1924-1925 a été de \$6,000,553.90.

## NOTE—

(a) Not treated as an open account. Disbursements are charged and contributions credited directly to Consolidated Revenue Fund.—Disbursements are greatly in excess of the contributions chiefly for the reason that this is the oldest Superannuation Fund, being superseded in 1893 by Fund No. 2. Most of those who were still contributing in 1924 transferred to Fund No. 5. (b) Treated as an open account. Receipts for Superannuation Fund No. 2 include \$101,415.34 charged to Interest on Public Debt. (c) This is covered by a vote in the Supply Bill each year. No contributions were made by the employees retired under the Order in Council. (d) No contributions were received under this Act. Payments thereunder were charged to Consolidated Revenue Fund. (e) Treated as an open account. Receipts for Superannuation Fund No. 5 include \$282,996.58 as the Government's contribution, \$315,157.47 charged to Interest on Public Debt and \$3,473,003.22 transferred from Retirement Fund. (f) Statutory. No contributions. (g) No contributions covered by Vote in the Supply Bill with the exception of \$1,897.74 which is statutory. (i) Not treated as an Open Account. Contributions credited to the Consolidated Revenue Fund. Of the disbursements \$139,025.77 is authorized by Statute and the remainder is charged to votes under the Supply Bill.

## REMARQUES—

(a) N'est pas considéré comme un compte ouvert. Les déboursés sont portés directement au débit, et les contributions au crédit du fonds du revenu consolidé.—Il y a excédent considérable des déboursés sur les contributions, surtout parce que ce fonds de pension est le plus ancien, ayant été remplacé en 1893 par le fonds N° 2. La plupart de ceux qui y versaient encore des contributions en 1924 ont été inscrits au fonds N° 5. (b) Considéré comme un compte ouvert. Les recettes du fonds N° 2 comprennent une somme de \$101,415.34, imputée sur l'intérêt de la dette publique. (c) Il y est pourvu chaque année par un crédit. Les employés mis à la retraite en vertu d'un arrêté ministériel n'ont pas versé de contributions. (d) Il n'a pas été perçu de contributions en vertu de cette loi. Les versements ont été imputés sur le fonds du revenu consolidé. (e) Considéré comme un compte ouvert. Les recettes du fonds N° 5 comprennent une somme de \$282,996.58, quote-part de l'État, une autre de \$315,157.47 imputée sur l'intérêt de la dette publique et une troisième de \$3,473,003.22, venant du fonds de retraite. (f) En vertu d'une loi spéciale. Aucune contribution n'est perçue. (g) Aucune contribution n'est perçue. Il y est pourvu par un chapitre du bill des subsides, sauf pour une somme de \$1,897.74, versée en vertu d'une loi spéciale. (i) N'est pas considéré comme un compte ouvert. Les contributions sont créditées au fonds du revenu consolidé. \$139,025.77 des déboursés sont autorisés par une loi spéciale et le solde est imputé sur des chapitres du bill des subsides.

## NOTES:—

The revenue on account of Income Tax, which was shown under the Finance Department up to 1923-24 inclusive, is included in subsequent years in the revenue of the Customs and Excise Department.

The annual pension of \$4,999.92, paid to Judge Craig, was omitted from the expenditure by the Finance Department in the corresponding statement in my report for 1924-25. These payments are included in the above figures.

## REMARQUES:—

Les produits de l'impôt sur le revenu, crédités jusqu'en 1923-1924 inclusivement au ministère des Finances, sont ajoutés depuis au revenu du ministère des Douanes et de l'Accise.

La pension annuelle de \$4,999.92, versée au juge Craig et non comprise dans les déboursés du ministère des Finances indiqués dans l'état correspondant de mon rapport de 1924-1925, est comprise dans les chiffres ci-dessus.

## TREASURY BOARD CORRESPONDENCE

**Including not only direct correspondence with the Treasury Board but also correspondence with some Departments in regard to Expenditures examined by this Office and reported to the Treasury Board**

AUDIT OFFICE, March 12, 1926.

### Payment of Living Allowance on Death of Official

DEAR SIR,—An Order in Council passed on February 9, 1875, authorizes the payment of the salary of a deceased official for the full month in which he died. In a letter dated July 9, 1923, you inform me that the Treasury Board is of opinion that the practice of paying the full salary for the month in which the official died, as established by Order in Council of February 9, 1875, should be continued.

A question has arisen in this connection, on which I shall be glad to receive the Treasury Board's direction. In the cases of some positions the remuneration established by the Civil Service Commission or by the Governor in Council includes a stated living allowance in addition to the regular salary and the question I desire to submit to the Treasury Board for consideration is if in the case of the death of an official filling such position, the living allowance should be paid up to the date of death only or if the living allowance as well as the salary should be paid for the full month in which death took place.

I am, Sir, Your obedient servant,

WM. KEARNS, *for A. G.*

The Secretary of the Treasury Board.

(NOTE: No reply was received).

### Specific Votes for Compassionate Grants

AUDIT OFFICE, April 3, 1926.

SIR,—I have before me copies of two Orders in Council passed on March 23, last, for payments which are in the nature of compassionate grants.

The one (P.C. 128/442) is for the payment of \$150 to Mr. Edmond Charette of Tawatinaw, Alta., whose leg was broken by one of a team of government horses which had been left in his care. The other (P.C. 132/442) is for payment of \$72.49 as part of the burial expenses of W. A. Bremner, an employee at the Brooks Demonstration Farm, who died suddenly on August 7, 1925, and who had no relatives in this country. In neither of these cases does there appear to be any legal responsibility on the part of the government and the payments authorized seem to be purely of the nature of compassionate grants. Other cases of a somewhat similar nature have been authorized at different times by the Governor in Council. I am inclined to the opinion that payments of this nature, which are neither for services performed nor for supplies furnished, should not be charged against the ordinary appropriations, but that in each case the authority of parliament, in the form of a specific vote, should be obtained.

If it should be found, by a reference to the Department of Justice, that Council is acting within its powers in authorizing payments of this nature, I would suggest that in future all such payments be made from the vote for "Miscellaneous Expenses," the wording of the vote being altered to read,— "Unforeseen Expenses including payments of compassionate grants, expenditure thereof to be under Order in Council, etc."

I am, Sir, Your obedient servant,

GEO. GONTHIER, A. G.

The Secretary of the Treasury Board.

(NOTE: No reply was received).

#### Payment for Motor Car From Civil Government Contingencies Vote

AUDIT OFFICE, December 23, 1925.

DEAR SIR,—I enclose for the information of the Treasury Board copies of correspondence respecting a claim for the difference in price between an old Cadillac car and a new one delivered to the Department of Marine and Fisheries.

This transaction has been referred to me by the Accountant of Contingencies under Section 7 of the Contingencies Act, being Chapter 20 R.S.C.

I have had a conference with Mr. Johnston, Deputy Minister of Marine and Fisheries in accordance with the provision in that respect in Section 7 and I am of opinion that the definition of Contingencies given under Section 3 of the Act in question, does not include motor cars.

The claim of the Emerson Motors Limited may not therefore, in my opinion, be made a charge on the vote for Civil Government Contingencies, Department of Finance.

Yours truly,

GEO. GONTHIER, A. G.

The Secretary of the Treasury Board.

---

AUDIT OFFICE, December 9, 1925.

DEAR SIR,—The Accountant of Contingencies, Department of Finance, has submitted to me an account from your Department, rendered by Emerson Motors, Limited, for \$2,685, being the difference between an allowance made on a motor car—type 61 Cadillac Suburban—exchanged for a new Cadillac-Imperial Sedan fully equipped.

This account has been submitted to me under Section 7 of the Contingencies Act, being Chapter 20 of the Revised Statutes of Canada.

You will notice that this Section provides that if the Auditor General, after conference with the deputy head of the department signing the requisition is of opinion that there is any irregularity in the same he shall submit it to the Treasury Board before payment.

I shall be obliged if you will let me know when it will be convenient for you to have this conference and if you will call at my office for that purpose.

Yours faithfully,

GEO. GONTHIER, A. G.

The Deputy Minister, Marine and Fisheries.

---

DEPARTMENT OF MARINE AND FISHERIES, December 15, 1925.

DEAR SIR,—On returning to my office this morning after an absence of several days, I found your note of the 9th instant with reference to the account rendered to this Department by the Emerson Motors Limited awaiting me.

With regard to the last paragraph thereof, I will be glad to confer with you at any time that will best suit your purpose, if you will advise me by telephone an hour or two in advance.

Yours very truly,

A. JOHNSTON, D.M.

The Auditor General.

(NOTE.—No reply was received from the Treasury Board but an Order in Council was passed on March 23, 1926, based on a Minute of Treasury Board by which authority was granted for the payment of the new car from Civil Government Contingencies).

### Special Payments Without Vote of Parliament

AUDIT OFFICE, October 7, 1926.

SIR,—Under an Order in Council of May 19, 1925, on a recommendation from the Treasury Board, Mr. A. C. Campbell, Editor of Debates, House of Commons, was granted standing as a contributor under the Civil Service Superannuation and Retirement Act, and authority was granted for his paying by monthly instalments his arrears of contributions and also for the payment by the House of Commons of the interest on such arrears amounting to \$682.80.

All the necessary actions were taken by the Treasury Board and the Governor in Council to ratify such payment but no provision was made by Parliament for the amount required to cover this payment of interest. A cheque was issued by the House of Commons for the amount which was charged by them to their Salaries Vote and credited to the Receiver General as Superannuation Revenue. Objection was taken by me that there was not sufficient authority for such payment and that a special vote of Parliament was required. The matter was referred to the Deputy Minister of Justice who replied that in his opinion (1) there was not sufficient authority (2) that it was not properly chargeable to salaries and (3) that a special vote was required to meet such special expenditure.

Mr. Beauchesne subsequently stated that the payment could have been charged to his Vote for "Contingencies Miscellaneous" but that vote was likewise inapplicable.

As the expenditure of such money from the Salaries Vote was not applied for the purpose for which it was voted and as there was no direct parliamentary appropriation for such expenditure, I am reporting the same to you in accordance with the requirements of Section 41 of the Consolidated Revenue and Audit Act.

Yours truly,

GEO. GONTHIER, A.G.

The Secretary of the Treasury Board.

AUDIT OFFICE, October 8, 1926.

DEAR SIR,—By Order in Council of April 23, 1920, authority was granted for the retirement under the Superannuation and Retirement Act of Mr. J. O. Marceau, Reporter, House of Commons, with an annual allowance of \$1,960 subject to a deduction of \$24.44 per month to cover payment of his arrears of contributions with interest at 3 per cent. On April 6, 1925, at a meeting of the Commission of Internal Economy this resolution was recorded:

"The Commission's attention was called to the fact that the case of Mr. J. O. Marceau was similar to that of Mr. Campbell's and it was resolved to settle it on the same basis, namely by paying Mr. Marceau the sum of \$785.63."

A cheque was then issued by the Accountant of the House of Commons for \$785.63, payable to Mr. Marceau himself and was charged to their Salaries Vote.

The following objections were raised by me to this payment:—

- (1) The payment was not made in accordance with the resolution of the Commission on Internal Economy.
  - (a) It was not settled on the same basis as was Mr. Campbell's.
  - (b) The payment of the interest was not approved by the Treasury Board as was Mr. Campbell's.
  - (c) The payment made to him was not the correct amount of the arrears of interest.
  - (d) Payment was made to Mr. Marceau of an amount owing to the Receiver General.
- (2) This payment was not properly chargeable to the Vote for Salaries.
- (3) The approval of the Treasury Board was necessary and also a special Vote of Parliament.

On a reference of the matter to the Deputy Minister of Justice he replied that in his opinion;

- (1) there was not sufficient authority;
- (2) it was not properly chargeable to salaries;
- (3) a special Vote was required to meet such special expenditure.

Mr. Beauchesne subsequently stated that the payment could have been charged to the Vote "Contingencies Miscellaneous" but that Vote was likewise inapplicable.

As the expenditure of such money from the Salaries Vote was not applied to the purpose for which it was voted and as there was no direct parliamentary appropriation for such expenditure, I am reporting the matter to you in accordance with the requirements of Section 41 of the Consolidated Revenue and Audit Act.

Yours truly,

GEO. GONTHIER, A.G.

The Secretary of the Treasury Board.

**Employment of Official Without Approval of Civil Service Commission**  
(For previous Correspondence see Auditor General's Report, 1924-25, page d-9, Vol. 1)

AUDIT OFFICE, November 26, 1926.

DEAR SIR,—I would again call your attention to our correspondence of last year regarding the employment of a messenger clerk in the Department of Marine and Fisheries contrary to the provisions of the Civil Service Act.

I enclose herewith a copy of a letter sent more than a month ago to the Deputy Minister of that Department, in which I called his attention to the continued employment of Mr. Turner and again pointed out that payment of any salary to him was contrary to law. No reply has been received. I have therefore in accordance with the requirements of section 41 (2) of the Consolidated Revenue and Audit Act to report to the Treasury Board that money has been paid by this Department from its accountable credit for a purpose for which there is no legislative authority.

In your letter of December 31 last you state that it would appear that the employee was not properly appointed and that in cases of illegal payments the Auditor General has full power himself to enforce the remedy. As the pay-list covering his salary is not submitted for pre-audit would you please state the means available to me for enforcing the remedy.

I am still of the opinion that it was in order for me to report this matter under section 60 of the Consolidated Revenue and Audit Act. My objections to the Department against these payments were not answered to my satisfaction and it therefore seems obligatory under that section to report it to the Treasury Board in order that the Treasury Board may determine the manner in which the items in question shall be entered in the annual appropriation accounts.

Yours truly,

GEO. GONTHIER, A.G.

The Secretary of the Treasury Board.

AUDIT OFFICE, October 16, 1926.

DEAR SIR,—In examining the vouchers sent me in support of expenditure of the Marine Branch of the Department of Marine and Fisheries, I find that Kendall Turner is still being employed as a messenger clerk in the Radiotelegraph Branch without the approval of the Civil Service Commission.

In this connection I desire to direct your attention to previous correspondence respecting this matter, and particularly to my letter dated December 16, 1925, addressed to the Deputy Minister of Finance, a copy of which is enclosed. I desire to point out again that any payment to Mr. Turner in the absence of a Civil Service certificate of appointment is contrary to law and should not be continued. If the necessary approval for payments already made cannot be obtained the amounts paid should be refunded.

Yours truly,

GEO. GONTHIER, A.G.

The Deputy Minister of Marine and Fisheries,

(NOTE: No replies have been received to above letters).

**Same Period of Service Counted for Two Retiring Allowances, One Under Civil Service Act and the Other Under the Superannuation Act.**

AUDIT OFFICE, February 24, 1926.

DEAR SIR,—I am enclosing herewith a copy of a letter from the Deputy Minister of Public Works relating to the retiring allowance of A. C. Cunningham, the report of which you will receive shortly.

Mr. Cunningham entered the Service in April, 1921, became a contributor to the Retirement Fund and was retired under the provisions of the Civil Service Act on account of abolition of position with effect from January 13, 1925. He was granted sixty days' leave as a retiring allowance and the amount to his credit in the Retirement Fund was returned. On June 2 he was re-appointed to a position that was exempt from the operation of the Civil Service Act. It is now proposed to grant him twenty-one days' retiring leave and include his total service in computing a retiring allowance of  $4\frac{5}{12}$  months' salary on abolition of position, effective January 22, 1926.

I would call your attention to the comment of the Deputy Minister, with which I agree, that it seems an anomaly that a man can be retired with two months' leave and the return of his Retirement Fund and then upon re-engagement be allowed to count all his previous service for his second retiring allowance. Can the position to which he was appointed be considered as one of continuing indeterminate duration in view of the fact that it was abolished eight months after the assignment thereto was made? If not he would not be eligible to come under the Superannuation Act, 1924. If after his second appointment he was a permanent employee, the Governor in Council may legally grant him the amount recommended which has been verified as correct. This position is exempted from the operation of the Civil Service Act. Can such a position be

considered as a permanent one unless it has been created by the Governor in Council or unless it was classified in accordance with the requirements of P.C. 1053, second last paragraph? These points appear to be material in deciding his eligibility for an allowance under the Act.

Yours truly,

GEO. GONTHIER, A.G.

The Secretary, Treasury Board.

(NOTE: The second allowance was approved by Treasury Board and paid).

**Eligibility of Lightkeepers to Receive Superannuation Allowances Based on Gross Salaries Which Include Wages Paid to Assistants**

AUDIT OFFICE, April 22, 1926.

DEAR SIR,—On March 4th last I wrote you in connection with the schedule of allowances to the widow of the late George A. Harris, Lightkeeper, Department of Marine and Fisheries.

At that time the schedule as submitted based the allowances on an average salary of \$1,680, less \$300 paid for assistance. An amended schedule has now been submitted computing allowances on the full salary of \$1,680 in accordance with the ruling of the Justice Department dated 8th January, 1925.

It would appear that the ruling of the Justice Department was based on the fact that the classification of the Civil Service Commission established a salary range for this position of \$1,500 to \$1,680, although the classification stated that an assistant would be required who would be paid by the lightkeeper from his own salary. There are no doubt good reasons for determining the salary ranges of the lightkeepers on a different basis from that of other positions in the service, but the result is that in the superannuation of each such official, he is, under this ruling of the Justice Department, entitled to an allowance based on the remuneration of himself and another employee.

I do not think it was intended to discriminate in this way in regard to the superannuation allowances of lightkeepers and those of other employees of the service who require assistants also, but who are paid direct by the Department. The allowance shown in the schedule is correct if the basis of gross salary is accepted, but as I do not consider that such basis is a proper one, the schedule is forwarded to you without signature as to counterchecking by this office.

Yours truly,

GEO. GONTHIER, A.G.

The Secretary of the Treasury Board.

---

AUDIT OFFICE, May 7, 1926.

DEAR SIR,—I enclose herewith for your consideration a schedule of allowances to Ernest H. Rennie, Lightkeeper, as submitted by the Department of Marine and Fisheries.

Although similar in most respects to other cases where lightkeepers are required to pay their assistants from their gross salaries, Mr. Rennie's is exceptional in that the superannuation allowance recommended for him will exceed by \$56.70 per annum the net salary he was receiving at the time of his retirement after allowing \$1,020 per annum for assistance.

I do not think it was ever contemplated that an officer could be retired with an allowance greater than his salary previous to retirement, and in view of this objection the schedule is forwarded to you without being signed, as counter-checked by this office.

Yours truly,

GEO. GONTHIER, A.G.

The Secretary of the Treasury Board.

EXTRACT, TREASURY BOARD MINUTE, OTTAWA, OCTOBER 19, 1926

MARINE AND FISHERIES—The Board had under consideration a memorandum respecting contributions and allowances of Lightkeepers under the Civil Service Superannuation Act, 1924.

The Board was advised that many Lightkeepers have been for long periods on a part-time basis, paid small salaries and allowed to do other work; that the Deputy Minister of Justice has ruled that this part-time service should be counted only to the extent of actual service during the season of navigation. The Board direct that recommendations covering retirement of Lightkeepers whose service in whole or in part has been part-time shall be accompanied with a certificate of the Deputy Minister of Marine and Fisheries that the service allowed is the total of actual service during the season of navigation, and complies with the ruling of the Deputy Minister of Justice in respect thereto.

The Board was further advised that certain classes of Lightkeepers are classified at salaries which include pay of one or more assistants; that the Deputy Minister of Justice has ruled "that the salary of the Lightkeeper, for the purposes of this Act, is the amount which is actually paid to him (without diminution on account of any portion which he may have to expend to provide for assistance)"; and that retirement on this basis will in some instances result in allowances exceeding the net salary of the employee before retirement. The Board is of the opinion that the Act does not contemplate allowances which exceed seven-tenths of the remuneration of the contributor before retirement. The Board direct, accordingly, that the Department of Marine and Fisheries be advised that, notwithstanding the provisions of the Act, they will be unable to concur in recommendations based on salaries in excess of the net amounts retained by the Lightkeepers. The Board further directs that, pending amendment of the Act, the Department of Marine and Fisheries be authorized to reserve contributions calculated on net salaries retained after payment of assistants.

GEO. W. HYNDMAN, *Acting Sec'y.*

AUDIT OFFICE, November 12, 1926.

DEAR SIR,—I am in receipt of the Reports to Council and schedules of allowances to Elphege Bourque, W. G. Wyatt, Joseph G. Dixon and the widow of the late Olivier Victor Fafard.

It is noted that in every case the allowances are based on an average salary of \$1,500 which the Department considers a fair amount after paying for the services of assistants. As this amount appears to be more equitable than the

amounts applied for by the Department and which the Justice Department ruled might legally be paid, I am approving of same, subject to the authorization of the Governor in Council and pending a proposed amendment to the Act. While accepting this proposed schedule as a more equitable adjustment than that previously submitted it is pointed out that in determining the retiring allowance no consideration appears to have been given to the fact that the employee's salary varies to the extent of the statutory increases provided for him in the Civil Service Classification.

The question also arises as to what superannuation abatements should be made from their salaries. The employee who has been contributing on the gross salary will naturally object when the salary basis for his allowances is established at a lesser amount. If the amount specified in the Department's schedule is accepted as the basis for contributions an employee with over three years' service and an increased salary due to statutory increases will be contributing the same amount as the employee at the minimum salary of the same class or grade. That is, regardless of statutory increases, the employee will contribute on the same salary throughout his period of service in that class. It seems to me that the logical way to meet this objection is for the Civil Service Commission to amend their salary ranges for these classes of positions. There seems to be no sufficient reason for treating the salaries of the lightkeepers on a different basis from that of any other class in the service. In fixing the gross salaries as set out in the classification schedules the Department and the Civil Service Commission must have based them on estimates in each case of the salary of the lightkeeper and the wages of his assistant or assistants. If on the basis of these estimates the salary of the lightkeeper and the amount allowed him for wages of assistants were shown separately all these difficulties in dealing with their superannuation abatements and allowances would be removed.

In order that the Department of Marine and Fisheries and the Civil Service Commission may be informed of our difficulty in dealing with this question I am forwarding a copy of this letter to each of them.

Yours truly,

GEO. GONTHIER A.G.

The Secretary of the Treasury Board.

**Retirement Recommended From Termination of Period of Absence Without Pay and Gratuity Based on Full Service Including Absence Without Pay and Without Contributions**

AUDIT OFFICE, May 1, 1926.

DEAR SIR,—I return herewith Schedule 'F' covering the gratuity recommended for Louis Heymann who is being retired, from April 1st last under the Superannuation Act.

According to the records Mr. Heymann has been employed since July 30, 1923, on which you claim for superannuation purposes a service of one year, eleven months and ten and one quarter days although he contributed for only ten months and fifteen days. Your claim is in accordance with a ruling of the Justice Department but it is pointed out that it does not appear equitable that his service since November 15 last should be included, as he was absent without pay since that date, and did not again resume his duties.

Please state if the Civil Service Commission approved of his leave for these four months and fifteen days, and why you date his superannuation from April 1, 1926, rather than November 15 last, the date when he ceased work.

Yours truly,

GEO. GONTHIER, *A.G.*

The Deputy Minister of Railways and Canals.

---

DEPARTMENT OF RAILWAYS & CANALS, May 4, 1926.

DEAR SIR,—I beg to acknowledge receipt of your communication of the 1st instant, returning Schedule "F" covering the gratuity recommended for Louis Heymann, who is being retired from April 1, 1926, under the Superannuation Act. I note your statement that it does not appear equitable that his service since November 15 last should be included on account of his having been absent without pay since that date and did not again resume his duty.

In reply to the inquiry made in the last paragraph of your letter, I would say that the Civil Service Commission approved of his leave for the four months and fifteen days referred to. His superannuation was dated from April 1, 1926, rather than from November 15, 1925, on the strength of a ruling of the Department of Justice contained in Summary (No. 2) of further rulings by the Department of Justice relating to the Civil Service Superannuation Act, 1924, which reads as follows:—

"It is thought that the intention of the Act is that contributions shall be deducted only from the salary paid to a contributor, but periods of leave of absence without pay nevertheless count as part of his service for the purpose of computing the Superannuation allowance."

Schedule "F" covering the gratuity recommended for Mr. Heymann is accordingly returned herewith.

Yours faithfully,

G. A. BELL, *D.M.*

The Auditor General.

---

AUDIT OFFICE, May 5, 1926.

DEAR SIR,—I enclose herewith copies of correspondence with the Deputy Minister of Railways and Canals relating to the proposed retirement of Mr. Louis Heymann of the Quebec Canals' Head Office.

While the service in question may legally be included for purposes of the Act according to the interpretation of the Justice Department, in my opinion such action in cases of this nature, of which there are a considerable number, places an unfair burden upon the fund.

Yours truly,

GEO. GONTHIER, *A.G.*

The Secretary of the Treasury Board.

(NOTE: Gratuity as applied for was approved by Treasury Board and paid.)

**Payment of a Gratuity Based on Entire Service More Than One-Quarter of Which Was Without Pay and Without Contributions**

AUDIT OFFICE, September 30, 1926.

DEAR SIR,—I desire to call your attention to the schedule of allowances, which you will receive shortly, recommending a gratuity of seven and eleven-twelfths months' salary to the widow of the late Samuel Davies, Customs Excise Examiner, Nanaimo, B.C.

Mr. Davies, whose death occurred on April 28, 1926, had been on leave without pay from February 1, 1924, so that of the service of seven years and eleven months which it is proposed to count, two years and three months were without any contributions to the fund. The proportion of the gratuity recommended by the department in respect of this period of absence for which no salary was paid or contributions made to the Fund amounts to \$315.

The Justice Department having ruled that such service may be legally included under the Act, the schedule of the department, with this amount included, has been counter-checked and signed, but your attention is again called to what appears to be improper or excessive charges against the Fund in view of the underlying principle of the whole Act that the allowances should correspond to the contributions. The gratuity claimed is 40 per cent larger than what he would receive if the gratuity were based on the actual service for which he made contributions.

Yours truly,

GEO. GONTHIER, A.G.

The Secretary of the Treasury Board.

(NOTE: Gratuity as applied for was approved by Treasury Board and paid.)

**Periods of Absence Without Contributions May be Counted for Retiring Purposes But Not for the Completion of 35 Years' Contributions**

JUSTICE DEPT., January 8, 1926.

SIR,—Referring to your letter of the 24th September last in which you refer to the opinion expressed in my letter of the 21st October, 1924, that periods of leave of absence without pay should count as part of an employee's service for the purpose of counting the superannuation allowance under the Civil Service Superannuation Act, 1924, you now ask:

"Would this ruling also apply when determining the completion of the thirty-five years contributory service, or would an employee have to continue to contribute after the expiration of thirty-five years service for a period equal to that during which he had been on leave of absence without pay, and for which no contributions had been made?"

In my opinion, sec. 4 of the Act requires contributions to be made in respect of a period of service of thirty-five years, and periods of absence without pay do not count in reduction of that period.

I am, Sir, Your obedient servant,

W. STUART EDWARDS, D.M. of J.

The Deputy Postmaster General.

**Extension of Employment After Age of Seventy Years**

AUDIT OFFICE, May 4, 1926.

DEAR SIR,—I enclose herewith for your consideration copies of correspondence with the Deputy Minister of the Interior Department in connection with the continued employment beyond July 19 next of an official whose service has not been extended as provided by section 10 (2) of the Civil Service Superannuation Act, 1924.

In this case the Department is giving a liberal interpretation to the wording of the ruling of the Justice Department: "within a reasonable time," as the employment of this Officer is continued for more than eight months after he reaches the age limit. He elected to come under the provisions of the Act on August 22, 1924. Is there any limit to what may be considered "a reasonable time?"

Yours truly,

GEO. GONTHIER, A.G.

The Deputy Minister of Finance.

---

DEPARTMENT OF FINANCE, May 10, 1926.

DEAR SIR,—I beg to acknowledge your letter of the 4th instant respecting continuance in office under the provisions of section 10 (2) of the Civil Service Superannuation Act, 1924.

The Department of Justice has ruled that this subsection does not operate to remove from the Service a contributor whose service has not been extended under the proviso thereto; but "it imposes a duty upon the Governor in Council to retire the officer from the Service within a reasonable time after his attaining the given age." The above seems to impose an obligation on the Governor in Council to retire the officer within a "reasonable time." I am in doubt, however, of the propriety of this Department attempting to define the limit within which the obligation shall be met.

Yours truly,

J. C. SAUNDERS, D.M.

The Auditor General.

---

AUDIT OFFICE, April 22, 1926.

DEAR SIR,—I return herewith your schedule of allowances to N. B. Sheppard counterchecked and signed as requested.

According to the document submitted as proof of age Mr. Sheppard attained the age of seventy years on February 24th last. Has the Governor in Council approved of the extension of his employment as required by sec. 10, subsec. 2 of the Act? This question will have a bearing on the salary to be paid him after July 19th next and up to the date of his superannuation.

Yours truly,

GEO. GONTHIER, A.G.

The Deputy Minister of the Interior.

---

INTERIOR DEPT., April 29, 1926.

DEAR SIR,—I am in receipt of your letter of the 22nd instant relative to the case of Mr. N. B. Sheppard in which you ask if an Order in Council was passed authorizing the extension of his employment beyond the age of 70 years, which he attained on the 24th February, 1926. In reply I am to inform you that the authority of Council was not asked in this case for the reason that it had been decided to retire Mr. Sheppard from the service in the course of a few months. This action was based on a ruling from the Department of Justice, dated the 2nd January, 1925, the question submitted to that Department and the answer given being as follows:—

“(1) Does this subsection (ss. 2 of sec. 10) operate to remove from the service a contributor whose service has not been extended under the provisions of the proviso thereto?”

“Answer: No, but it imposes a duty upon the Governor in Council to retire the officer from the service within a reasonable time after his attaining the given age. Until he is so retired, he continues to be a member of the service.”

It is hoped the above explanation will be found satisfactory.

Yours truly,

W. W. CORY, D.M.

The Auditor General.

## CORRESPONDANCE ÉCHANGÉE AVEC LE CONSEIL DU TRÉSOR

(Lettres échangées avec le conseil du Trésor et avec divers ministères au sujet de déboursés vérifiés par ce bureau et signalés au conseil du Trésor.)

### Versement de l'allocation de subsistance à la mort d'un fonctionnaire.

BUREAU DE L'AUDITEUR GÉNÉRAL, le 12 mars 1926.

CHER MONSIEUR,—Un décret du conseil adopté le 9 février 1875 autorise le versement du traitement d'un fonctionnaire décédé pour tout le mois durant lequel le décès est survenu. Dans une lettre datée du 9 juillet 1923, vous me dites que le conseil du Trésor est d'avis de maintenir la coutume de payer intégralement les appointements du mois au cours duquel l'employé est décédé, comme l'a établie le décret du conseil du 9 février 1875.

Il se pose à ce sujet une question à propos de laquelle j'aimerais à recevoir les directives du conseil du Trésor. Pour certaines positions, la rémunération fixée par la commission du service civil ou par le Gouverneur en son conseil comprend une allocation de subsistance déterminée s'ajoutant au traitement régulier. Je désire que le conseil du Trésor décide si, advenant le décès du titulaire d'un tel poste, on doit verser l'allocation due jusqu'à la date de la mort seulement ou si l'allocation, comme le traitement, doit être payée intégralement pour tout le mois durant lequel le décès est survenu.

Je suis, monsieur, votre obéissant serviteur,

WM. KEARNS, pour l'A.g.

Au secrétaire du conseil du Trésor.

(Remarque: Il n'a pas été répondu à cette lettre.)

### Crédits affectés aux allocations de commisération

BUREAU DE L'AUDITEUR GÉNÉRAL, le 3 avril 1926.

MONSIEUR,—J'ai sous les yeux copies des deux décrets du conseil adoptés le 23 mars dernier, en vue de décaissements constituant des allocations de commisération. Le premier décret (C.P. 128/442) a trait au paiement de \$150 à M. Edmond Charette, de Tawatinaw (Alberta), dont la jambe a été fracturée par un cheval d'un attelage de l'Etat, confié à ses soins. L'autre (C.P. 132/442) se rattache au paiement de \$72.49, partie des frais occasionnés par l'enterrement de W.-A. Bremner, employé de la ferme de démonstration de Brooks, mort subitement le 7 août 1925, sans aucun parent au Canada. Dans chacun de ces deux cas, le gouvernement ne semble pas avoir encouru de responsabilité légale; par conséquent, ces deux décaissements peuvent être considérés comme des allocations de commisération. D'autres paiements en quelque sorte semblables ont été autorisés, à divers intervalles, par le Gouverneur en son conseil. Je suis

enclin à croire que des déboursés de cette nature, qui ne portent aucunement sur des services rendus ou des matières fournies, ne devraient pas être imputés sur les crédits ordinaires, mais qu'on devrait se munir, chaque fois, de l'autorisation du Parlement, sous forme d'un crédit spécial.

Si l'on arrivait à établir, une fois le ministère de la Justice saisi de cette question, que le conseil a les pouvoirs voulus pour autoriser des sorties de fonds de ce genre, je conseillerais que, dorénavant, tous les paiements de cette catégorie fussent effectués à même le crédit libellé "Dépenses diverses" après avoir modifié le chapitre comme suit "Dépenses imprévues y compris les paiements d'allocations de commisération, les décaissements encourus devant être autorisés par un décret du conseil, etc."

Je suis, monsieur, votre obéissant serviteur,

GEO. GONTHIER, A. g.

Au secrétaire du conseil du Trésor.

(NOTA.—Cette lettre est restée sans réponse.)

### **Paiement d'une voiture automobile imputé sur le crédit applicable aux dépenses contingentes du gouvernement civil**

BUREAU DE L'AUDITEUR GÉNÉRAL, le 23 décembre 1925.

CHER MONSIEUR,—Je vous envoie sous ce pli, pour la gouverne du conseil du Trésor, copie des lettres relatives à un compte représentant la différence entre le prix d'une vieille Cadillac et celui d'une nouvelle voiture livrée au ministère de la Marine et des Pêcheries.

Le comptable des dépenses contingentes m'a saisi de cette transaction, en vertu de l'article 7 de la loi des dépenses contingentes (chapitre 20 des Statuts révisés du Canada).

J'ai débattu cette question avec M. Johnston, sous-ministre de la Marine et des Pêcheries, conformément aux dispositions de l'article 7, et je suis d'avis que la définition des dépenses contingentes donnée à l'article 3 de ladite loi ne fait pas état des voitures automobiles.

Le compte de l'*Emerson Motors, Limited* n'est donc pas imputable, à mon sens, sur le crédit relatif aux dépenses contingentes du gouvernement civil (ministère des Finances).

Votre dévoué,

GEO. GONTHIER, A. g.

Au secrétaire du conseil du Trésor.

---

BUREAU DE L'AUDITEUR GÉNÉRAL, le 9 décembre 1925.

CHER MONSIEUR,—Le comptable des dépenses contingentes (ministère des Finances) m'a soumis un compte présenté à votre ministère par l'*Emerson Motors, Limited*, pour la somme de \$2,685, soit la différence entre une remise relative à une voiture automobile du type "Cadillac Suburban 61" et le prix de vente d'une nouvelle Cadillac, du type "Imperial Sedan", munie de tout l'équipement voulu.

Ce compte m'a été soumis en conformité de l'article 7 de la loi des dépenses contingentes (chapitre 20 des Statuts révisés du Canada).

Vous remarquerez que cet article prescrit que, si l'Auditeur général, après une entrevue avec le sous-ministre qui a signé la réquisition voulue, est d'avis que cette réquisition est entachée d'une irrégularité quelconque, il doit alors en saisir le conseil du Trésor antérieurement au paiement.

Je vous prie de me laisser savoir quand il vous plaira de débattre cette question avec moi.

Sincèrement à vous,

GEO. GONTHIER, *A.g.*

Au sous-ministre de la Marine et des Pêcheries.

---

MINISTÈRE DE LA MARINE ET DES PÊCHERIES, le 15 décembre 1925.

CHER MONSIEUR, — En rentrant à mon cabinet ce matin, après une absence de plusieurs jours, j'ai trouvé votre communication du 9 du courant relative au compte présenté à ce département par l'*Emerson Motors, Limited*.

Pour ce qui est du dernier paragraphe, je me ferai un plaisir d'en causer avec vous à l'heure qui vous conviendra le mieux. Veuillez m'avertir par téléphone une heure ou deux à l'avance.

Votre tout dévoué,

A. JOHNSTON, *s.-m.*

A l'Auditeur général.

(NOTA.—Aucune réponse n'a été reçue du conseil du Trésor, mais un décret du Conseil, conforme à une décision du conseil du Trésor, a été rendu le 23 mars 1926, pour autoriser le paiement de la nouvelle voiture à même le crédit affecté aux dépenses contingentes du gouvernement civil.)

### Déboursés spéciaux non dotés de crédits

BUREAU DE L'AUDITEUR GÉNÉRAL, le 7 octobre 1926.

MONSIEUR, — En vertu d'un décret du Conseil rendu, le 19 mai 1925, à la demande du conseil du Trésor, M. A.-C. Campbell, rédacteur des Débats à la Chambre des communes, a été créé employé contributaire pour les fins de la loi des pensions de retraite du service public et il a été autorisé à payer ses arriérés de contribution par versements mensuels. En conséquence, la Chambre des communes a été autorisée à payer l'intérêt sur ces mêmes arrérages, dont le montant s'élève à \$682.80.

Le conseil du Trésor et le Gouverneur en son conseil ont eu recours à tous les moyens utiles pour rendre valable le déboursé requis, mais le Parlement n'y a pas pourvu. L'intérêt a été payé au moyen d'un chèque émanant de la Chambre des communes, qui en a imputé le montant sur le crédit destiné à ses traitements. Ce paiement a été porté au crédit du Receveur général à titre de revenu provenant des pensions de retraite. J'ai alors exprimé l'avis que ce paiement

n'était pas suffisamment autorisé et qu'il fallait obtenir un crédit parlementaire particulier. Le sous-ministre de la Justice, saisi de cette question, a répondu qu'à son sens:

1. l'autorisation n'était pas suffisante;
2. le paiement ne pouvait pas être imputé sur le crédit des traitements;
3. il fallait se faire consentir un crédit spécial pour effectuer un décaissement de ce genre.

M. Beauchesne a déclaré, par la suite, que ce déboursé aurait pu être imputé sur le crédit afférent aux dépenses contingentes de la Chambre des communes, mais cette allocation législative ne pouvait être employée à la destination qui fait l'objet de cette lettre.

Le crédit relatif aux traitements n'était pas destiné à un décaissement de ce genre et le Parlement n'ayant pas ouvert de crédit spécial, c'est-à-dire d'une manière exclusive, je porte ce paiement à votre connaissance, conformément à l'article 41 de la loi du revenu consolidé et de la vérification.

Votre dévoué,

GEO. GONTHIER, A. G.

Au secrétaire du conseil du Trésor.

BUREAU DE L'AUDITEUR GÉNÉRAL, le 8 octobre 1926.

CHER MONSIEUR,—Un décret du conseil en date du 23 avril 1920 a pourvu à la retraite de M. J.-O. Marceau, sténographe de la Chambre des communes, en conformité de la loi des pensions de retraite, moyennant une allocation annuelle de \$1,960, sujette à une déduction de \$24.44 par mois, en vue du paiement de ses arriérés de contribution avec intérêt à 3 p. 100. Le 6 avril 1925, la commission de régie interne adoptait la résolution suivante:—

“La commission, ayant appris que le cas de M. J.-O. Marceau est de même ordre que celui de M. Campbell, a décidé d'en disposer de la même manière, c'est-à-dire en versant à M. Marceau la somme de \$785.63.”

Le comptable de la Chambre des communes a alors émis un chèque de \$785.63 à l'ordre de M. Marceau lui-même, et ce montant fut imputé sur le crédit des traitements.

Voici les objections que j'ai formulées touchant ce paiement:

- (1) Ce paiement n'a pas été effectué conformément à la résolution adoptée par la commission de régie interne;
  - (a) Il n'a pas été fait comme dans le cas de M. Campbell;
  - (b) Le paiement de l'intérêt n'a pas été approuvé par le conseil du Trésor, comme cela s'est produit dans le cas de M. Campbell;
  - (c) Le montant qui lui a été versé ne représentait pas le chiffre des arriérés d'intérêt;
  - (d) On a remis à M. Marceau une somme qui était due au Receveur général.
- (2) Ce paiement n'a pas été imputé de la manière voulue sur le crédit applicable aux traitements.
- (3) Il aurait fallu obtenir l'approbation du conseil du Trésor et, en même temps, faire voter un crédit spécial par la Chambre des communes.

Saisi de cette question, le sous-ministre de la Justice fit connaître que, d'après lui,

- (1) l'autorisation n'avait pas été suffisante;
- (2) le payement n'avait pas été imputé de la manière voulue sur les traitements;
- (3) pour effectuer une sortie de fonds de cette nature, il fallait obtenir au préalable un crédit spécial.

M. Beauchesne a déclaré, par la suite, que ce payement aurait pu être imputé sur le crédit libellé "Dépenses contingentes diverses", mais ce chapitre ne pouvait pas non plus être affecté à ces destinations.

Vu que les fonds déboursés à même le crédit applicable aux traitements n'ont pas été employés aux destinations fixées par la loi et que le Parlement n'a pas spécifiquement pourvu à une sortie de fonds de ce genre, je sou mets cette question à votre examen, conformément aux dispositions de l'article 41 de la loi du revenu consolidé et de la vérification.

Votre dévoué,

GEO. GONTHIER, A. g.

Au secrétaire du conseil du Trésor.

### **Emploi d'un fonctionnaire sans l'approbation de la commission du service civil**

*(Voir correspondance antérieure, Rapport de 1924-1925, page d-9, vol. 1)*

BUREAU DE L'AUDITEUR GÉNÉRAL, le 26 novembre 1926.

CHER MONSIEUR,—J'appelle de nouveau votre attention sur la correspondance échangée l'an dernier relativement à l'emploi d'un messenger au ministère de la Marine et des Pêcheries contrairement aux dispositions de la loi du service civil.

Je vous fais tenir sous ce pli copie d'une lettre envoyée, il y a plus d'un mois, au sous-ministre de ce département, dans laquelle je lui signalais le maintien de l'emploi de M. Turner et lui rappelais que le paiement d'un traitement quelconque à cet employé est contraire à la loi. Il n'a pas répondu. Je dois donc, conformément aux dispositions de l'article 41 (2) de la loi du revenu consolidé et de la vérification, porter à la connaissance du conseil du Trésor que ce ministère a fait des déboursés à même ses crédits pour une fin non autorisée par la loi.

Dans votre lettre du 31 décembre dernier, vous déclarez que le fonctionnaire ne semble pas avoir été nommé conformément aux règles établies et que, si des déboursés ont été faits illégalement, l'Auditeur général a lui-même l'autorité nécessaire pour y remédier. Le bordereau de paye où paraît le traitement en question n'étant pas sujet à la vérification préalable, je vous prie de m'indiquer les moyens d'agir.

Je crois encore que j'avais raison de faire un rapport au sujet de cette question, en vertu de l'article 60 de la loi du revenu consolidé et de la vérifi-

cation. Il n'a pas été répondu d'une manière satisfaisante aux observations que j'ai faites au ministère à propos de ces déboursés. Je crois donc nécessaire de signaler le fait au conseil du Trésor afin que celui-ci détermine la façon de porter les articles en question aux comptes annuels des crédits.

Votre dévoué,

GEO. GONTHIER, *A. g.*

Au secrétaire du conseil du Trésor.

BUREAU DE L'AUDITEUR GÉNÉRAL, le 16 octobre 1926.

CHER MONSIEUR,—Les pièces justificatives des déboursés de la division de la Marine du ministère de la Marine et des Pêcheries qui m'ont été envoyées démontrent que Kendall Turner remplit encore les fonctions de commis-messager au service de la T. S. F., sans l'approbation de la commission du service civil.

A ce sujet, j'appelle votre attention sur la correspondance déjà échangée relativement à cette question et, en particulier, sur ma lettre du 16 décembre 1925, envoyée au sous-ministre des Finances et dont je vous fais tenir une copie sous ce pli. Je fais remarquer de nouveau que tout paiement fait à M. Kendall Turner, la commission du service civil n'ayant pas accordé de certificat de nomination, est contraire à la loi et ne devrait pas se répéter. Si l'on ne peut faire approuver les versements déjà effectués, ces sommes devraient être remboursées.

Votre dévoué,

GEO. GONTHIER, *A. g.*

Au sous-ministre de la Marine et des Pêcheries.

**Même terme d'emploi servant à calculer deux allocations de retraite, l'une sous l'empire de la loi du service civil et l'autre sous l'empire de la loi des pensions de retraite**

BUREAU DE L'AUDITEUR GÉNÉRAL, le 14 février 1926.

CHER MONSIEUR,—Vous trouverez ci-inclus copie d'une lettre du sous-ministre des Travaux publics relative à l'allocation de retraite de A.-C. Cunningham, dont il vous sera fait rapport sous peu.

M. Cunningham devint fonctionnaire public en avril 1921. Il contribua aussitôt au fonds de retraite. Conformément aux dispositions de la loi du service civil, il fut mis à sa retraite lors de l'abolition de son emploi, le 13 janvier 1925. Il bénéficia d'un congé de soixante jours à titre d'allocation de retraite, et il entra en possession du montant porté à son crédit au fonds y afférent.

Le 2 juin, il fut appelé à occuper un poste soustrait à la loi du service civil. On voudrait maintenant lui accorder un congé de retraite de vingt et un jours et tenir compte de son terme total d'emploi en vue d'une allocation de retraite représentant 4 mois et cinq douzièmes de traitement, à compter du 22 janvier 1926, à cause de la suppression de ses fonctions.

Le sous-ministre a exprimé l'avis, que je partage, qu'il semble illogique qu'une personne puisse être mise à sa retraite tout en bénéficiant d'un congé de deux mois et de la remise du fonds accumulé, pour ensuite, une fois réintégré dans le service public, faire compter son terme d'emploi antérieur en vue de la seconde allocation de retraite. Peut-on considérer que l'emploi auquel il a été appelé a une continuité indéterminée, vu qu'il fut aboli huit mois après la nomination? Sinon, il ne pourrait bénéficier des dispositions de la loi des pensions de retraite de 1924. Si, après sa réintégration, il était fonctionnaire permanent, le Gouverneur en son conseil a le droit de lui accorder le montant demandé, et reconnu exact après vérification. Ce poste ne tombe pas sous le coup de la loi du service civil. Est-il permis de considérer permanente une position de ce genre, à moins qu'elle n'ait été créée par le Gouverneur en son conseil ou qu'elle ait été classifiée conformément à l'avant-dernier paragraphe de l'arrêté portant la désignation: C.P. 1053? Pour déterminer s'il a droit à l'allocation prévue par la loi, il semble nécessaire d'étudier ces différents points.

Votre dévoué,

GEO. GONTHIER, A. g.

Au secrétaire du conseil du Trésor.

(NOTE.—La seconde allocation a été approuvée par le conseil du Trésor et payée.)

**Droit des gardiens de phare à des allocations de retraite calculées d'après  
leurs traitements bruts, qui renferment les salaires payés  
à leurs adjoints**

BUREAU DE L'AUDITEUR GÉNÉRAL, le 22 avril 1926.

CHER MONSIEUR,—Le 4 mars dernier, je vous adressais une communication relativement au relevé des allocations destinées à la veuve de George-A. Harris, gardien de phare, ci-devant à l'emploi du ministère de la Marine et des Pêcheries.

A cette époque, le relevé en question établissait le calcul des allocations d'après un traitement moyen de \$1,680, moins une somme de \$300 servant à rémunérer le gardien adjoint. Cet état a maintenant été modifié de manière que les allocations soient calculées d'après le plein traitement de \$1,680, en vertu de la décision rendue par le ministère de la Justice le 8 janvier 1925.

Le ministère de la Justice semble avoir considéré que l'échelle dressée par la commission du service civil fait osciller le traitement en question entre \$1,500 et \$1,600, tout en prévoyant qu'il serait peut-être nécessaire d'avoir recours aux services d'un adjoint, rémunéré par le gardien du phare à même son propre traitement. Il y a certainement de bonnes raisons pour établir l'échelle des salaires des gardiens de phare en vertu d'une méthode différente de celle qui est employée dans le cas d'autres fonctions publiques, mais il en résulte que chacun de ces fonctionnaires a droit, en vertu de la décision du ministre de la Justice rendue le 8 janvier 1925, à une allocation calculée d'après son traitement et la rémunération d'un autre employé tout à la fois.

Je ne crois pas qu'on ait eu l'intention d'établir une distinction de ce genre en ce qui concerne l'allocation de retraite des gardiens de phare et celle des

autres employés du service public dont les adjoints nécessaires sont rémunérés par le ministère même. L'allocation que fait ressortir l'état en question est exacte si l'on accepte la base du traitement brut, mais, vu que je n'estime pas que l'on doive agir de la sorte, le relevé vous est remis sans visa.

Votre dévoué,

GEO. GONTHIER, A. g.

Au secrétaire du conseil du Trésor.

BUREAU DE L'AUDITEUR GÉNÉRAL, le 7 mai 1926.

CHER MONSIEUR,—Je vous envoie ci-inclus le bordereau des allocations destinées à Ernest-H. Rennie, gardien de phare, tel qu'il m'a été soumis par le ministère de la Marine et des Pêcheries.

Bien que le cas de M. Rennie ressemble à plusieurs points de vue à celui des gardiens de phare qui doivent rémunérer leurs adjoints à même leur traitement brut, il sort de l'ordinaire en ce sens que l'allocation de retraite dont on veut le faire bénéficier sera supérieure de \$56.70 par année aux appointements nets qu'il recevait lorsqu'il a été mis à la retraite, après lui avoir accordé \$1,020 par année pour l'aide qu'il sollicitait.

Je ne crois pas qu'on ait voulu permettre qu'un fonctionnaire fût mis à la retraite avec une allocation supérieure au traitement qu'il recevait antérieurement. Je me vois donc forcé de vous transmettre le bordereau en question sans visa de mon département.

Votre dévoué,

GEO. GONTHIER, A. g.

EXTRAIT DES PROCÈS VERBAUX DU CONSEIL DU TRÉSOR, OTTAWA, LE 19 OCTOBRE 1926

MARINE ET PÊCHERIES,—Le conseil a mis à l'étude un memorandum relatif aux contributions et allocations des gardiens de phare, effectuées sous l'empire de la loi des pensions de retraite du service public (1924).

Il a été signalé au conseil que plusieurs gardiens de phare ont encaissé, pendant de longues périodes, des appointements modiques en rémunération d'un travail intermittent, ce qui leur permettait de remplir d'autres emplois. On a également fait connaître au conseil que le sous-ministre de la Justice a décidé qu'il ne devait être fait état de ce terme d'emploi irrégulier que jusqu'à concurrence du service effectivement accompli au cours de la saison de navigation. Le conseil ordonne que les états relatifs à la retraite des gardiens de phare dont l'emploi était intermittent, en tout ou en partie, soient accompagnés d'un certificat du sous-ministre de la Marine et des Pêcheries où il sera déclaré que le terme d'emploi mentionné est bien le total du service effectivement accompli pendant la saison de navigation. Il partage, en l'espèce, l'avis du sous-ministre de la Justice.

Il a été aussi porté à la connaissance du conseil que certaines catégories de gardiens de phare comportent des appointements comprenant la rémunération d'un ou de plusieurs adjoints; que le sous-ministre de la Justice a décidé "que

le traitement du gardien de phare, pour les fins de la loi, est le montant effectivement versé (sans en déduire une somme quelconque qu'il puisse avoir à déboursier pour la rémunération d'un adjoint)"; et qu'une pension établie en conséquence comportera, dans certains cas, des allocations supérieures aux appointements nets que recevait l'employé avant de quitter le service de l'Etat. Le conseil est d'opinion que ladite loi ne pourvoit pas à des allocations dépassant les sept dixièmes de la rémunération du fonctionnaire contributaire avant sa retraite. En conséquence, le conseil ordonne de faire connaître au ministère de la Marine et des Pêcheries que, nonobstant les dispositions de la loi, le conseil ne peut autoriser une pension calculée en prenant pour base un traitement excédant les montants nets encaissés par un gardien de phare. Le conseil ordonne enfin que, tant que la loi ne sera pas modifiée, le ministère de la Marine et des Pêcheries soit autorisé à réserver les retenues contributaires calculées d'après les traitements nets, une fois les adjoints payés.

GEO. W.-H. HYNDMAN, *secrétaire intérimaire.*

BUREAU DE L'AUDITEUR GÉNÉRAL, le 12 novembre 1926.

CHER MONSIEUR, — Je viens de recevoir les rapports adressés au conseil relativement aux allocations destinées à Elphège Bourque, W.-G. Wyatt, Joseph-G. Dixon et à la veuve d'Olivier-Victor Fafard, ainsi que les états y afférents.

Je constate que, dans chaque cas, les allocations sont calculées en prenant pour base un traitement moyen de \$1,500, ce que le ministère considère comme raisonnable, une fois les adjoints rémunérés. Comme ce montant semble être plus équitable que les sommes demandées par le département, — sommes qui pourraient être légalement payées, de l'avis du ministère de la Justice, — j'ai décidé de l'approuver, sujet à l'autorisation du Gouverneur en son conseil, en attendant qu'on modifie la loi dans le sens indiqué. Tout en admettant que les allocations proposées soient plus équitables que les précédentes, je tiens à signaler qu'en dressant l'échelle en question, il n'a pas été tenu compte du fait que le traitement varie dans la mesure des augmentations statutaires auxquelles il a été pourvu dans la classification du service civil.

Il s'agit également de savoir quelles retenues on doit exercer sur leurs traitements. Le fonctionnaire dont on a pris la part contributaire sur le traitement brut formulera naturellement des objections si la base de calcul à laquelle on aura recours en vue de ses allocations de retraite est établie à un montant inférieur à son salaire. Si le montant indiqué dans l'état fourni par le département est accepté comme base des retenues contributaires, l'employé qui compte plus de trois ans de service et qui a bénéficié d'augmentations statutaires se trouvera à verser une part contributaire égale à celle du fonctionnaire recevant le salaire minimum de la même classe ou du même grade. Il s'ensuit que, nonobstant les augmentations statutaires, l'employé en question versera sa part contributaire sur les mêmes appointements tant qu'il restera dans cette classe.

Il me semble que la commission du service civil pourrait résoudre ce problème d'une façon logique en modifiant l'échelle de traitement de ces catégories de situations. Je ne crois pas qu'il y ait des raisons suffisantes pour fixer les appointements des gardiens de phare d'après une méthode différente de celle de toute autre catégorie de fonctions publiques. En déterminant les traitements bruts indiqués dans l'échelle de classement, le département et la commission du service civil ont dû évaluer, dans chaque cas, le traitement du gardien de phare et le salaire de son adjoint ou de ses adjoints. Si, eu égard à ces évalua-

tions, le traitement du gardien de phare et le montant qui lui est alloué pour la rémunération de ses adjoints étaient indiqués séparément, il serait possible de surmonter toutes les difficultés relatives aux retenues et allocations de retraite de cette nature.

Afin que le ministère de la Marine et des Pêcheries et la commission du service civil soient mis au fait des embarras qu'il nous faut vaincre en la matière, je leur envoie, à chacun d'eux, copie de cette lettre.

Votre dévoué,

GEO. GONTHIER, A. g.

Au secrétaire du conseil du Trésor.

**Retraite accordée à la fin du congé sans traitement et pension calculée d'après tout le temps de l'emploi y compris l'absence sans traitement et sans contribution**

BUREAU DE L'AUDITEUR GÉNÉRAL, le 1er mai 1926.

CHER MONSIEUR, — Je vous envoie sous ce pli la formule "F" relative à la gratification qu'il est proposé de verser à Louis Heymann, mis à sa retraite le 1er avril dernier en vertu de la loi du fonds de pension.

Le dossier démontre que l'emploi de M. Heymann date du 30 juillet 1923 et vous proposez de calculer cette période, aux fins de la pension, pour un an, onze mois et dix jours et quart, bien qu'il n'ait acquitté ses contributions que pendant dix mois et quinze jours. Votre proposition est conforme à la décision du ministère de la Justice; mais il ne semble pas juste de tenir compte de son emploi après le 15 novembre dernier, puisqu'il est absent depuis cette date sans toucher de traitement.

Veuillez me dire si la commission du service civil a approuvé ce congé de quatre mois et quinze jours et m'expliquer pourquoi vous faites partir la pension du 1er avril 1926 au lieu du 15 novembre dernier, date où il a cessé de travailler.

Votre dévoué.

GEO. GONTHIER, A. g.

Au sous-ministre des Chemins de fer et Canaux.

---

MINISTÈRE DES CHEMINS DE FER ET CANAUX, le 4 mai 1926.

CHER MONSIEUR, — Je vous accuse réception de votre lettre du 1er du courant, avec laquelle vous me renvoyez la formule "F" relative à la gratification qu'il est proposé d'accorder à Louis Heymann en vertu de la loi du fonds de pension. Je note qu'à votre avis, il n'est pas juste de tenir compte de son emploi à partir du 15 novembre dernier, puisqu'il est absent depuis cette date sans toucher de traitement et qu'il n'a pas repris ses fonctions.

Au sujet de la demande de renseignements contenue dans le dernier paragraphe de votre lettre, je puis dire que la commission du service civil a approuvé le congé de quatre mois et quinze jours dont il est question. On compte sa pension à partir du 1er avril 1926 et non du 15 novembre 1925 en vertu d'une déci-

sion du ministère de la Justice paraissant au Sommaire n° 2 des nouvelles décisions du ministère de la Justice relatives à la loi du fonds de pension du service civil, 1924, laquelle se lit: —

“Il y a lieu de croire qu'on se propose dans la loi de déduire les contributions seulement du traitement versé au bénéficiaire; mais les absences sans traitement doivent faire partie de la période de service pour le calcul de l'allocation de retraite.”

En conséquence, je vous renvoie sous ce pli la formule “F” relative à la gratification qu'il est proposé d'accorder à M. Heymann.

Sincèrement à vous,

G.-A. BELL, *s.-m.*

L'Auditeur général.

BUREAU DE L'AUDITEUR GÉNÉRAL, le 5 mai 1926.

CHER MONSIEUR, — Je vous fais tenir sous ce pli des copies de lettres échangées avec le sous-ministre des Chemins de fer et Canaux relativement à la retraite projetée de M. Louis Heymann, du bureau-chef des canaux de Québec.

Bien que le terme d'emploi dont il y est question puisse légalement entrer en ligne de compte aux fins de la loi, si l'on s'en rapporte à l'interprétation que le ministère de la Justice donne à celle-ci, à mon sens, si l'on agit de cette façon dans tous les cas de ce genre, fort nombreux, on impose une charge injustifiée au fonds.

Votre dévoué,

GEO. GONTHIER, *A. g.*

Au secrétaire du conseil du Trésor.

(NOTE. — Le conseil du Trésor a approuvé la gratification demandée, laquelle a été versée).

### **Paiement d'une gratification pour un terme d'emploi dont plus d'un quart ne comportait aucune rémunération ni retenue contributive**

BUREAU DE L'AUDITEUR GÉNÉRAL, le 30 septembre 1926.

CHER MONSIEUR, — Vous recevrez prochainement un état d'allocations ayant pour objet de pourvoir à une gratification représentant sept mois et onze douzièmes de traitement en faveur de la veuve de Samuel Davies, examinateur des Douanes et de l'Accise, de Nanaïmo (Colombie-Anglaise).

M. Davies, décédé le 28 avril 1926, jouissait d'un congé depuis le 1er février 1924 sans toutefois toucher une rémunération quelconque, ce qui veut dire que, sur les sept ans et onze mois que l'on veut faire entrer en ligne de compte, il n'a pas été effectué de versement contributive au fonds de retraite pendant deux ans et trois mois. La gratification pour la période au cours de laquelle il n'a pas été fait de versement contributive se chiffre par \$315.

Le ministère de la Justice ayant décidé que cette dernière période d'emploi peut légalement faire partie du terme total de service, l'état fourni par le ministère, qui renferme le montant précité, a été vérifié quant aux chiffres et revêtu

par notre département d'une signature à cet effet. Nous tenons toutefois à signaler que, par ce procédé, on fait peser sur le fonds de retraite des charges incluses ou excessives, à l'encontre du principe fondamental de la loi, à savoir que les allocations doivent correspondre aux versements contributaires. La gratification demandée dépasse de quarante p. 100 le montant qu'il recevrait si elle était calculée d'après le terme d'emploi pour lequel il a effectivement pratiqué des versements contributaires.

Votre dévoué,

GEO. GONTHIER, *A. g.*

Au secrétaire du conseil du Trésor.

(NOTE.—La gratification demandée a été approuvée par le conseil du Trésor et payée.)

**Les périodes d'absence ne comportant pas de versements contributaires peuvent être mises en ligne de compte pour des fins de retraite, mais non pas en vue de compléter les retenues contributaires de 35 années**

MINISTÈRE DE LA JUSTICE, le 8 janvier 1926.

MONSIEUR,—Dans votre lettre du 24 septembre dernier, où vous faites allusion à l'opinion que j'exprimais dans ma communication du 21 octobre 1924, à l'effet que les périodes de congé ne comportant pas de rémunération devraient compter comme partie du terme d'emploi d'un fonctionnaire lorsqu'il s'agit de calculer l'allocation de retraite sous l'empire de la loi des pensions de retraite du service public (1924), vous posez maintenant la question suivante:

“Pourrait-on appliquer cette décision en vue de déterminer la durée complète des trente-cinq années de versements contributaires? Un fonctionnaire ne devrait-il pas plutôt continuer à faire des versements contributaires après l'expiration de son service de trente-cinq ans, pendant une période égale à celle de son congé sans paye, au cours de laquelle il n'a été fait aucun versement contributaire?”

A mon avis, l'article 4 de la loi prescrit que les périodes d'absence sans rémunération ne doivent pas abréger le terme de trente-cinq années pendant lequel on doit effectuer les versements contributaires requis.

Je demeure, monsieur, votre obéissant serviteur,

W. STUART EDWARDS, *s.-m.*

Au sous-ministre des Postes.

**Prorogation d'emploi après soixante-dix ans**

BUREAU DE L'AUDITEUR GÉNÉRAL, le 4 mai 1926.

CHER MONSIEUR,—Je vous transmets ci-inclus copies des lettres échangées avec le sous-ministre de l'Intérieur au sujet de la prolongation, après le 19 juillet prochain, de l'emploi d'un fonctionnaire qui n'a pas été maintenu en fonctions conformément à l'article 10 (2) de la loi du fonds de retraite (1924).

En l'occurrence, le département intéressé donne une interprétation étendue aux mots: "dans un délai raisonnable", contenus dans le texte de la décision du ministère de la Justice, vu que la période de service dudit employé dépasse de huit mois la limite d'âge imposée. Il a manifesté, le 22 août 1924, le désir de bénéficier des dispositions de la loi. Y a-t-il une limite à ce qui peut être considéré comme "délai raisonnable"?

Votre dévoué,

GEO. GONTHIER, *A. g.*

Au sous-ministre des Finances.

---

MINISTÈRE DES FINANCES, le 10 mai 1926.

CHER MONSIEUR,—Je vous accuse réception de votre lettre du 4 du courant relative à la prorogation d'emploi d'un fonctionnaire, en conformité de l'article 10 (2) de la loi du fonds de retraite (1924).

Le ministère de la Justice est d'avis que ce paragraphe n'a aucunement pour objet de retirer du service public un fonctionnaire dont l'emploi n'a pas été prolongé conformément aux dispositions de la clause conditionnelle, mais qu'il impose cependant au Gouverneur en son conseil le devoir de mettre l'employé à sa retraite dans un délai raisonnable une fois qu'il a atteint l'âge voulu. En vertu des dispositions précitées, il semble qu'il incombe au Gouverneur en son conseil de mettre le fonctionnaire à sa retraite dans un "délai raisonnable". Convient-il, tout de même, que le département en question tente de définir la limite ainsi autorisée? J'en doute.

Votre dévoué,

J.-C. SAUNDERS, *s.-m.*

A l'Auditeur général.

---

BUREAU DE L'AUDITEUR GÉNÉRAL, le 22 avril 1926.

CHER MONSIEUR,—Je vous renvoie sous ce pli l'état que vous avez dressé relativement aux allocations destinées à N.-B. Sheppard, après y avoir fait apposer le visa de mon bureau selon votre désir.

S'il faut en croire la pièce justificative de l'âge de M. Sheppard, ce fonctionnaire a eu soixante-dix ans le 24 février dernier. Le Gouverneur en son conseil a-t-il approuvé la prorogation de son terme d'emploi, tel que le prescrit le paragraphe 2 de l'article 10 de la loi? Cette question a une portée considérable quant au traitement qui lui sera payé, du 19 juillet prochain à la date de sa retraite.

Votre dévoué,

GEO. GONTHIER, *A. g.*

Au sous-ministre de l'Intérieur.

MINISTÈRE DE L'INTÉRIEUR, le 29 avril 1926.

CHER MONSIEUR,—Je vous accuse réception de votre lettre du 22 du courant relative au cas de M. N.-B. Sheppard, dans laquelle vous demandez si un décret du conseil a autorisé le prolongement de son emploi au delà de l'âge de 70 ans, qu'il a atteint le 24 février 1926. En réponse, je dois vous informer que nous n'avons pas sollicité l'autorisation du conseil dans le cas qui nous occupe, parce que nous avons décidé de mettre M. Sheppard à sa retraite dans quelques mois. Cette initiative repose sur une décision du ministère de la Justice en date du 2 janvier 1925. Voici, d'ailleurs, la question qui a été posée à ce ministère, en même temps que la réponse qui s'y rapporte:

"(1) Ce paragraphe, c'est-à-dire le paragraphe 2 de l'article 10, a-t-il pour effet d'entraîner la retraite d'un employé contributaire dont la période de service n'a pas été prolongée conformément à la clause conditionnelle y afférente?"

"Réponse: Non, mais il impose au Gouverneur en son conseil l'obligation de mettre le fonctionnaire à sa retraite dans un délai raisonnable, une fois qu'il a atteint l'âge indiqué. Jusqu'à ce qu'il soit ainsi retraits, il continue à faire partie du service public."

Vous serez satisfait, je l'espère, de l'explication qui précède.

Votre dévoué,

W.-W. CORY, *s.-m.*

A l'Auditeur général.

## DEPARTMENTAL CORRESPONDENCE

*This year the correspondence with departments has been printed in precise form in order to bring out, more clearly, the points to which the attention of the following departments was called.*

---

### DEPARTMENT OF AGRICULTURE

#### **Re: Health of Animals**

Compensation amounting to \$5,580, was paid to two claimants under the provisions of the Animal Contagious Diseases Act as compensation for hogs that died of contagious disease.

The payment was made under the authority of an Order in Council though the statute provides that compensation should be granted only in cases in which the animals had been slaughtered.

The Deputy Minister explained that though the Act did not provide for payment of compensation in the cases in question "nevertheless the disease was reported, the premises visited and the diagnosis made as required by the Act and had a correct diagnosis been made in the first place the hogs which subsequently died would have been slaughtered and compensation paid".

I am of opinion that in order to legalize these payments, which were made under letter of credit, Parliamentary authority should be obtained in the form of a special item in the Supply Bill.

---

### ARCHIVES DEPARTMENT

#### **Re: Purchase of "North American Indian"**

The expenditure made from Public Archives appropriation (Vote 313) includes a payment of \$300—being final instalment on a contract of \$3,000 for the North American Indian—a publication in 20 volumes.

The contract called for ten annual payments of \$300 each, but when final payment was made only thirteen volumes had been received. Printing of the work was interrupted during the war, but the Dominion Archivist is quite confident that the publishers will complete their contract.

This publication was also purchased by the Library of Parliament on like conditions.

### CUSTOMS AND EXCISE DEPARTMENT

#### **Re: Cheques issued by the Chief Preventive Officer to be forwarded to the Auditor General**

I have asked the Department to forward me, as proofs of payment, all paid cheques totalling for the fiscal year 1925-26, \$457,180, which had been issued by the Chief Preventive Officer against advances made to him by the Department, and my request has been complied with.

**Re: Claim of The Goodyear Tire and Rubber Company**

In connection with a claim of the Goodyear Tire and Rubber Company, for a refund of \$31,266.67 of Customs duties paid on various importations of raw material used in the manufacture of exported articles, I asked for certain specifications with the view of ascertaining the extent of the raw materials used in the manufacture of the exported articles and was informed that in order to obtain the required information it would be necessary to examine the books and records of the Company at Toronto. I propose doing so during the current fiscal year.

**Re: Refund Authorized by the Governor General**

A refund of \$100, being part of a fine imposed under the Excise Act, was authorized by the Governor General on the advice of the Secretary of State.

I asked the Department why this refund was not authorized by the Governor in Council under the provision in that regard in the Consolidated Revenue and Audit Act or the Criminal Code, and was informed that the Department of Justice had given the opinion that the instructions to the Governor General authorize and empower him to remit fines or forfeitures which may become due and payable to His Majesty. The Deputy Minister of Justice further advised that "there appears to be no limitation and therefore I think that the authority of the Governor extends to remission of fines and penalties imposed under statutes. The prerogative conferred on the Governor General cannot be taken away except by statute and I am not aware that there is any such."

In view of this opinion I made no further objection to the payment of the amount so authorized.

**Re: Excise Tax Stamps**

An examination of the books and records at Montreal, Toronto and Prescott kept in connection with the collection of the revenue at these ports was made during the year. On the whole the examination showed satisfactory results. I called the Department's attention to the practice, principally at Montreal, governing the sale of Excise Tax Stamps. At first certain government officers and chartered banks were authorized to sell these stamps, one per cent commission being allowed; but later on in addition to these, special vendors were appointed, a commission of two per cent being allowed. It was found on examination that from the date of the appointment of these special vendors the sales through the banks decreased very considerably.

From January 1 to July 31, 1924, tax stamps to the amount of \$830,308 were sold through the banks and during a similar period in 1925 stamps to amount of \$496,763 were sold, showing a decrease of \$333,545. During this latter period the special vendors, whose appointments had been quite recently authorized, sold \$393,400 worth of stamps.

It seemed apparent therefore that the banks must have purchased their supply of stamps largely from the vendors instead of from the Department direct, involving a loss to the Government of one per cent.

Under the authority of an Order in Council a commission of two per cent is now allowed to banks and vendors alike.

**CUSTOMS AND EXCISE DEPARTMENT—*Cont.******Re: Classification of Revenue Receipts***

The attention of the Department of Customs and Excise was called to the method adopted in dealing with the revenue derived in respect to Sight Entries resulting in an improper classification of Revenue Receipts.

Before a Sight Entry is passed the importer makes a deposit sufficient to cover the duties on the importation, which amount is credited to Customs Duties. Later, when the Perfecting Entry is passed, the exact amount of duties payable, both Customs and Excise, is definitely stated and a refund of any overpayment made, such refund being charged against Customs Duties; consequently as a result of the transaction Customs Duties is over credited and Excise Duties under credited.

The Acting Deputy Minister informed me that, owing to the time limit of six months fixed by regulation within which the Sight Entries may be perfected, there will be a certain amount of overlapping from year to year; the Department has, however, agreed to make the necessary adjustment of such revenue monthly and to furnish this office with full details including a statement showing the portions of this revenue that belong to the previous year and the current fiscal year, respectively.

---

***Re: Salary Increases to Employees of the Income Tax Branch***

I called the attention of the Commissioner of Taxation to certain salary increases in the Income Tax Branch pointing out that under section 23 of the Income Tax Act, the authority of the Governor in Council should have been obtained for these increases. I have not received this authority; but the employees concerned are being paid at the increased rates.

**EXTERNAL AFFAIRS DEPARTMENT*****Re: Maintenance of Automobile, Commissioner-General, Paris, France***

Hon. Philippe Roy, Commissioner-General, Paris, France, receives from Salaries and Expenses vote, an annual grant of \$3,000 for maintenance of automobile. Payments are made on the authority of a memo approved by Sir Robert Borden in 1919. As this memo stipulated that the amount of the grant should be included in the Estimates, I suggested compliance with this unfulfilled condition—and, pending action by Parliament, that the Department should apply for authority of the Governor in Council. No Order in Council has been received.

**HIGH COMMISSIONER'S OFFICE, LONDON*****Re: Payment of Gratuities***

The Secretary at the High Commissioner's Office, London, England, disbursed through his petty cash £45 5s. as Christmas gratuities of which £30 was distributed among salaried members of the staff.

I called attention to this unusual expenditure but I have not received an explanation.

## **IMMIGRATION AND COLONIZATION DEPARTMENT**

### **Re: British Empire Exhibition—Methods of Making Payments**

Before the re-opening of the British Empire Exhibition in the spring of 1925, I wrote the Department suggesting some changes in the methods of making payments and of preparing returns of the expenditure. These suggestions were accepted by the Department and communicated to Mr. Tolmie, the Exhibition Commissioner for his guidance.

---

### **Re: British Empire Exhibition—Audit**

I have received from the Department of Immigration and Colonization the books of account, bank books, cheque books and other documents relating to the accounts of the British Empire Exhibition up to the final closing in the fall of 1925. I have also received an inventory of the equipment and articles for exhibits purchased by the department, with a statement of their disposal. These books and other documents are in course of examination by my staff.

---

### **Re: Grant to British Immigration and Colonization Association**

A grant of \$1,500 was made by the Department of Immigration and Colonization under the authority of an Order in Council, to the British Immigration and Colonization Association. The Department regarded this grant as coming within the provisions of the Empire Settlement Agreement.

I pointed out that, in my view, grants of this nature should be specially provided for in the Supply Bill and the Department has advised me that, in future, this course will be followed in all such cases.

---

### **Re: Form of Certificates for Payments**

I called the attention of the Department to the absence of uniformity in the certificates on accounts submitted for payment, and pointed out that the form of certificate should, in all cases, be in accordance with the statutory requirements in that regard.

---

### **Re: Overpayment of Account**

I had occasion to draw the attention of the department to a case in which the amount of a number of credit notes had been added to an account presented for payment instead of being deducted therefrom. The overpayment, which amounted to \$249.40, has since been recovered and deposited to the credit of Casual Revenue for 1926-1927.

---

**INDIAN AFFAIRS DEPARTMENT****Re: Advance for Travelling Expenses**

An advance of \$300 was paid to R. S. Woods who came to Ottawa representing the Kincolith Indians for the purpose of making certain representations to the department.

I have not received the necessary detailed vouchers in support of this advance but the Deputy Minister has informed me that he has written Mr. Woods to furnish these vouchers at once.

---

**Re: Compassionate Grant to be Specially Voted**

A compassionate grant of \$420 was paid, under the authority of an Order in Council, to the widow of a teacher at the Indian School at Chilliwack, who died in the service. On my pointing out that there was no appropriation under the administration of the Department from which such a grant might properly be paid the Deputy Minister informed me that the department considered that an Order in Council was sufficient authority, but in future he would arrange for a special vote in case a like payment was authorized.

---

**Re: Absence of Uniformity in Purchase of Land**

The department's attention was called to the absence of uniformity in the procedure followed in connection with the purchase of school lands. In some cases the lands are acquired on the authority of the superintendent. I pointed out that the practice in other departments including the Department of Justice has been to obtain the authority of the Governor in Council and that in case of payment the cheques are issued to the joint order of the owner and the agent of the Minister of Justice, a precaution under which payment for the land acquired may not be made until a proper title has been obtained.

---

**Re: Pay of Inspectors of Construction Work Employed by the Indian Affairs**

According to the classification of the Civil Service as established by the Civil Service Commission, the rates of pay for an inspector of construction work are given \$1,320 to \$1,740; but if employed by the day a daily rate of \$7 may be paid for service as required. I asked the Commission if the amount paid under the daily rate was limited to classification rate, as for instance if an inspector was employed at the daily rate of \$7 for one month of say 25 working days, would he be entitled to a payment of \$175 or only to a maximum of \$145. The Commission have not answered my inquiry.

---

**Grants Should be Voted**

Attention of Department was called to a gratuity of \$12,000 paid with the approval of the Superintendent General towards the restoration of a residential school which had been destroyed by fire, pointing out that grants of this nature should be specially voted or in cases of urgency authorized by the Governor General in Council.

---

---

---

**LABOUR DEPARTMENT****Re: Combines Investigation Act—Over Expenditure**

Application was made by the Department to transfer an over expenditure of \$454.15 of the vote for the Combines Investigation Act to the fiscal year 1925-26 so that the excess expenditure would not appear in the Appropriation Account for 1924-25, but the application was subsequently withdrawn as a result of correspondence with the Department.

---

**Re: Payments in 1926-27 of Expenditure Incurred in 1925-26**

An account of \$4,812.68 was submitted by the Department of Public Printing and Stationery for services performed during the month of March, 1926. Of this amount only \$1,460.91 was charged to the vote provided for the Conciliation and Labour Act, 1925-26, the balance, \$3,351.77, being charged to the fiscal year 1926-27. If this balance had been made a charge on the appropriation provided for 1925-26, that vote would have been overdrawn by exactly that amount.

---

**MARINE AND FISHERIES DEPARTMENT****Re: Employment of a Temporary Clerk Without Civil Service Certificate**

I have repeatedly called attention, both last year and this year, to the continued employment of a temporary clerk, Kendall Turner, employed as a messenger-clerk in the Radiotelegraph Branch, for whose appointment the necessary Civil Service Certificate has not been obtained.

I have not received a satisfactory explanation of the Department's disregard of the law in this matter.

---

**Re: Prince Rupert Drydock and Engineering Co.—Amount Deposited to a Trust Account**

A refund of \$161,264.25 was made, as a result of a settlement by agreement, of claims against the Prince Rupert Dry-Dock and Engineering Company on their contract for *Canadian Scottish* and *Canadian British*, two steamers of the Merchant Marine constructed at Prince Rupert during the late war. The company went into liquidation and the refund was made from the guarantee security. Of this amount \$121,264.25 was deposited to the credit of the Receiver General and is shown at page O-67, Vol. II of this report. The balance—\$40,000—has been deposited, I have been informed, to the joint credit of A. R. Tibbits of the Department of Marine and Fisheries and W. E. Hodges, a trustee of the ship-building company, from which payments may be made for remuneration to the trustee and other claims for which the trustee may be personally responsible.

In view of the provision under section 35 of the Consolidated Revenue and Audit Act that all public moneys from whatever source of revenue derived should be deposited to the credit of the Receiver General I have asked the Department for the authority under which a trust fund of this nature has been established.

The Department has replied that the money obtained under the Security Guarantee is not regarded as public money. I do not agree with this contention.

---

---

**MARINE AND FISHERIES DEPARTMENT—*Conc.*****Re: Steamship Inspection Fees—Short Collection**

There was short collection of inspection fees in the case of three vessels at Vancouver amounting to \$150. The Department's attention was called to this shortage at various times, but I have not yet been informed that the amount due has been collected.

---

**Re: Wharfage Revenue at Sault Ste. Marie**

The wharfinger at Sault Ste. Marie though sending to the Department monthly statements of receipts and expenditure does not deposit the amount of the collections until the close of the season of navigation. This practice has been sanctioned by the Department as best suited to the needs of this particular wharf though there is a Treasury Board ruling that all persons engaged in the collection of the revenue shall deposit daily if receipts amount to \$25, otherwise when that sum is on hand.

---

**NATIONAL DEFENCE DEPARTMENT****Re: Copies of Contracts**

Copies of contracts covering payments made to various firms for stores have not been sent me as the Department is of opinion that I can obtain more satisfactory information from a personal examination of the files in the Department, and accordingly this has been done. In future I have agreed to waive my request for contract copies in the case of small purchases but will require signed copies of all contracts for \$5,000 and upwards.

---

**Re: Royal Military College—Cadets' Fees**

Application having been made by the Department for a warrant debiting Royal Military College revenue and crediting the Vote \$32,968.12—"being amount received from cadets for supplies furnished during current scholastic year," I pointed out that, heretofore, similar receipts remained credited to Revenue.

In dealing with cadets' fees, the practice in the past was to deposit to the credit of Royal Military College Revenue, not only the annual tuition fee of \$100, but also the deposit of \$250 for cost of outfit—and the annual deposit of \$200 for supplies. The original cost of all outfits and supplies was included in the expenditure from the Royal Military College Vote.

These methods resulted in a considerable inflation of the figures shown as revenue and expenditure.

So that this practice should be corrected, I had examination made of the bookkeeping methods in the college, and after discussing the matter with the Department, arranged for the opening of a Trust Account to which both cost of outfit and supplies advances should be credited.

All purchases of supplies intended for sale to cadets continue as charges to the College Vote. At the end of each month a statement is prepared showing the value of supplies issued to cadets. The Trust Account is then debited with this amount and the College Vote credited therewith.

---

**PUBLIC PRINTING AND STATIONERY DEPARTMENT****Re: Amount Due King's Printer by Departments, March 31, 1926**

Attention was directed to a total of \$243,419.89 due by the various departments at the close of the fiscal year, 1925-26, being an increase of \$162,045.95 over the corresponding amount for the previous year. The department explains that there is necessarily a difficulty in the adjustment of accounts for the month of March, since, whereas the regulations do not permit the issuance of cheques later than March 31, accounts for the month of March cannot be issued until sometime during the month of April.

---

**Re: Char Service Incorrectly Charged**

I called the department's attention to a charge on the King's Printer's Advance Account of \$15,557.50 for wages in connection with Char Service, pointing out that this amount should have been charged to the provision made under Vote 144 (Public Works Department), for Char Service Departments Generally. I have not received a reply to my inquiry.

---

**Re: Purchase of Couch**

Attention was called to an expenditure for a couch for the Welfare branch of the department, pointing out that furniture supplies should be obtained through the Department of Public Works. The King's Printer informed me that all future equipment of this nature would be obtained through the Department of Public Works.

---

**Re: Contract for Removal of Waste Paper From Government Buildings at Ottawa**

I called attention to the cancellation by Order in Council of a contract for the removal of waste paper from the various government offices to be superseded by a fresh contract involving a loss of revenue, and asking if the bonding company would be called upon to make good this loss.

An amending Order in Council was passed subsequently under the provisions of which no loss was incurred.

---

**PUBLIC WORKS DEPARTMENT****Re: Advances to Superintendents of Branch Farms—Agriculture Department**

The attention of the Department of Public Works was called to the practice of issuing advances to superintendents of Branch Experimental Farms, when these officials were in receipt of advances from the Department of Agriculture.

At my suggestion an arrangement was arrived at between the two departments whereby an advance is made to the Department of Agriculture of the amount required and the latter department accounts for the disposition of the advances.

---

**PUBLIC WORKS DEPARTMENT—*Con.******Re: Apparent Over Payment to An Architect at Quebec***

I called the department's attention on more than one occasion to an apparent over payment of \$49.85 to an architect employed in connection with construction work on the Immigration shed on the Louise Embankment, Quebec, during the fiscal year 1924-25, but the department has not replied to my letters and so far as I know a refund has not been obtained.

---

***Re: Champlain Dry-Dock, Lauzon***

The vouchers sent me in support of dues collected from a steamer occupying the Champlain dry-dock at Lauzon, Quebec, August 14 to October 1, while undergoing repairs indicated that dues to the amount of \$32,435.25 should have been collected. As the amount brought to account was only \$16,842.75 I asked the department for an explanation and have been informed that though the account showed a period of forty-eight days' occupancy of the dry-dock, fees for only nineteen days were collected as repairs to the vessel were completed on August 31. As there was no other engagement at the time the steamer was allowed to remain in dock awaiting the arrival of a rudder which had been ordered from England. In the mean time, as the dock was unwatered during the period for which fees were not charged the department was in a position to effect some necessary repairs to the gate valves of the rolling caisson.

---

***Re: Collection of Dry Dock Dues***

The department was asked why the regulations regarding collection of dry dock dues were not adhered to, and replied that some of the regulations were impractical. On my suggestion that steps should be taken to have the regulations revised, the department replied that such revision was under consideration.

---

***Revenue Esquimalt Dry Dock (Old)***

The attention of the department was called to the fees collected from three steamers using the dry dock at Esquimalt for repairs during certain periods. It appeared from the vouchers sent me that these steamers were in dry dock for more than one day but fees for only one day were collected.

The Deputy Minister informed me that on account of tidal conditions these steamers were detained after repairs had been completed.

---

***Re: Dredging at L'Archeveque, N.S.***

P.C. 1799 of October 7, 1925, cancelled the contract provision for the furnishing of the necessary security as a guarantee for the performance of this contract.

I pointed out that a deposit of sufficient security was obligatory under the statute and could not be waived by Order in Council.

**PUBLIC WORKS DEPARTMENT—*Conc.*****Re: Payment of Interest to the Independent Coal Co. on Delayed Payments for Coal Purchased in 1920-21**

Application was made for the payment of \$1,885.72 interest to the Independent Coal Co.

Objection was raised that there was no specific Parliamentary appropriation to meet the payment. The application was subsequently withdrawn by the Department.

---

**Re: Payment to Halcyon Club**

An amount of \$600 was paid to the Halcyon Club—a Civil Service Social Organization—in 1924-25 and a like amount in 1925-26 as a contribution towards payment of the rent of rooms occupied by the Club.

These payments were made from the appropriation for Dominion Public Buildings, rent.

I called the Department's attention to these payments as not being proper charges on the appropriation in question, but the Deputy Minister replied that as the organization was part of Government activities performing certain necessary duties, he was of opinion the payment was quite in order.

In view of the explanation given by the Deputy Minister I did not offer further objection.

---

**Re: Penalty for Non-Completion of Contract in Specified Time**

Attention was called to the non-completion of two steel scows within the period specified in the contract.

Explanation was given by the Department that the scows were not required prior to the date of actual completion, and the necessary authority for the extension of time was obtained.

---

**Re: Transfers of Over Expenditure**

Correspondence on page V-171 of Auditor's Report for 1924-25.

NOTE.—Although no reply was received, the Department avoided this error at the close of 1925-26.

---

**Re: Unexpended Balances of Advance for Travelling Expenses**

Attention was called to several advances for travelling expenses, the unexpended balances of which had been carried forward to the succeeding fiscal year, pointing out that this practice should be discontinued.

Though the Department has not replied to this letter steps appear to have been taken to have all surplus advances refunded at the close of each fiscal year.

---

**RAILWAYS AND CANALS DEPARTMENT****Re: Defalcations of Collecting Officer, Rideau Canal**

An examination of the revenue returns of the Rideau Canal disclosed shortage of dues under existing leases amounting to \$394.25. I was informed that the defaulting officer had been dismissed and as he was without means it was considered useless to incur the expense of a suit for the recovery of the amount due.

---

**Re: Full Departmental Salary Paid to an Employee in Receipt of Pension Allowance Under Workmen's Compensation Act**

The Department's attention was called to the payment of his full salary to an employee on the Trent Canal in addition to a pension of \$27 a month allowed him under the Workmen's Compensation Act on account of injuries received in the discharge of his duties.

Under the Civil Service Regulations it seemed to me his salary should have been reduced by this amount, but on reference to the Department of Justice I was informed that the Civil Service Regulations in question did not apply to this case.

---

**Re: Legality of Payment of Expenses of Defence of the Overseer of the Soulanges Canal**

In connection with an investigation of certain charges preferred against the Overseer of the Soulanges Canal, the Department of Railways and Canals, under authority of the Governor in Council, paid him the sum of \$1,250 to indemnify him against the costs which he had incurred by reason of the investigation which resulted in his exoneration.

As I was not satisfied that an Order in Council is sufficient authority for a payment of this nature, in the absence of specific Parliamentary provision therefor, I submitted the matter to the Deputy Minister of Justice, who expressed the opinion that in the circumstances a special appropriation of Parliament was not necessary.

---

**Re: Vote 129, Surveys and Inspections, Railways**

I called the Department's attention to certain items of expenditure charged to this Vote which did not seem to me to be proper charges against an appropriation for Surveys and Inspections.

The Deputy Minister has informed me that the point raised is being considered by the Department with the view of inserting a more appropriate heading in future estimates.

---

**TRADE AND COMMERCE DEPARTMENT****Re: Canadian Exhibition in France**

The advance shown in my report for the fiscal year 1923-24 on page ZZ 34 as having been only partially accounted for has since that date been accounted for and the expenditure made therefrom supported by necessary vouchers.

---

**Re: A Trust Insurance Fund to Meet Grain Losses**

An Order in Council (P.C. 310/422) dated March 23rd, 1926, authorized the creation of a trust fund from profits arising from the operation of the Government Grain Elevators from which losses of grain caused by fire or explosion might be paid but on my pointing out that there was no statutory authority for such a fund the proposal was not carried into effect.

---

**Re: Payments for Advertising, Commercial Intelligence Service**

I called attention to several payments for advertising in connection with the Commercial Intelligence Service which had been made without having first obtained the certificate of the King's Printer. It was explained that as the advertising had been ordered by the Minister under special arrangements the certificate of the King's Printer was not necessary. I do not agree with this contention as the statute expressly directs that the King's Printer shall be charged exclusively with the audit of all accounts for advertising.

---

**Re: Refund of Rental for Storage of Grain**

The Government Grain Elevator at Saskatoon rented certain space in the elevator for storage of grain, but the Smith-Murphy Company, Ltd., who rented the space, after paying two months' rental amounting to \$5,833.32 asked to be relieved of their agreement obligations as they found they would not need the accommodation contracted for. The Company did not use the space allotted to them during the two months for which they paid rental and application was made to me for a refund of the amount paid.

I pointed out to the Department that rental was for a period during which the elevator accommodation was at the disposal of the Company and the fact that it was not used was not a justification for a refund. The Department after some correspondence accepted my view, but I notice in the Supplementary Estimates, 1925-26, an item to obtain Parliamentary authority for the refund in question.

---

**Re: Royal Grain Commission—Advance for Legal Expenses**

I reported in connection with the expenditure under the Royal Grain Commission in my report for 1924-25 that an amount of \$600 advanced for legal expenses had not been accounted for at the close of the year. I find that \$100 of this amount has since come to account and under a recent Order in Council the balance, \$500, has been allowed as remuneration claimed.

## CORRESPONDANCE ÉCHANGÉE AVEC LES MINISTÈRES

(Cette année, il n'est publié qu'un précis de la correspondance échangée avec les ministères afin de faire ressortir plus clairement les constatations faites au cours de la vérification et qui leur ont été signalées.)

### MINISTÈRE DE L'AGRICULTURE

#### Santé des animaux

On a versé, en vertu de la loi des maladies contagieuses des animaux, des indemnités de \$5,580 à deux réclamants pour des porcs morts de maladie contagieuse.

Il a été pourvu à ces paiements par un décret du conseil, bien que la loi n'accorde d'indemnité que si les animaux ont été abattus.

Le sous-ministre a expliqué que "la maladie avait été signalée, les étables visitées et un diagnostic établi conformément à la loi et que, si le premier diagnostic avait été exact, les porcs qui moururent par la suite auraient été abattus et l'indemnité versée".

A mon avis, pour régulariser ces décaissements, faits en vertu d'une lettre de crédit, le Parlement devrait accorder une autorisation spéciale sous forme de crédit distinct.

### ARCHIVES

#### L'ouvrage "North American Indian" en 20 volumes

Les dépenses acquittées à même les crédits des Archives nationales (crédit 313) comprennent un déboursé de \$300, versement final du prix d'achat de \$3,000 de l'ouvrage intitulé *North American Indian*, en 20 volumes.

Le marché comportait dix versements annuels de \$300 chacun; mais, lors du dernier versement, on n'avait reçu que treize volumes. La guerre a interrompu la publication de l'ouvrage, mais le directeur des Archives est persuadé que les éditeurs rempliront leurs engagements.

La bibliothèque du Parlement a également acheté cette publication aux mêmes conditions.

### MINISTÈRE DES DOUANES ET DE L'ACCISE

#### Envoi à l'Auditeur général des chèques émis par le chef du service de répression

J'ai demandé au ministère de m'envoyer, à titre de pièces justificatives des paiements, tous les chèques acquittés qui ont été faits par le chef du service de répression en déboursé des avances consenties par le ministère, et dont le montant s'est élevé à la somme de \$457,180 durant l'année financière 1925-1926. Le ministère s'est rendu à ma requête.

---

**MINISTÈRE DES DOUANES ET DE L'ACCISE—Suite****Requête de "The Goodyear Tire and Rubber Company"**

La société "The Goodyear Tire and Rubber Company" ayant demandé le remboursement de \$31,266.67 de droits de douanes acquittés pour diverses matières premières importées pour servir à la fabrication d'articles d'exportation, j'ai demandé certains renseignements afin de me rendre compte de la proportion de matières premières employées dans la fabrication des articles exportés. On m'a répondu que, pour obtenir ces renseignements, il faudrait examiner les livres et les dossiers de la compagnie à Toronto. Je me propose de le faire durant la présente année financière.

---

**Remboursement autorisé par le Gouverneur général**

A la demande du secrétaire d'Etat, le Gouverneur a autorisé le remboursement d'une somme de \$100, partie d'une amende imposée en vertu de la loi de l'accise.

J'ai demandé au ministère de m'expliquer pourquoi le Gouverneur en son conseil n'a pas accordé cette autorisation en vertu des stipulations de la loi du revenu consolidé et de la vérification ou du code criminel. Il m'a été répondu que le ministère de la Justice a exprimé l'avis que les instructions du Gouverneur général lui donnent le pouvoir de remettre les amendes ou confiscations payables à Sa Majesté. Le sous-ministre de la Justice ajoutait "qu'il ne semble pas y avoir de limite et que, par conséquent, je crois que le Gouverneur a le droit de remettre même les amendes et les sentences imposées en vertu de lois spéciales. Cette prérogative du Gouverneur général ne peut être abolie que par une loi particulière et je ne sache pas que cela ait été fait".

En conséquence, je ne me suis plus opposé au versement ainsi autorisé.

---

**Timbres d'accise**

Il a été fait au cours de l'année un examen des livres de la perception des revenus à Montréal, Toronto et Prescott. Dans l'ensemble, cet examen a donné des résultats satisfaisants. J'ai signalé au ministère la coutume suivie, en particulier à Montréal, relativement à la vente des timbres d'accise. Au début, on permit à certains fonctionnaires de l'Etat et à des banques de vendre ces timbres, en leur accordant une commission de un p. 100; mais, plus tard, on leur adjoignit des vendeurs spéciaux, qui touchaient une commission de deux p. 100. L'examen a démontré que, dès la nomination de ces vendeurs, les banques ont vendu beaucoup moins de timbres.

Du 1er janvier au 31 juillet 1924, les banques ont vendu pour \$830,308 de timbres d'accise et, pendant la même période de 1925, pour \$496,763, soit une diminution de \$333,545. Pendant cette dernière période, les vendeurs spéciaux, nommés depuis peu, ont vendu pour \$393,400 de timbres.

Il semble évident que les banques ont acheté leurs timbres surtout des vendeurs plutôt que du ministère même, ce qui entraînait une perte de un p. 100 pour le gouvernement. En vertu d'un décret du conseil, on accorde maintenant une commission de deux p. 100 aussi bien aux banques qu'aux vendeurs.

---

**MINISTÈRE DES DOUANES ET DE L'ACCISE—Fin****Classification des recettes**

J'ai fait remarquer au ministère des Douanes et de l'Accise qu'il résulte, de la méthode employée à l'égard des recettes provenant des entrées à vue, une classification défectueuse de ces recettes.

Avant de retirer de la douane un article de cette catégorie, l'importateur dépose une somme suffisante pour payer les droits imposés sur cet article laquelle est créditée au compte des droits de douanes. Plus tard, quand l'entrée est mise au point, la somme exacte de droits de douanes et d'accise due est indiquée définitivement. On rembourse tout paiement en trop et ce remboursement est imputé sur les droits de douanes. Il s'ensuit que le compte des droits de douanes est crédité d'une somme trop considérable et le compte des droits d'accise, d'un montant trop minime.

Le sous-ministre intérimaire m'a répondu que, six mois étant accordés pour terminer la transaction, il y a chevauchement d'une année sur l'autre. Cependant, le ministère a consenti à mettre au point, tous les mois, l'état de ces recettes et à donner à mon bureau tous les détails nécessaires, y compris l'état de ces recettes imputables, respectivement, sur l'année précédente ou sur l'année courante.

---

**Relèvement du traitement de fonctionnaires de la division des taxes d'accise**

J'ai signalé au commissaire des impôts l'augmentation du traitement de certains employés de la division des taxes d'accise, rappelant que, conformément à l'article 23 de la loi des taxes d'accise, il aurait dû faire approuver ces relèvements par le Gouverneur en son conseil. Je n'ai pas reçu les documents relatifs à cette approbation; mais les fonctionnaires en question touchent ces traitements ainsi augmentés.

---

**MINISTÈRE DES AFFAIRES EXTÉRIEURES****Entretien de l'automobile du Commissaire général à Paris (France)**

L'honorable Philippe Roy, Commissaire général à Paris (France), reçoit, à même le crédit des traitements et dépenses contingentes, une allocation annuelle de \$3,000 pour l'entretien de son automobile. Les versements se font en vertu d'une note signée par sir Robert Borden en 1919. Cette note stipulant que l'allocation devait être inscrite au budget des dépenses, j'ai conseillé de se conformer à cette condition non remplie et, en attendant l'intervention du Parlement, que le ministère obtienne l'autorisation du Gouverneur en son conseil. Il n'a pas été reçu de décret du conseil.

---

**Bureau du Haut Commissaire à Londres—Paiement de gratifications**

Le secrétaire du Haut Commissariat à Londres (Angleterre) a versé, à même ses crédits de menues dépenses, 45.5.0 livres à titre de gratifications de Noël, dont 30 livres ont été distribuées parmi les employés. J'ai attiré l'attention sur ce déboursé inusité, mais n'ai pas reçu d'explication.

---

## **MINISTÈRE DE L'IMMIGRATION ET DE LA COLONISATION**

### **Exposition de l'Empire britannique—Mode des versements**

Avant la réouverture de l'exposition de l'Empire britannique au printemps de 1925, j'ai écrit au ministère pour lui conseiller certaines modifications dans la façon d'effectuer les paiements et de préparer l'état des dépenses. Il a accepté ces avis et les a communiqués à M. Tolmie, commissaire des expositions.

---

### **Exposition de l'Empire Britannique—Vérification**

J'ai reçu du ministère de l'Immigration et de la Colonisation les livres de comptabilité, les livrets de banque ou de chèques et d'autres documents relatifs aux comptes de l'exposition de l'Empire britannique, à la fermeture définitive, à l'automne de 1925. J'ai aussi reçu un inventaire du matériel et des articles exposés qu'avaient achetés le ministère, ainsi qu'un état de l'emploi qu'il en a fait. Mon personnel examine ces livres et ces documents.

---

### **Octroi à la société britannique d'immigration et de colonisation**

Le ministère de l'Immigration et de la Colonisation a accordé, en vertu d'un décret du conseil un octroi de \$1,500 à cette société, considérant que cet octroi relevait des dispositions de la loi d'établissement impérial.

J'ai noté qu'à mon sens, il devait être pourvu expressément à ces octrois dans la loi des subsides et le ministère m'a répondu qu'à l'avenir on agira en conséquence.

---

### **Formule des certificats paraissant sur les pièces justificatives**

J'ai signalé au ministère le manque d'uniformité et de conformité à la loi des certificats paraissant sur les pièces justificatives des comptes dont on demande le paiement.

---

### **Paievements en trop**

J'ai attiré l'attention du ministère sur l'addition d'un certain nombre de notes de crédit à un compte dont on demandait le paiement au lieu de les en déduire. Le paiement en trop, soit \$249.40, a depuis été recouvré et crédité au revenu casuel de 1926-1927.

---

## **DÉPARTEMENT DES AFFAIRES INDIENNES**

### **Avance de frais de voyage**

Je n'ai pas reçu les pièces justificatives détaillées de l'avance de \$300 versée à M. R.-S. Woods, venu à Ottawa à titre de délégué des sauvages Kincolith pour exposer certaines revendications au département. Mais le sous-ministre m'a dit qu'il a écrit à M. Woods pour obtenir immédiatement ces pièces nécessaires.

---

---

**DÉPARTEMENT DES AFFAIRES INDIENNES—Fin****Autorisation des allocations de commisération**

Une allocation de commisération de \$420 ayant été versée, en vertu d'un arrêté ministériel, à la veuve d'un instituteur de l'école indienne de Chilliwack, décédé alors qu'il était au service de l'Etat, j'ai fait remarquer qu'aucun crédit du ministère n'était applicable à cette fin. Le sous-ministre m'a répondu que, à l'avis du département, un décret du conseil constitue une autorisation suffisante; mais, dorénavant, il fera adopter un crédit particulier quand un déboursé semblable sera autorisé.

---

**Manque d'uniformité du mode d'achat des terres**

J'ai signalé au ministère que, dans certains cas, des terres sont achetées avec la seule autorisation du surintendant, tandis que d'autres départements, y compris le ministère de la Justice, ont coutume de demander l'autorisation du Gouverneur en son conseil et font les paiements au moyen de chèques émis à l'ordre conjoint du propriétaire et du représentant du ministère de la Justice, ce qui empêche de payer la terre avant d'avoir obtenu un titre approprié.

---

**Appointements des inspecteurs des travaux de construction des Affaires indiennes**

Conformément à la classification des fonctionnaires de l'Etat établie par la commission du service civil, un inspecteur des chantiers de construction touche de \$1,320 à \$1,740 par année, ou, s'il est rémunéré à la journée, \$7 par jour. J'ai demandé à la commission si le traitement d'un inspecteur se trouvant dans ce dernier cas pouvait dépasser le chiffre déterminé par la classification; par exemple, si un inspecteur employé à la journée pendant un mois de 25 jours ouvrables, pouvait recevoir \$175 ou seulement un maximum de \$145. La commission n'a pas répondu.

---

**Autorisation des octrois**

A propos d'une gratification de \$12,000 versée, avec l'approbation du surintendant général, pour aider à la reconstruction d'un pensionnat détruit par l'incendie, j'ai fait remarquer au département que les octrois de ce genre doivent être autorisés expressément dans le bill des subsides, ou, s'il y a urgence, par le Gouverneur en son conseil.

---

**MINISTÈRE DU TRAVAIL****Loi des enquêtes sur les monopoles—Dépassement des crédits**

Le ministère a demandé d'imputer sur le crédit de 1925-1926 applicable à la loi des enquêtes sur les monopoles un excédent de dépenses de \$454.75 de manière que cet excédent ne paraisse pas dans les comptes des crédits de 1924-1925, mais, à la suite de lettres échangées avec le ministère, cette demande a été retirée.

---

## MINISTÈRE DU TRAVAIL—Fin

### Païement en 1926-1927 de dépenses engagées en 1925-1926

Le département de l'imprimerie publique et de la papeterie a présenté un compte de \$4,812.68 relatif à des fonctions remplies en mars 1926. On a imputé \$1,460.91 de ce compte sur le crédit voté relativement à la loi des enquêtes en matière de différends industriels en 1925-26, le solde de \$3,351.77 étant imputé sur le crédit de l'année financière 1926-1927. Si ce solde avait été imputé sur le crédit de 1925-1926, ce crédit aurait été dépassé exactement de cette somme.

## MINISTÈRE DE LA MARINE ET DES PÊCHERIES

### Emploi d'un commis temporaire sans l'autorisation de la commission du service civil

J'ai appelé à plusieurs reprises, cette année et l'an dernier, l'attention sur le maintien des fonctions d'un commis temporaire, Kendall Turner, messenger de la division de T.S.F., engagé sans le certificat requis de la commission du service civil.

Je n'ai pas reçu d'explication satisfaisante de cette négligence de la loi.

### "Prince Rupert Dry Dock and Engineering Co."—Somme déposée à un compte fiduciaire

Par suite de l'accord intervenu relativement aux comptes dus par la "Prince Rupert Dry Dock and Engineering Company" pour les vapeurs *Canadian Scottish* et *Canadian British* de la Marine marchande construits à Prince-Rupert durant la dernière guerre, la société de garantie a effectué le remboursement de \$161,264.25, cette compagnie ayant fait faillite. Une partie de cette somme, soit \$121,264.25, a été déposée au crédit du Receveur général et paraît à la page O-67, Vol. II du présent rapport. Le solde de \$40,000 a été déposé, m'a-t-on dit, au crédit de M. A.-R. Tibbits, du ministère de la Marine et des Pêcheries et de M. W.-E. Hodges, administrateur de la société de construction navale, à même lequel seront acquittés la rémunération de l'administrateur et d'autres comptes dont celui-ci est tenu personnellement responsable.

L'article 35 de la loi du revenu consolidé et de la vérification stipulant que tous les deniers de l'Etat, venant de quelque source que ce soit, doivent être déposés au crédit du Receveur général, j'ai demandé au ministère de m'indiquer ce qui l'autorisait à créer un tel fonds fiduciaire.

Le ministère a répondu que les sommes reçues à titre de garanties ne sont pas considérées comme des deniers publics. Je ne partage pas cet avis.

### Déficit dans la perception des droits d'inspection des vapeurs

J'ai signalé au ministère à diverses reprises une insuffisance de \$150 dans la perception des droits d'inspection de trois navires, à Vancouver; mais je n'ai pas appris que cette somme a été perçue.

**MINISTÈRE DE LA MARINE ET DES PÊCHERIES—Fin****Droit de quayage au Sault-S.-Marie**

Le gardien du quai de Sault-S.-Marie, bien qu'il envoie au ministère un état mensuel des recettes et des dépenses, ne dépose les sommes perçues qu'à la fin de la saison de navigation. Le ministère a approuvé cette manière d'agir, considérant qu'elle répond parfaitement aux besoins de ce port, bien qu'une décision du conseil du Trésor oblige tous les percepteurs, si leurs recettes s'élèvent à \$25, à les déposer tous les jours; sinon, dès qu'il ont perçu cette somme.

---

**MINISTÈRE DE LA DÉFENSE NATIONALE****Copies des marchés**

Le ministère ne m'a pas envoyé de copies des marchés relatifs aux versements faits à divers fournisseurs, étant d'avis que je serais renseigné avec plus d'exactitude en examinant les dossiers du ministère, ce qui a été fait. J'ai consenti à ne pas exiger à l'avenir de copies de marchés relatifs à des achats modiques, mais à demander des copies signées de tous les contrats comportant un déboursé de \$5,000 ou plus.

---

**Frais des cadets du collège militaire royal**

Le ministère ayant demandé un mandat pour débiter le compte des revenus du collège militaire royal et créditer le compte des crédits accordés au collège par le Parlement d'une somme de \$32,968.12, "reçue des cadets pour les fournitures de la présente année académique", j'ai fait remarquer qu'autrefois, ces recettes étaient créditées au compte du revenu.

Par le passé, on avait coutume de porter au crédit du compte du revenu du collège militaire royal, non seulement les frais annuels d'instruction s'élevant à \$100, mais aussi le dépôt de \$250 en garantie du coût de l'équipement et le dépôt annuel de \$200 relatif aux fournitures. Le prix d'achat de tous les équipements et des fournitures était inclus dans les dépenses faites à même le crédit voté pour le collège militaire royal.

Il en résultait une augmentation considérable du chiffre des revenus et des dépenses.

Afin de rectifier cette manière d'agir, j'ai fait examiner les méthodes de comptabilité du collège et, après avoir débattu la question avec le ministère, j'ai pris des mesures pour créer un fonds fiduciaire qui sera crédité des avances en rapport avec l'équipement et les fournitures.

Tous les achats de fournitures destinées à être revendues aux cadets sont encore imputés sur le crédit du collège. A la fin de chaque mois, on publie un état indiquant la valeur des fournitures livrées aux cadets. Cette somme est ensuite portée au débit du compte fiduciaire et au crédit du compte des dépenses du collège autorisées par le Parlement.

---

**DÉPARTEMENT DE L'IMPRIMERIE PUBLIQUE ET DE LA PAPETERIE****Somme due par les ministères à l'imprimeur du Roi, le 31 mars 1926**

J'ai signalé au département que la somme de \$243,419.89, due par les divers ministères à la fin de l'année financière 1925-1926, accusait une augmentation de \$162,045.95 sur les sommes dues l'année précédente. Le département a expliqué qu'il est difficile d'arrêter les comptes à fin mars et d'en effectuer la mise au point, les règlements ne permettant pas d'émettre de chèques après le 31 mars, et les comptes de ce mois ne pouvant être envoyés avant le mois d'avril.

---

**Erreur d'imputation des frais du service de nettoyage**

J'ai signalé au département que les salaires des préposés au nettoyage s'élevant à \$15,557.50, imputés sur le compte d'avances de l'imprimeur du Roi, auraient dû l'être sur le crédit 144 du ministère des Travaux publics intitulé "Service de nettoyage des départements en général". Je n'ai pas reçu de réponse.

---

**Achat d'un divan**

J'ai fait remarquer que l'achat du divan du reposoir du département aurait dû être fait par l'entremise du ministère des Travaux publics. L'imprimeur du Roi m'a répondu qu'à l'avenir tous les articles d'ameublement seront achetés de cette façon.

---

**Enlèvement du papier de rebut des édifices de l'État à Ottawa**

Un décret du conseil ayant annulé un contrat relatif à l'enlèvement du papier de rebut des bureaux de l'État et l'ayant remplacé par un nouveau qui entraînerait une diminution du revenu, j'ai demandé si la société de garantie compenserait ce déficit. Plus tard un autre décret du conseil a modifié ce marché de façon qu'aucune perte ne se produise.

---

**MINISTÈRE DES TRAVAUX PUBLICS****Avances aux surintendants des succursales de la ferme expérimentale—  
Ministère de l'Agriculture**

J'ai signalé au ministère des Travaux publics la coutume de consentir des avances aux surintendants des succursales de la ferme expérimentale, ces fonctionnaires recevant déjà des avances du ministère de l'Agriculture.

A ma demande, les deux ministères ont convenu que la somme requise sera avancée au département de l'Agriculture qui rendra compte de la disposition de ces avances.

---

**MINISTÈRE DES TRAVAUX PUBLICS—Suite****Paiement en trop à un architecte de Québec**

J'ai signalé plus d'une fois au ministère un paiement en trop de \$49.85 à un architecte employé à la construction de l'édifice de l'immigration au bassin Louise à Québec, durant l'année financière 1924-1925; mais le ministère n'a pas répondu à mes lettres et, à ma connaissance, cette somme n'a pas été recouvrée.

---

**Cale-sèche Champlain de Lauzon**

Les pièces justificatives que j'ai reçues indiquent qu'on aurait dû percevoir \$32,435.25 de redevances d'un vapeur ayant subi des réparations à la cale-sèche Champlain de Lauzon (P.Q.), du 14 août au 1er octobre. Comme il n'avait été rendu compte que d'une somme de \$16,842.75, j'ai demandé des explications au ministère. Il a répondu que, bien que le navire ait été 48 jours à la cale-sèche comme il appert par la facture, les droits n'ont été perçus que pour 19 jours, les réparations ayant été terminées le 31 août et le vapeur ayant obtenu la permission de rester dans la cale-sèche, libre à cette époque, en attendant l'arrivée d'un gouvernail acheté en Angleterre. En même temps, le bassin ayant été vidé pendant l'époque où les redevances n'ont pas été perçues, le ministère a pu faire des réparations nécessaires aux valves de la porte du caisson flottant.

---

**Perception des droits de cale-sèche**

Le ministère, prié d'expliquer pourquoi les règlements relatifs à la perception du loyer des cales-sèches ne sont pas observés, a répondu que certains de ces règlements ne sont pas pratiques. J'ai conseillé la modification de ces règlements et le ministère m'a répliqué qu'il s'en occupait.

---

**Revenu de l'ancienne cale-sèche d'Esquimault**

Les pièces justificatives qui m'ont été envoyées démontrent qu'on n'a perçu de redevances que pour une journée de trois vapeurs ayant subi des réparations dans la cale-sèche d'Esquimault à diverses époques, bien qu'ils y aient demeuré plus longtemps. Le sous-ministre a expliqué que la marée a retardé ces navires après les réparations.

---

**Dragage à l'Archevêque (N.-E.)**

Le décret du conseil N° 1799, en date du 7 octobre 1925, a annulé l'article du contrat qui obligeait à fournir des valeurs en garantie de l'exécution du marché.

J'ai fait remarquer que la loi rendait obligatoire le dépôt de valeurs suffisantes, ce que ne pouvait changer un décret du conseil.

---

---

**MINISTÈRE DES TRAVAUX PUBLICS—Fin****Païement d'intérêt à l'“Independent Coal Co.” pour des versements en retard de houille achetée en 1921-1922**

Je me suis opposé au versement de \$1,885.75 d'intérêt à l'“Independent Coal Co.”, ce déboursé n'étant pas autorisé expressément par un crédit. Le ministère a par la suite retiré la demande relative à ce versement.

---

**Contributions au club Halcyon**

Une contribution de \$600 versée en 1924-1925 et 1925-1926, au club Halcyon, société de fonctionnaires, pour aider à payer le loyer des salles du club, a été imputée sur le crédit du loyer des édifices de l'Etat.

J'ai fait remarquer au ministère l'erreur de cette imputation; mais le sous-ministre a répondu que, la société faisant partie des services de l'Etat et remplissant certaines fonctions nécessaires, il est d'avis que l'imputation était exacte. Je n'ai pas soulevé de nouvelles objections.

---

**Contrat non exécuté dans les délais spécifiés**

Ayant signalé au ministère que la construction de deux chalands d'acier n'a pas été terminée dans le délai déterminé par le marché, il m'a été répondu qu'on n'a pas eu besoin de ces chalands avant la date où ils ont été livrés et que l'autorisation nécessaire à la prolongation du délai a été obtenue.

---

**Transferts des dépassements de crédits**

Correspondance à la page V-185 du rapport de 1924-1925.

Remarque.—Bien que je n'aie pas reçu de réponse, le ministère a évité cette erreur en 1925-1926.

---

**Excédents des avances de frais de voyage**

J'ai exprimé l'avis qu'on devrait abandonner la coutume de reporter à l'année financière subséquente les soldes non dépensés d'avances de frais de voyage.

Bien que le ministère n'ait pas répondu à cette lettre, il semble qu'on ait pris des mesures pour que tout excédent d'avances soit remboursé avant la fin de l'année financière.

---

**MINISTÈRE DES CHEMINS DE FER ET CANAUX****Défalcation du percepteur du canal Rideau**

Un examen des recettes du canal Rideau a révélé un déficit de \$394.25 dans la perception des redevances dues en vertu des baux actuels. J'ai été prévenu que le coupable a été congédié et que, comme il était sans ressources, on a cru inutile d'encourir les frais d'une action judiciaire pour recouvrer cette somme.

---

**MINISTÈRE DES CHEMINS DE FER ET CANAUX—Fin****Païement intégral du traitement d'un fonctionnaire qui reçoit une pension en vertu de la loi des accidents du travail**

Il a été signalé au ministère le versement intégral du traitement d'un employé du canal de la Trent, en plus d'une pension de \$27 par mois qui lui a été accordée en vertu de la loi des accidents du travail pour des blessures subies dans l'accomplissement de ses fonctions.

Il me semblait qu'en vertu des règlements du service civil, on aurait dû déduire cette somme de son traitement; mais, m'étant renseigné au ministère de la Justice, j'ai appris que le règlement en question ne s'appliquait pas dans ce cas.

**Régularité du remboursement des frais judiciaires du surveillant du canal de Soulanges**

En vertu d'un décret du conseil, le ministère des Chemins de fer et Canaux a versé une somme de \$1,250 au surveillant du canal de Soulanges pour l'indemniser des frais encourus à cause de l'enquête relative aux accusations portées contre lui et à la suite de laquelle il a été exonéré de tout blâme.

N'étant pas convaincu qu'un arrêté ministériel constitue une autorisation suffisante pour un déboursé de cette nature, auquel il n'a pas été pourvu par un crédit particulier, j'ai demandé l'avis du sous-ministre de la Justice qui a répondu qu'à son avis, il n'était pas besoin d'un crédit spécial dans ces circonstances.

**Crédit 129, Levés et inspections, Chemins de fer**

J'ai fait remarquer au ministère que certaines dépenses, imputées sur ce crédit, ne me semblaient pas se rapporter aux levés et inspections. Le sous-ministre m'a répondu que le ministère étudie ce point en vue de modifier le titre des futurs budgets des dépenses.

**· MINISTÈRE DU COMMERCE****Exposition du Canada en France**

Le compte-rendu de l'avance mentionnée à la page ZZ-34 de mon rapport de 1923-1924 est maintenant complété et les pièces justificatives des déboursés faits à même cette avance ont été fournies.

**Fonds fiduciaire d'assurance en garantie des pertes de grain**

Par un décret du conseil (C.P. 314/422) en date du 23 mars 1926, il a été pourvu à la création d'un fonds fiduciaire, à même les profits de l'exploitation des élévateurs à grain de l'Etat, pour indemniser des pertes causées par l'incendie ou l'explosion. Mais, quand j'eus fait remarquer qu'aucune loi n'autorisait la création de ce fonds, le projet a été abandonné.

**MINISTÈRE DU COMMERCE—Fin****Frais de publicité du service des renseignements commerciaux**

J'ai signalé plusieurs versements relatifs à la publicité du service des renseignements commerciaux faits sans avoir obtenu le certificat de l'imprimeur du Roi. On a répondu que, ces frais ayant été encourus par le ministre en vertu de conventions spéciales, il n'était pas nécessaire d'obtenir ce certificat. Je ne partage pas cet avis, la loi stipulant expressément que l'imprimeur du Roi doit, seul, vérifier tous les comptes de publicité.

**Recouvrement de loyer d'entreposage des grains**

L'élévateur de l'Etat à Saskatoon ayant loué une partie de l'entrepôt du grain, la compagnie locatrice, Smith-Murphy Ltd., après avoir versé le loyer de deux mois, soit \$5,833.32, a demandé d'être relevée de ses obligations, n'ayant plus besoin de l'entrepôt. Comme elle ne l'avait pas utilisé pendant le terme dont elle avait acquitté le loyer, on me demanda de rembourser la somme versée.

J'ai répondu au ministère que l'entrepôt avait été à la disposition de la compagnie pendant le terme dont elle a acquitté le loyer et que le fait qu'elle ne l'avait pas utilisé n'autorisait pas le remboursement. Après un échange de lettres, le ministère a adopté mon opinion et il a ajouté un article au budget supplémentaire des dépenses de 1925-1926 pour obtenir du Parlement l'autorisation de rembourser cette somme.

**Avances de frais judiciaires à la commission des grains**

Dans mon rapport de 1924-1925, j'ai signalé qu'on n'avait pas rendu compte à la fin de l'année d'une somme de \$600 avancée pour les frais judiciaires en rapport avec la commission royale chargée d'examiner le commerce des grains. Depuis, on a rendu compte d'un montant de \$100, et par un récent décret du conseil, le solde de \$500 a été attribué à titre de rémunération.
